Section 4. Definition

Subject to the foregoing exclusions, this Agreement shall be applicable to all employees in the regular work force of the U.S. Postal Service, as defined in Article 7, at all present and subsequently acquired installations, facilities, and operations of the Employer, wherever located.

Section 5. New Positions

A. Each newly created position shall be assigned by the Employer to the national craft unit most appropriate for such position within thirty (30) days after its creation. Before such assignment of each new position the Employer shall consult with the Union signatory to this Agreement for the purpose of assigning the new position to the national craft unit most appropriate for such position. The following criteria shall be used in making this determination:

1. existing work assignment practices;
2. manpower costs;
3. avoidance of duplication of effort and “make work” assignments;
4. effective utilization of manpower, including the Postal Service’s need to assign employees across craft lines on a temporary basis;

6. the contractual and legal obligations and requirements of the parties.

B. The Union party to this Agreement shall be notified promptly by the Employer regarding assignments made

5. to protect the property of the USPS.

B. In offices with less than 100 bargaining unit employees, supervisors are prohibited from performing bargaining unit work except as enumerated in Section 6.A. 1 through 5 above or when the duties are included in the supervisor's position description.

(The preceding Article, Article 1, shall apply to Transitional Employees)

[see Memo, page 288]

**ARTICLE 2
NON-DISCRIMINATION AND CIVIL RIGHTS**

Section 1. Statement of Principle

The Employer and the Union agree that there shall be no discrimination by the Employer or the Union against employees because of race, color, creed, religion, national origin, sex, age, or marital status.

In addition, consistent with the other provisions of this Agreement, there shall be no unlawful discrimination against handicapped employees, as prohibited by the Rehabilitation Act.

(See Memo, page 281)

Section 2. Committees

There are established at the national and APWU Regional/USPS Area levels Joint Committees on Human Rights. The committees will be composed of responsible representatives of the Union and responsible management officials. The committees may develop affirmative action proposals on all matters affecting minority groups. The committees will also be advised of the plan for site selection for facilities planned for national postal mail networks and major metropolitan areas, and review availability of adequate housing and public transportation. The committees shall meet as required at mutually agreeable times.

Section 3. Grievances

Grievances arising under this Article may be filed at Step 2 of the grievance procedure within fourteen (14) days of when the employee or the Union has first learned or may reasonably have been expected to have learned of the alleged discrimination, unless filed directly at the national level, in which case the provisions of this Agreement for

Article 3

initiating grievances at that level shall apply.

(The preceding Article, Article 2, shall apply to Transitional Employees)

ARTICLE 3 MANAGEMENT RIGHTS

The Employer shall have the exclusive right, subject to the provisions of this Agreement and consistent with applicable laws and regulations:

A. To direct employees of the Employer in the performance of official duties;

B. To hire, promote, transfer, assign, and retain employees in positions within the Postal Service and to suspend, demote, discharge, or take other disciplinary action against such employees;

C. To maintain the efficiency of the operations entrusted to it;

D. To determine the methods, means, and personnel by which such operations are to be conducted;

E. To prescribe a uniform dress to be worn by designated employees; and

F. To take whatever actions may be necessary to carry out its mission in emergency situations, i.e., an unforeseen circumstance or a combination of circumstances which calls for immediate action in a situation which is not expected to be of a recurring nature.

(The preceding Article, Article 3, shall apply to Transitional Employees)

**ARTICLE 4
TECHNOLOGICAL AND
MECHANIZATION CHANGES**

Both parties recognize the need for improvement of mail service.

Section 1. Advance Notice

The Union party to this Agreement will be informed as far in advance as practicable, but no less than 30 days in advance, of implementation of technological or mechanization changes which affect jobs including new or changed jobs in the area of wages, hours or working conditions. When major new mechanization or equipment is to be purchased and installed, the Union at the national level will be informed as far in advance as practicable, but no less than 90 days in advance.

Section 2. Labor-Management Committee

There shall be established at the national level, as a subcommittee of the national level Joint Labor-Management Committee, a Labor-Management Technological or Mechanization Changes Committee composed of an equal number of representatives of management and the APWU. The Subcommittee shall meet semiannually, or as necessary, from the conceptual stage onward, to discuss any issues concerning proposed technological and mechanization changes which may affect jobs, including new or changed jobs, which affect the wages, hours, or working conditions of the bargaining unit. For example, the Postal Service will keep the Union advised concerning any research and development programs (e.g., study on robotics) which may have an effect on the bargaining unit. In addition, the Committee shall be informed of any new jobs created by technological or mechanization changes. Where present employees are capable of being trained to perform the new or changed jobs, the Committee will discuss the training opportunities and

Article 4.3

programs which will be available. These discussions may include the availability of training opportunities for self-development beyond the new or changed jobs. Notice to said Committee shall satisfy the notice requirements of the preceding paragraph. Upon receiving notice, said Committee shall attempt to resolve any questions as to the impact of the proposed change upon affected employees and if such questions are not resolved within a reasonable time after such change or changes are operational, the unresolved questions may be submitted by the Union to arbitration under the grievance-arbitration procedure. Any arbitration arising under this Article will be given priority in scheduling.

Section 3. New Jobs

Any new job or jobs created by technological or mechanization changes shall be offered to present employees capable of being trained to perform the new or changed job and the Employer will provide such training. During training, the employee will maintain his/her rate. It is understood that the training herein referred to is on the job and not to exceed sixty (60) days. Certain specialized technical jobs may require additional and off-site training.

An employee whose job is eliminated, if any, and who cannot be placed in a job of equal grade shall receive saved grade until such time as that employee fails to bid or apply for a position in the employee's former wage level.

The obligation hereinabove set forth shall not be construed to, in any way, abridge the right of the Employer to make such changes.

**ARTICLE 5
PROHIBITION OF UNILATERAL ACTION**

The Employer will not take any actions affecting wages, hours and other terms and conditions of employment as defined in Section 8(d) of the National Labor Relations Act which violate the terms of this Agreement or are otherwise inconsistent with its obligations under law.

(The preceding Article, Article 5, shall apply to Transitional Employees)

**ARTICLE 6
NO LAYOFFS OR REDUCTION IN FORCE**

(1) Each employee who is employed in the regular work force as of the date of the Award of Arbitrator James J. Healy, September 15, 1978, shall be protected henceforth against any involuntary layoff or force reduction.

It is the intent of this provision to provide security to each such employee during his or her work lifetime.

Members of the regular work force, as defined in Article 7 of the Agreement, include full-time regulars, part-time employees assigned to regular schedules and part-time employees assigned to flexible schedules.

(2) Employees who become members of the regular work force after the date of this Award, September 15, 1978, shall be provided the same protection afforded under (1) above on completion of six years of continuous service and having worked in at least 20 pay periods during each of the six years.

(3) With respect to employees hired into the regular work force after the date of this Award and who have not acquired the protection provided under (2) above, the Employer shall

Article 6.A.

have the right to effect layoffs for lack of work or for other legitimate reasons. This right may be exercised in lieu of reassigning employees under the provisions of Article 12, except as such right may be modified by agreement. Should the exercise of the Employer's right to lay off employees require the application of the provisions of Chapter 35 of Title 5, United States Code, employees covered by that Chapter with less than three years of continuous civilian federal service will be treated as "career conditional" employees.

The Employer's right as established in this Section shall be effective July 20, 1979.

The following terms as to the employees' and Employer's rights and the rules and procedures to be followed in the implementation of Article 6 are a part of the September 15, 1978 Final Resolution and shall be final and binding upon the parties:

[see Memo, page 286]

A. Coverage

1. Employees protected against any involuntary layoff or force reduction. Those employees who occupy full-time, part-time regular or part-time flexible positions in the regular work force (as defined in Article 7) on September 15, 1978, are protected against layoff and reduction in force during any period of employment in the regular work force with the United States Postal Service or successor organization in his or her lifetime. Such employees are referred to as "protected employees."

Other employees achieve protected status under the provisions of A.3 below.

Article 6.A.3.a.2

2. Employees subject to involuntary layoff or force reduction.

Except as provided in A.1 and A.3, all employees who enter the regular work force, whether, by hire, transfer, demotion, reassignment, reinstatement and reemployment on or after September 16, 1978, are subject to layoff or force reduction and are referred to as “non-protected employees.”

3. Non-protected employees achieving protected status.

- (a) A non-protected employee achieves protected status upon completion of six years of continuous service in their regular work force. The service requirement is computed from the first day of the pay period in which the employee enters the regular work force. To receive credit for the year, the employee must work at least one hour or receive a call-in guarantee in lieu of work in at least 20 of the 26 pay periods during that anniversary year.

Absence from actual duty for any of the following reasons will be considered as “work” solely for the purposes of this requirement.

- (1) To the extent required by law, court leave, time spent in military service covered by Chapter 43 of Title 38, or time spent on continuation of pay, leave without pay on OWCP rolls because of compensable injury on duty.
- (2) Time spent on paid annual leave or sick leave, as provided for in Article 10 of the Agreement.

Article 6.A.3.a.3

- (3) Leave without pay for performing Union business as provided for in Article 24 of the Agreement.

All other unpaid leave and periods of suspension or time spent in layoff or RIF status will not be considered work. Failure to meet the 20 pay period requirement in any given anniversary year means the employee must begin a new six year continuous service period to achieve protected status.

- (b) Temporary details outside of the regular work force in which the employee's position of record remains in the regular work force count toward fulfilling the 20 pay periods of work requirement per year.
- (c) If a non-protected employee leaves the regular work force for a position outside the Postal Service and remains there more than 30 calendar days, upon return the employee begins a new service period for purposes of attaining six years continuous service.
- (d) If a non-protected employee leaves the regular work force and returns within two years from a position within the Postal Service the employee will receive credit for previously completed full anniversary years, for purposes of attaining the six years continuous service.

B. Preconditions for Implementation of Layoff and Reduction in Force.

1. The affected Union(s) shall be notified at the Regional level no less than 90 days in advance of any layoff or reduction in force that an excess of

Article 6.B.4

employees exists or will exist at an installation and that a layoff and reduction in force may be necessary. The Employer will explain to the Union(s) the basis for its conclusion that legitimate business reasons require the excessing and possible separation of employees.

2. No employee shall be reassigned under this Article or laid off or reduced in force unless and until that employee has been notified at least 60 days in advance that he or she may be affected by one or the other of these actions.
3. The maximum number of excess employees within an installation shall be determined by seniority unit within each category of employees (full-time, part-time regular, part-time flexible). This number determined by the Employer will be given to the Union(s) at the time of the 90-day notice.
4. Before implementation of reassignment under this Article or, if necessary, layoff and reduction in force of excess employees within the installation, the Employer will, to the fullest extent possible, separate all casuals within the craft and minimize the amount of overtime work and part-time flexible hours in the positions or group of positions covered by the seniority unit as defined in this Agreement or as agreed to by the parties. In addition, the Employer shall solicit volunteers from among employees in the same craft within the installation to terminate their employment with the Employer. Employees who elect to terminate their employment will receive a lump sum severance payment in the amount provided by Part 435 of the Employee and Labor Relations Manual, will receive benefit coverage to the extent provided by such Manual, and, if eligible, will be given the early

Article 6.B.5

retirement benefits provided by Section 8336(d)(2) of Title 5, United States Code and the regulations implementing that statute.

5. No less than 20 days prior to effecting a layoff, the Employer will post a list of all vacancies in other seniority units and crafts at the same or lower level which exist within the installation and within the commuting area of the losing installation. Employees in an affected seniority unit may, within 10 days after the posting, request a reassignment under this Article to a posted vacancy. Qualified employees will be assigned to such vacancies on the basis of seniority. If a senior non-preference eligible employee within the seniority unit indicates no interest in available reassignment, then such employee becomes exposed to layoff. A preference eligible employee within the seniority unit shall be required to accept such a reassignment to a vacancy in the same level at the installation, or, if none exists at the installation, to a vacancy in the same level at an installation within the commuting area of the losing installation.

If the reassignment is to a different craft, the employee's seniority in the new craft shall be established in accordance with the applicable seniority provisions of the new craft.

C. Layoff and Reduction in Force

1. **Definition.** The term "layoff" as used herein refers to the separation of non-protected, non-preference eligible employees in the regular work force because of lack of work or other legitimate, non-disciplinary reasons. The term "reduction in force" as used herein refers to the separation or reduction in the grade of a non-protected

Article 6.C.5

veterans' preference eligible in the regular work force because of lack of work or other legitimate non-disciplinary reasons.

2. **Order of layoff.** If an excess of employees exists at an installation after satisfaction of the preconditions set forth in (B) above, the Employer may lay off employees within their respective seniority units as defined in the Agreement.
3. **Seniority units for purposes of layoff.** Seniority units within the categories of full-time regular, part-time regular, and part-time flexible, will consist of all non-protected persons at a given level within an established craft at an installation unless the parties agree otherwise. It is the intent to provide the broadest possible unit consistent with the equities of senior non-protected employees and with the efficient operation of the installation.
4. **Union representation.** Chief stewards and union stewards whose responsibilities bear a direct relationship to the effective and efficient representation of bargaining unit employees shall be placed at the top of the seniority unit roster in the order of their relative craft seniority for the purposes of layoff, reduction in force, and recall.
5. **Reduction in force.** If an excess of employees exists at an installation after satisfaction of the preconditions set forth in (B) above and after the layoff procedure has been applied, the Employer may implement a reduction in force as defined above. Such reduction will be conducted in accordance with statutory and regulatory requirements that prevail at the time the force reduction is effected. Should applicable law and regulations require that other non-protected, non-preference

Article 6.D

eligible employees from other seniority units be laid off prior to reduction in force, such employees will be laid off in inverse order of their craft seniority in the seniority unit.

In determining competitive levels and competitive areas applicable in a force reduction, the Employer will submit its proposal to the Union(s) at least 30 days prior to the reduction. The Union(s) will be afforded a full opportunity to make suggested revisions in the proposal. However, the Employer, having the primary responsibility for compliance with the statute and regulations, reserves the right to make the final decision with respect to competitive levels and competitive areas. In making its decision with respect to competitive levels and competitive areas the Employer shall give no greater retention security to preference eligibles than to non-preference eligibles except as may be required by law.

D. Recall Rights

1. Employees who are laid off or reduced in force shall be placed on recall lists within their seniority units and shall be entitled to remain on such lists for two years. Such employees shall keep the Employer informed of their current address. Employees on the lists shall be notified in order of craft seniority within the seniority unit of all vacant assignments in the same category and level from which they were laid off or reduced in force. Preference eligibles will be accorded no recall rights greater than non-preference eligibles except as required by law. Notice of vacant assignments shall be given by certified mail, return receipt requested, and a copy of such notice shall be furnished to the local union president. An

Article 6.E.2

employee so notified must acknowledge receipt of the notice and advise the Employer of his or her intentions within 5 days after receipt of the notice. If the employee accepts the position offered he or she must report for work within 2 weeks after receipt of notice. If the employee fails to reply to the notice within 5 days after the notice is received or delivery cannot be accomplished, the Employer shall offer the vacancy to the next employee on the list. If an employee declines the offer of a vacant assignment in his or her seniority unit or does not have a satisfactory reason for failure to reply to a notice, the employee shall be removed from the recall list.

2. An employee reassigned from a losing installation pursuant to B.5 above and who has retreat rights shall be entitled under this Article to exercise those retreat rights before a vacancy is offered to an employee on the recall list who is junior to the reassigned employee in craft seniority.

E. Protective Benefits

1. **Severance pay.** Employees who are separated because of a layoff or reduction in force shall be entitled to severance pay in accordance with Part 435 of the Employee and Labor Relations Manual.
2. **Health and Life Insurance Coverage.** Employees who are separated because of a layoff or a reduction in force shall be entitled to the health insurance and life insurance coverage and to the conversion rights provided for in the Employee and Labor Relations Manual.

Article 6.F

F. Union Representation Rights

1. The interpretation and application of the provisions of this Award shall be grievable under Article 15. Any such grievance may be introduced at the Regional level and shall be subject to priority arbitration.
2. The Employer shall provide to the affected Union a quarterly report on all reassignments, layoff and reductions in force made under this Article.
3. Preference eligibles are not deprived of whatever rights of appeal such employees may have under applicable laws and regulations. However, if an employee exercises these appeal rights, the employee thereby waives access to any procedure under this agreement beyond Step 3 of the grievance-arbitration procedure.

G. Intent

The Employer shall not lay off, reduce in force, or take any other action against a non-protected employee solely to prevent the attainment of that employee of protection status.

ARTICLE 7 EMPLOYEE CLASSIFICATIONS

Section 1. Definition and Use

A. Regular Work Force. The regular work force shall be comprised of two categories of employees which are as follows:

1. **Full-Time.** Employees in this category shall be hired pursuant to such procedures as the Employer may establish and shall be assigned to

Article 7.1.B.4

regular schedules consisting of five (5) eight (8) hour days in a service week.

2. **Part-Time.** Employees in this category shall be hired pursuant to such procedures as the Employer may establish and shall be assigned to regular schedules of less than forty (40) hours in a service week, or shall be available to work flexible hours as assigned by the Employer during the course of a service week.

B. Supplemental Work Force

1. The supplemental work force shall be comprised of casual employees. Casual employees are those who may be utilized as a limited term supplemental work force, but may not be employed in lieu of full or part-time employees. **However, in postal installations which have 200 or more man years of employment in the regular work force, clerk craft casual employees will not be considered “employed in lieu of full or part-time employees.”**
2. During the course of a service week, the Employer will make every effort to insure that qualified and available part-time flexible employees are utilized at the straight-time rate prior to assigning such work to casuals.
3. **Casual employees are prohibited from performing assignments requiring training and testing (reference Article 37.3.F.5 and Article 37.3.F.7 positions). Similar provisions also apply to the Maintenance and Motor Vehicle Craft.**
4. **Casual employees will not normally work between 0500 and 1200 in mail processing operations. The intent of this provision is not to be**

Article 7.1.B.5

circumvented locally by having casual employees scheduled immediately before (0455) or after (1205) the restricted time frames. This provision does not apply to Motor Vehicle Craft casu- als.

5. The number of casuals who may be employed within a District in any accounting period, other than accounting periods 3 and 4, shall not exceed **6%** of the total number of career employees within a District covered by this Agreement, and also shall not exceed on average **6%** of the total number of career employees covered by this Agreement during a fiscal year, exclusive of accounting periods 3 and 4. **Within the 6% District casual cap, the number of clerk craft casual employees in any postal installation which has 200 or more man years of employment in the regular work force shall not exceed 11% of the total number of career clerk craft employees in that installation, exclusive of accounting periods 3 and 4.** Disputes concerning violations of the casual cap will be addressed by the parties at the national level.
 - a. C. Remote Encoding Centers (REC) Transitional Work Force

1. The transitional work force shall be comprised of noncareer, bargaining unit employees.
2. Over the course of a pay period, the Employer will make a reasonable effort to ensure that qualified and available part-time flexible employees are utilized at straight-time rate prior to assigning such work to transitional employees working in the same work location and on the same tour.
3. Transitional employees shall be hired pursuant to such procedures as the Employer may establish. They will be hired for a term not to exceed 360 calendar days for each appointment. Such employees have no daily or weekly work hour guarantees, except as provided for in Article 8.8.D. Transitional employees will have a break in service of at least 5 days between appointments.

Article 7.2

Section 2. Employment and Work Assignments

A. Normally, work in different crafts, occupational groups or levels will not be combined into one job. However, to provide maximum full-time employment and provide necessary flexibility, management may establish full-time schedule assignments by including work within different crafts or occupational groups after the following sequential actions have been taken:

1. All available work within each separate craft by tour has been combined.
2. Work of different crafts in the same wage level by tour has been combined.

The appropriate representatives of the affected Unions will be informed in advance of the reasons for establishing the combination full-time assignments within different crafts in accordance with this Article.

B. In the event of insufficient work on any particular day or days in a full-time or part-time employee's own scheduled assignment, management may assign the employee to any available work in the same wage level for which the employee is qualified, consistent with the employee's knowledge and experience, in order to maintain the number of work hours of the employee's basic work schedule.

C. During exceptionally heavy workload periods for one occupational group, employees in an occupational group experiencing a light workload period may be assigned to work in the same wage level, commensurate with their capabilities, to the heavy workload area for such time as management determines necessary.

[See Memo, page 288]

Section 3. Employee Complements

A. The Employer shall staff all postal installations which have 200 or more man years of employment in the regular work force as of the date of this Agreement as follows:

1. **With respect to the clerk craft, no later than December 1, 2007, all part-time flexible employees in postal installations which have 200 or more man years of employment will be converted to full-time regular status. Henceforth, installations which have 200 or more man years of employment shall be staffed with all regular employees.**
2. **With respect to the motor vehicle craft, the full-time to part-time ratio shall be 90% full-time in all installations (regardless of size). However, every installation will be allowed at least two (2) part-time employees.**
3. **With respect to all other crafts, installations shall be staffed in accordance with the provisions of this agreement.**

B. The Employer shall maximize the number of full-time employees and minimize the number of part-time employees who have no fixed work schedules in all postal installations; however, nothing in this paragraph B shall detract from the USPS' ability to use the awarded full-time/part-time ratio as provided for in paragraph 3.A. above.

C. A part-time flexible employee working eight (8) hours within ten (10), on the same five (5) days each week and the same assignment over a six month period will demonstrate the need for converting the assignment to a full-time position.

Article 7.3.D

D. The total number of part-time regular employees who may be employed shall not exceed 2.5% of the total number of career employees covered by this Agreement.

[see Memos, pages 287-292]

ARTICLE 8 HOURS OF WORK

Section 1. Work Week

The work week for full-time regulars shall be forty (40) hours per week, eight (8) hours per day within ten (10) consecutive hours, provided, however, that in all offices with more than 100 full-time employees in the bargaining units the normal work week for full-time regular employees will be forty hours per week, eight hours per day within nine (9) consecutive hours. Shorter work weeks will, however, exist as needed for part-time regulars.

[see Memos, pages 292-301]

Section 2. Work Schedules

A. The employee's service week shall be a calendar week beginning at 12:01 a.m. Saturday and ending at 12 midnight the following Friday.

B. The employee's service day is the calendar day on which the majority of work is scheduled. Where the work schedule is distributed evenly over two calendar days, the service day is the calendar day on which such work schedule begins.

C. The employee's normal work week is five (5) service days, each consisting of eight (8) hours, within ten (10) consecutive hours, except as provided in Section 1 of this Article. As far as practicable the five days shall be

Article 8.4.C

consecutive days within the service week.

D. In postal installations which have 200 or more man years of employment in the regular work force, career employees in mail processing operations, transportation and vehicle maintenance facility operations will have consecutive scheduled days off, unless otherwise agreed to by the parties at the local level.

Section 3. Exceptions

The above shall not apply to part-time employees and transitional employees.

Part-time employees will be scheduled in accordance with the above rules, except they may be scheduled for less than eight (8) hours per service day and less than forty (40) hours per normal work week.

Transitional employees will be scheduled in accordance with Section 2, A and B, of this Article.

Section 4. Overtime Work

A. Overtime pay is to be paid at the rate of one and one-half (1½) times the basic hourly straight-time rate.

B. Overtime shall be paid to employees for work performed only after eight (8) hours on duty in any one service day or forty (40) hours in any one service week. Nothing in this Section shall be construed by the parties or any reviewing authority to deny the payment of overtime to employees for time worked outside of their regularly scheduled work week at the request of the Employer.

C. Penalty overtime pay is to be paid at the rate of two (2) times the basic hourly straight-time rate. Penalty overtime pay will not be paid for any hours worked in the month of December.

Article 8.4.D

D. Penalty overtime pay will be paid to full-time regular employees for any overtime work in contravention of the restrictions in Section 5.F.

E. Excluding December, part-time flexible employees will receive penalty overtime pay for all work in excess of ten (10) hours in a service day or fifty-six (56) hours in a service week.

F. Wherever two or more overtime or premium rates may appear applicable to the same hour or hours worked by an employee, there shall be no pyramiding or adding together of such overtime or premium rates and only the higher of the employee's applicable rates shall apply.

G. Overtime Work Transitional Employees

Transitional employees shall be paid overtime for work performed in excess of forty (40) work hours in any one service week. Overtime pay for transitional employees is to be paid at the rate of one and one-half (1 ½) times the basic hourly straight-time rate.

When an opportunity exists for overtime for qualified and available full-time employees, doing similar work in the work location where the employees regularly work, prior to utilizing a transitional employee in excess of eight (8) work hours in a service day, such qualified and available full-time employees on the appropriate Overtime Desired List will be selected to perform such work in order of their seniority on a rotating basis.

Section 5. Overtime Assignments

When needed, overtime work for regular full-time employees shall be scheduled among qualified employees doing similar work in the work location where the employees regularly work in accordance with the following:

Article 8.5.G

A. Two weeks prior to the start of each calendar quarter, full-time regular employees desiring to work overtime during that quarter shall place their names on an “Overtime Desired” list.

B. Lists will be established by craft, section, or tour in accordance with Article 30, Local Implementation.

C. 1. a. When during the quarter the need for overtime arises, employees with the necessary skills having listed their names will be selected in order of their seniority on a rotating basis.

b. Those absent or on leave shall be passed over.

D. If the voluntary “Overtime Desired” list does not provide sufficient qualified people, qualified full-time regular employees not on the list may be required to work overtime on a rotating basis with the first opportunity assigned to the junior employee.

E. Exceptions to C and D above if requested by the employee, may be approved by local management in exceptional cases based on equity (e.g., anniversaries, birthdays, illness, deaths).

F. Excluding December, no full-time regular employee will be required to work overtime on more than four (4) of the employee’s five (5) scheduled days in a service week or work over ten (10) hours on a regularly scheduled day, over eight (8) hours on a non-scheduled day, or over six (6) days in a service week.

G. Full-time employees not on the “Overtime Desired” list may be required to work overtime only if all available employees on the “Overtime Desired” list have worked up to twelve (12) hours in a day or sixty (60) hours in a service

Article 8.5.G.1

week. Employees on the “Overtime Desired” list:

1. may be required to work up to twelve (12) hours in a day and sixty (60) hours in a service week (subject to payment of penalty overtime pay set forth in Section 4.D for contravention of Section 5.F); and
2. excluding December, shall be limited to no more than twelve (12) hours of work in a day and no more than sixty (60) hours of work in a service week.

However, the Employer is not required to utilize employees on the “Overtime Desired” list at the penalty overtime rate if qualified employees on the “Overtime Desired” list who are not yet entitled to penalty overtime are available for the overtime assignment.

[see Memos, pages 292, 294 and 302]

H. Full-time employees on the Overtime Desired List shall be given priority scheduling for overtime work prior to casual employees doing overtime work.

[see Memo, page 290]

Section 6. Sunday Premium Payment

Each employee whose regular work schedule includes a period of service, any part of which is within the period commencing at midnight Saturday and ending at midnight Sunday, shall be paid extra compensation at the rate of 25 percent of the employee’s base hourly rate of compensation for each hour of work performed during that period of service. An employee’s regularly scheduled reporting time shall not be changed on Saturday or Sunday solely to avoid the payment of Sunday premium payment.

Section 7. Night Shift Differential

Effective for the period November 21, 2006, through **February 15, 2008**, for time worked between the hours of 6:00 p.m. and 6:00 a.m., employees shall be paid additional compensation at the applicable flat dollar amount at each pay grade and step in accordance with the attached table (Table **Five**).

Effective for the period February 16, 2008, through November 20, 2010, for time worked between the hours of 6:00 p.m. and 6:00 a.m., employees shall be paid additional compensation at the applicable flat dollar amount at each pay grade and step in accordance with the attached table (Table Six).

Section 8. Guarantees

A. An employee called in outside the employee's regular work schedule shall be guaranteed a minimum of four (4) consecutive hours of work or pay in lieu thereof where less than four (4) hours of work is available. Such guaranteed minimum shall not apply to an employee called in who continues working on into the employee's regularly scheduled shift.

B. When a full-time regular employee is called in on the employee's non-scheduled day, the employee will be guaranteed eight hours work or pay in lieu thereof.

C. The Employer will guarantee all employees at least four (4) hours work or pay on any day they are requested or scheduled to work in a post office or facility with 200 or more man years of employment per year. All employees at other post offices and facilities will be guaranteed two (2) hours work or pay when requested or scheduled to work.

[see Memo, page 288]

Article 8.8.D

D. Effective June 7, 1996, any transitional employee who is scheduled to work and who reports shall be guaranteed two (2) hours of work or pay. Such work or pay shall not be guaranteed if such employees are directed not to report ahead of the time they were scheduled to report to work.

Section 9. Wash-Up Time

Installation heads shall grant reasonable wash-up time to those employees who perform dirty work or work with toxic materials. The amount of wash-up time granted each employee shall be subject to the grievance procedure.

(The preceding paragraph, Article 8.9, shall apply to Transitional Employees.)

Effective **November 21, 2009**—the basic annual salary for each grade and step shall be increased by an amount equal to **1.2%** of the basic annual salary for the grades and steps **in effect on September 2, 2006.** (Table One)

Section 3. Upgrade

Effective February 16, 2008—all eligible employees covered by this agreement shall receive a one pay level upgrade. This upgrade will be implemented by the adoption of a new pay schedule. (Table Three)

Section 4. Cost of Living Adjustment

A. Definitions

1. “Consumer Price Index” refers to the “National Consumer Price Index for Urban Wage Earners and Clerical Workers,” published by the Bureau of Labor Statistics, United States Department of Labor (1967=100) and referred to herein as the “Index.”
2. “Consumer Price Index Base” refers to the Consumer Price Index for the month of **July 2006** and is referred to herein as the “Base Index.”

B. Effective Dates of Adjustment

Each employee covered by this Agreement shall receive cost-of-living adjustments, upward, in accordance with the

Article 9.4.C

formula in Section 4.C, below, effective on the following dates:

- the second full pay period after the release of the January **2007** Index
- the second full pay period after the release of the July **2007** Index
- the second full pay period after the release of the January **2008** Index
- the second full pay period after the release of the July **2008** Index
- the second full pay period after the release of the January **2009** Index
- the second full pay period after the release of the July **2009** Index

C. The basic salary schedules provided for in this Agreement shall be increased 1 cent per hour for each full 0.4 of a point increase in the applicable Index above the Base Index. For example, if the increase in the Index from **July 2006** to January **2007** is 1.2 points, all pay scales for employees covered by this Agreement will be increased by 3 cents per hour. In no event will a decline in the Index below the Base Index result in a decrease in the pay scales provided for in this Agreement.

D. In the event the appropriate Index is not published on

Article 9.7.B

or before the beginning of the effective payroll period, any adjustment required will be made effective at the beginning of the second payroll period after publication of the appropriate Index.

E. No adjustment, retroactive or otherwise, shall be made due to any revision which may later be made in the published figures for the Index for any month mentioned in 4.B, above.

F. If during the life of this Agreement, the BLS ceases to make available the CPI-W (1967 = 100), the parties agree to use the CPI-W (1982-84=100) at such time as BLS ceases to make available the CPI-W (1967=100). At the time of change to the CPI-W (1982-84=100), the cost-of-living formula in Section 4.C will be recalculated to provide the same cost-of-living adjustment that would have been granted under the formula using the CPI-W (1967 = 100).

Section 5. Application of Salary Rates

The Employer shall continue the current application of salary rates for the duration of this Agreement.

Section 6. Granting Step Increases

The Employer will continue the program on granting step increases for the duration of this Agreement.

The Employer shall continue funding the leave program so as to continue the current leave earning level for the duration of this Agreement.

Section 2. Leave Regulations

A. The leave regulations in Subchapter 510 of the Employee and Labor Relations Manual, insofar as such regulations establish wages, hours and working conditions of employees covered by this Agreement, shall remain in effect for the life of this Agreement.

B. Career employees will be given preference over noncareer employees when scheduling annual leave. This preference will take into consideration that scheduling is done on a tour-by-tour basis and that employee skills are a determining factor in this decision.

(The preceding paragraph, Article 10.2B, applies to Transitional Employees.)

[see Memos, pages 304-312]

Section 3. Choice of Vacation Period

A. It is agreed to establish a nationwide program for vacation planning for employees in the regular work force with emphasis upon the choice vacation period(s) or variations thereof.

B. Care shall be exercised to assure that no employee is required to forfeit any part of such employee's annual leave.

C. The parties agree that the duration of the choice vacation period(s) in all postal installations shall be

Article 10.3.D

determined pursuant to local implementation procedures.

D. Annual leave shall be granted as follows:

1. Employees who earn 13 days annual leave per year shall be granted up to ten (10) days of continuous annual leave during the choice period. The number of days of annual leave, not to exceed ten (10), shall be at the option of the employee.
2. Employees who earn 20 or 26 days annual leave per year shall be granted up to fifteen (15) days of continuous annual leave during the choice period. The number of days of annual leave, not to exceed fifteen (15), shall be at the option of the employee.
3. The subject of whether an employee may at the employee's option request two (2) selections during the choice period(s), in units of either 5 or 10 working days, the total not to exceed the ten (10) or fifteen (15) days above, may be determined pursuant to local implementation procedures.
4. The remainder of the employee's annual leave may be ranted at other times during the year, as requested by the employee.

E. The vacation period shall start on the first day of the employee's basic work week. Exceptions may be granted by agreement among the employee, the Union representative and the Employer.

F. An employee who is called for jury duty during the employee's scheduled choice vacation period or who attends a National State or Regional Convention (Assembly) during the choice vacation period is eligible for another available period provided this does not deprive any other employee of first choice for scheduled vacation.

Article 10.5

Section 4. Vacation Planning

The following general rules shall be observed in implementing the vacation planning program:

A. The Employer shall, no later than November 1, publicize on bulletin boards and by other appropriate means the beginning date of the new leave year, which shall begin with the first day of the first full pay period of the calendar year.

B. The installation head shall meet with the representatives of the Union to review local service needs as soon after January 1 as practical. The installation head shall then:

1. Determine the amount of annual leave accrued to each employee's credit including that for the current year and the amount he/she expects to take in the current year.
2. Determine a final date for submission of applications for vacation period(s) of the employee's choice during the choice vacation period(s).
3. Provide official notice to each employee of the vacation schedule approved for each employee.

[see Memo, page 302]

C. A procedure in each office for submission of applications for annual leave for periods other than the choice period may be established pursuant to the implementation procedure above.

D. All advance commitments for granting annual leave must be honored except in serious emergency situations.

Section 5. Sick Leave

The Employer agrees to continue the administration of the

Article 10.5.A

C. Employee becoming ill while on annual leave may have leave charged to sick leave upon request.

D. For periods of absence of three (3) days or less, a supervisor may accept an employee's certification as reason for an absence.

[See Memos, pages 305 and 309]

Section 6. Minimum Charge for Leave

The minimum unit charged for sick leave and annual leave for regular work force employees as defined in Article 7, Section 1A, is one hundredth of an hour (.01 hour).

Employees may utilize annual and sick leave in conjunction with leave without pay, subject to the approval of the leave in accordance with normal leave approval procedures. The Employer is not obligated to approve such leave for the last hour of the employee's scheduled workday prior to and/or the first hour of the employee's scheduled workday after a holiday.

(Additional leave provisions regarding Transitional Employees can be found in Appendix A)

[see Memos, pages 304-312]

Section 1. Probationary Period

A. The probationary period for a new employee shall be ninety (90) calendar days. The Employer shall have the right to separate from its employ any probationary employee at any time during the probationary period and these probationary employees shall not be permitted access to the grievance procedure in relation thereto. If the Employer intends to separate an employee during the probationary period for scheme failure, the employee shall be given at least seven (7) days advance notice of such intent to separate the employee. If the employee qualifies on the scheme within the notice period, the employee will not be separated for prior scheme failure.

B. The parties recognize that the failure of the Employer to discover a falsification by an employee in the employment application prior to the expiration of the probationary period shall not bar the use of such falsification as a reason for discharge.

C. When an employee completes the probationary period, seniority will be computed in accordance with this Agreement as of the initial day of full-time or part-time employment.

Article 12.2.E

D. When an employee who is separated from the Postal Service for any reason is rehired, the employee shall serve a new probationary period. If the separation was due to disability, the employee's seniority shall be established in accordance with Section 2, if applicable.

Section 2. Principles of Seniority

A. Except as specifically provided in this Article, the principles of seniority are established in the craft Articles of this Agreement.

B. An employee who left the bargaining unit on or after November 20, 1994, and returns to the same craft and installation:

1. will begin a new period of seniority if the employee returns from a position outside the Postal Service; or
2. will begin a new period of seniority if the employee returns from a non-bargaining unit position within the Postal Service, unless the employee returns within 1 year from the date the employee left the unit.

C. An employee who left the bargaining unit before July 21, 1973, and returns to the same craft shall have seniority as specified in the 1971-1973 National Agreement.

D. An employee who left the bargaining unit during the period from July 21, 1973, to November 19, 1994, and returns to the same craft has seniority as provided in the 1990-1994 National Agreement.

E. Except as provided in the Motor Vehicle craft, an employee who left the craft and/or installation and returns to the same craft and/or installation will begin a new period of

Article 12.2.F

seniority unless the employee returns within 1 year from the date the employee left the craft and/or installation.

F. The seniority for employees returning, within one year, under B.2. above shall be established after reassignment as the seniority the employee had when he/she left minus seniority credit for service outside the bargaining unit, craft and/or installation.

Section 3. Principles of Posting

A. To insure a more efficient and stable work force, an employee may be designated a successful bidder no more than five (5) times during the duration of this Agreement unless such bid:

1. is to a job in a higher wage level;
2. is due to elimination or reposting of the employee's duty assignment; or
3. enables an employee to become assigned to a station closer to the employee's place of residence.

B. Specific provisions for posting for each craft are contained in the craft posting provisions of this Agreement.

Section 4. Principles of Reassignments

A. A primary principle in effecting reassignments will be that dislocation and inconvenience to employees in the regular work force shall be kept to a minimum, consistent with the needs of the service. Reassignments will be made in accordance with this Section and the provisions of Section 5 below.

B. When a major relocation of employees is planned in major metropolitan areas or due to the implementation of

Article 12.4.D

national postal mail networks, the Employer will apply this Article in the development of the relocation and reassignment plan. At least 90 days in advance of implementation of such plan, the Employer will meet with the Union at the national level to fully advise the Union how it intends to implement the plan. If the Union believes such plan violates the National Agreement, the matter may be grieved.

Such plan shall include a meeting at the regional level in advance (as much as six months whenever possible) of the reassignments anticipated. The Employer will advise the Union based on the best estimates available at the time of the anticipated impact; the numbers of employees affected by craft; the locations to which they will be reassigned; and, in the case of a new installation, the anticipated complement by tour and craft. The Union at the Regional Level will be periodically updated by the Employer should any of the information change due to more current data being available.

C. When employees are excessed out of their installation, the Union at the **regional** level may request a comparative work hour report of the losing installation 60 days after the excessing of such employees.

If a review of the report does not substantiate that business conditions warranted the action taken, such employees shall have their retreat rights activated. If the retreat right is denied, the employees have the right to the grievance-arbitration procedure.

D. In order to minimize the impact on employees in the regular work force, the Employer agrees to separate, to the extent possible, casual employees working in the affected craft and installation prior to excessing any regular employee in that craft out of the installation. The junior full-time employee who is being excessed has the option of reverting to part-time flexible status in his/her craft, or of being reassigned to the gaining installation.

Article 12.5

Section 5. Reassignments

A. Basic Principles and Reassignments

When it is proposed to:

1. Discontinue an independent installation;
2. Consolidate an independent installation (i.e., discontinue the independent identity of an installation by making it part of another and continuing independent installation);
3. Transfer a classified station or classified branch to the jurisdiction of another installation or make an independent installation;
4. Reassign within an installation employees excess to the needs of a section of that installation;
5. Reduce the number of regular work force employees of an installation other than by attrition;
6. Centralized mail processing and/or delivery installation (Clerk Craft only);
7. Reassignment—motor vehicles;
8. Reassignment—part-time flexibles in excess of quota; such actions shall be subject to the following principles and requirements.

B. Principles and Requirements

1. Dislocation and inconvenience to full-time and part-time flexible employees shall be kept to the minimum consistent with the needs of the service.

Article 12.5.B.7

2. The Vice-President, Area Operations shall give full consideration to withholding sufficient full-time and part-time flexible positions within the area for full-time and part-time flexible employees who may be involuntarily reassigned. When positions are withheld, local management will periodically review the continuing need for withholding such positions and discuss with the union the results of such review.
3. No employee shall be allowed to displace, or “bump” another employee, properly holding a position or duty assignment.
4. The Union shall be notified in advance (as much as six (6) months whenever possible), such notification to be at the regional level, except under A.4 above, which shall be at the local level.
5. Full-time and part-time flexible employees involuntarily detailed or reassigned from one installation to another shall be given not less than 60 days advance notice, if possible, and shall receive moving, mileage, per diem and reimbursement for movement of household goods as appropriate if legally payable will be governed by the standardized Government travel regulations as set forth in Methods Handbook F- 10, “Travel.”
6. Any employee volunteering to accept reassignment to another craft or occupational group, another branch of the Postal Service, or another installation shall start a new period of seniority beginning with such assignment, except as provided herein.
7. Whenever changes in mail handling patterns are undertaken in an area including one or more postal

Article 12.5.B.8

installations with resultant successive reassignments of clerks from those installations to one or more central installations, the reassignment of clerks shall be treated as details for the first 180 days in order to prevent inequities in the seniority lists at the gaining installations. The 180 days is computed from the date of the first detail of a clerk to the central, consolidated or new installation in that specific planning program. If a tie develops in establishing the merged seniority roster at the gaining installation, it shall be broken by total continuous service in the regular work force in the same craft.

8. Whenever in this Agreement provision is made for reassignments, it is understood that any full-time or part-time flexible employee reassigned must meet the qualification requirements of the position to which reassigned.
9. Whenever the provisions of the Section establishing seniority are inconsistent with the provisions of the Craft Articles of this Agreement, the provisions of the Craft Articles shall prevail.
10. It is understood that any employee entitled hereunder to a specific placement may exercise such entitlement only if no other employee has a superior claim hereunder to the same position.
11. Surplus/excess U.S. Postal Service Employees— Surplus/excess U.S. Postal Service employees from non-mail processing and non-mail delivery installations, regional offices, the U.S. Postal Service Headquarters or from other Federal departments or agencies shall be placed at the foot of the part-time flexible roll and begin a new period of seniority effective the date of reassignment.

Article 12.5.C.1.c

Except as provided in Article 12.2, surplus/excess U.S. Postal Service employees from an APWU bargaining unit in any such facility shall begin a new period of seniority but will retain their full-time or part-time status.

C. Special Provisions on Reassignments

In addition to the general principles and requirements above specified, the following specific provisions are applicable:

1. Discontinuance of an Independent Installation

- a. When an independent installation is discontinued, all full-time and part-time flexible employees shall, to the maximum extent possible, be involuntarily reassigned to continuing postal positions in accordance with the following:
- b. Involuntary reassignment of full-time employees with their seniority for duty assignments to vacancies in the same or lower level in the same craft or occupational group in installations within 100 miles of the discontinued installation, or in more distant installations, if after consultation with the Union, it is determined that it is necessary. The Postal Service will designate such installations for the reassignment of excess full-time employees. When two or more such vacancies are simultaneously available, first choice of duty assignment shall go to the senior employee entitled by displacement from a discontinued installation to such placement.
- c. Involuntary reassignment of full-time

Article 12.5.C.1.c.(1)

employees for whom consultation did not provide for placement under C.1.b above in other crafts or occupational groups in which they meet minimum qualifications at the same or lower level with permanent seniority for duty assignments under (1) and (2) below, whichever is lesser:

- (1) One day junior to the seniority of the junior full-time employee in the same level and craft or occupation in the installation to which assigned, or
 - (2) The seniority the employee had in the craft from which reassigned.
- d. Involuntary reassignment of part-time flexible employees with seniority in any vacancy in the part-time flexible quota in the same craft or occupational group at any installation within 100 miles of the discontinued installation, or in more distant installations, if after consultation with the Union it is determined that it is necessary, the Postal Service will designate such installations for the reassignment of the part-time flexible employees.
 - e. Involuntary reassignment of part-time flexible employees for whom consultation did not provide for placement under C.1.d above in other crafts or occupational groups in which they meet minimum qualification at the same or lower level at the foot of the existing part-time flexible roster at the receiving installation and begin a new period of seniority.
 - f. Full-time employees for whom no full-time vacancies are available by the time the

Article 12.5.C.2.b

installation is discontinued shall be changed to part-time flexible employees in the same craft and placed as such, but shall for six months retain placement rights to full-time vacancies developing within that time within any installation within 100 miles of the discontinued installation, or in more distant installations, if after consultation with the Union it is necessary, U.S. Postal Service will designate such installations for the reassignment of excess full-time employees on the same basis as if they had remained full-time.

- g. Employees, full-time or part-time flexible, involuntarily reassigned as above provided shall upon the reestablishment of the discontinued installation be entitled to reassignment with full seniority to the first vacancy in the reestablished installation in the level, craft or occupational group from which reassigned.

2. Consolidation of an Independent Installation

- a. When an independent postal installation is consolidated with another postal installation, each full-time or part-time flexible employee shall be involuntarily reassigned to the continuing installation without loss of seniority in the employee's craft or occupational group.
- b. Where reassignments under 2.a, preceding, result in an excess of employees in any craft or occupational group in the continuing installation, identification and placement of excess employees shall be accomplished by

Article 12.5.C.2.c

the continuing installation in accordance with the provisions of this Agreement covering such situations.

- c. If the consolidated installation again becomes an independent installation, each full-time and part-time flexible employee whose reassignment was necessitated by the previous consolidation shall be entitled to the first vacancy in the reestablished installation in the level and craft or occupational group held at the time the installation was discontinued.

3. Transfer of a Classified Station or Classified Branch to the Jurisdiction of Another Installation or Made an Independent Installation

- a. When a classified station or classified branch is transferred to the jurisdiction of another installation or made an independent installation, all full-time employees shall at their option remain with the classified station or classified branch without loss of seniority, or remain with the installation from which the classified station or classified branch is being transferred.
- b. A realistic appraisal shall be made of the number of employees by crafts or occupations who will be needed in the station after transfer, and potential vacancies within these requirements created by the unwillingness of employees to follow the station to the new jurisdiction shall be posted for bid on an office-wide basis in the losing installation.
- c. If the postings provided in paragraph 3.b, preceding, do not result in sufficient employees

Article 12.5.C.4.c

to staff the transferred classified station or classified branch, junior employees, by craft or occupational group on an installation-wide seniority basis in the losing installation, shall be involuntarily reassigned to the classified station or classified branch and each employee thus involuntarily reassigned shall be entitled to the first vacancy in such employee's level and craft or occupational group in the installation from which transferred.

- 4. Reassignment Within an Installation of Employees Excess to the Needs of a Section**
 - a. The identification of assignments comprising for this purpose a section shall be determined locally by local negotiations. If no sections are established immediately by local negotiations, the entire installation shall comprise the section.
 - b. Full-time employees, excess to the needs of a section, starting with that employee who is junior in the same craft or occupational group and in the same level assigned in that section, shall be reassigned outside the section but within the same craft or occupational group. They shall retain their seniority and may bid on any existing vacancies for which they are eligible to bid. If they do not bid, they may be assigned in any vacant duty assignment for which there was no senior bidder in the same craft and installation. Their preference is to be considered if more than one such assignment is available.
 - c. Such reassigned full-time employee retains the right to retreat to the section from which

Article 12.5.C.4.d

withdrawn only upon the occurrence of the first residual vacancy in the salary level after employees in the section have completed bidding. Such bidding in the section is limited to employees in the same salary level as the vacancy. Failure to bid for the first available vacancy will end such retreat right. The right to retreat to the section is optional with the employee who has retreat rights with respect to a vacancy in a lower salary level. Failure to exercise the option does not terminate the retreat rights in the salary level in which the employee was reassigned away from the section. In the Clerk Craft, an employee may exercise the option to retreat to a vacancy in a lower salary level only to an assignment for which the employee would have been otherwise eligible to bid.

- d. The duty assignment vacated by the reassignment of the junior full-time employee from the section shall be posted for bid of the full-time employees in the section. If there are no bids, the junior remaining unassigned full-time employee in the section shall be assigned to the vacancy.

5. Reduction in the Number of Employees in an Installation Other Than by Attrition

- a. Reassignments within installation. When for any reason an installation must reduce the number of employees more rapidly than is possible by normal attrition, that installation:
 - (1) Shall determine by craft and occupational group the number of excess employees;

Article 12.5.C.5.a.(5)

- (2) Shall, to the extent possible, minimize the impact on regular work force employees by separation of all casuals;
- (3) Shall, to the extent possible, minimize the impact on full-time positions by reducing part-time flexible hours;
- (4) Shall identify as excess the necessary number of junior full-time employees in the salary level, craft, and occupational group affected on an installation-wide basis within the installation; make reassignments of excess full-time employees who meet the minimum qualifications for vacant assignments in other crafts in the same installation; involuntarily reassign them (except as provided for letter carriers and vehicle service employees in Section C.5.b below) in the same or lower level with seniority, whichever is the lesser of:
 - (a) One day junior to the seniority of the junior full-time employee in the same level and craft or occupational group in the installation to which assigned, or
 - (b) The seniority the employee had in the craft from which reassigned. The 5- year rule does not apply.
- (5) The employee shall be returned at the first opportunity to the craft from which reassigned.

Article 12.5.C.5.a.(6)

- (6) When returned, the employee retains seniority previously attained in the craft augmented by intervening employment in the other craft.
 - (7) The right of election by a senior employee provided in paragraph b(3), below is not available for this cross-craft reassignment within the installation.
- b. Reassignments to other installations after making reassignments within the installation:
- (1) Involuntarily reassign such excess full-time employees starting with the junior with their seniority for duty assignments to vacancies in the same or lower level in the APWU crafts in installations within 100 miles of the losing installation, or in more distant installations if after consultation with the Union it is determined that it is necessary, the Postal Service will designate such installations for the reassignment of excess full-time employees. Employees who meet the minimum qualifications will be afforded their option of available vacancies by seniority. However:
 - (a) Whenever full-time or part-time motor vehicle craft assignments are discontinued in an installation and there is an excess in a position designation and salary level, the excess shall be adjusted to the maximum extent possible by making voluntary reassignments to vacant motor vehicle craft positions in installations within 100 miles unless

Article 12.5.C.5.b.(3)

the employee applies for a vacancy in a more distant installation. Senior qualified applicants for such vacant positions shall be reassigned. When reassignment is in the same designation and salary level, the reassigned employee retains his/her seniority.

- (2) Involuntarily reassign full-time employees for whom consultation did not provide for placement under b(1) above in other crafts or occupational groups in which they meet minimum qualifications at the same or lower level with permanent seniority for duty assignments whichever is lesser of:
 - (a) one day junior to the seniority of the junior full-time employee in the same level and craft or occupational group in the installation to which assigned, or
 - (b) the seniority he/she had in the craft from which reassigned. The 5-year rule does not apply.
- (3) Any senior employee in the same craft or occupational group in the same installation may elect to be reassigned to the gaining installation and take the seniority of the senior full-time employee subject to involuntary reassignment. Such senior employees who accept reassignment to the gaining installation do not have retreat rights.

Article 12.5.C.5.b.(4)

- (4) When two or more such vacancies are simultaneously available, first choice of duty assignment shall go to the senior employee entitled by displacement from a discontinued installation to such placement.
- (5) A full-time employee shall have the option of changing to part-time flexible in the same craft or occupational group in lieu of involuntary reassignment. **In the Clerk Craft, in postal installations which have 200 or more man years of employment in the regular work force, a full-time employee shall have the option of changing to part-time regular in lieu of involuntary reassignment.**
- (6) Employees involuntarily reassigned under b(1) and (2) above, other than senior employees who elect to be reassigned in place of junior employees, shall be entitled at the time of such reassignment to file a written request to be returned to the first vacancy in the level, in the craft or occupational group in the installation from which reassigned, and such request shall be honored so long as the employee does not withdraw it or decline to accept an opportunity to return in accordance with such request.

In the Clerk Craft, an employee(s) involuntarily reassigned shall be entitled at the time of such reassignment to file a written request to return to the first vacancy in the craft and installation from which reassigned. Such request for

Article 12.5.C.6.a

retreat rights must indicate whether the employee(s) desires to retreat to the same, lower, and/or higher salary level assignment and, if so, what salary level(s). The employee(s) shall have the right to bid for vacancies within the former installation and the written request for retreat rights shall serve as a bid for all vacancies in the level from which the employee was reassigned and for all residual vacancies in other levels for which the employee has expressed a desire to retreat. The employee(s) may retreat to only those assignments for which the employee(s) would have been otherwise eligible to bid. If vacancies are available in a specified lower, higher or same salary level, the employee will be given the option. Failure to exercise retreat rights to the first available vacancy terminates such rights. Furthermore, employee(s) electing to retreat to a lower level assignment are not entitled to salary protection.

[see Memo, page 313]

6. **Centralized Mail, Processing and/or Delivery Installation (Clerk Craft Only)**
 - a. When the operations at a centralized installation or other mail processing and/or delivery installation result in an excess of full-time clerks at another installation(s), full-time clerks who are excess in a losing installation(s) by reason of the change, shall be reassigned as provided in Section C.5.b. Reassignments of clerks shall be treated as details for the first

Article 12.5.C.6.b

180 days to avoid inequities in the selection of preferred duty assignments by full-time clerks in the gaining installation.

- b. Previously established preferred duty assignments which become vacant before expiration of the detail period must be posted for bid and awarded to eligible full-time clerks then permanently assigned in the gaining installation. Excess part-time flexible clerks may be reassigned as provided for in Section C.8.
- c. All new duty assignments created in the gaining installation and all other vacant duty assignments in the centralized installation shall be posted for bid. One hundred eighty (180) days is computed from the date of the first detail of an employee. Bidding shall be open to all full-time clerks of the craft involved at the gaining installation. This includes full-time clerks assigned to the gaining installation.
- d. When the centralized installation is a new one:
 - (1) Full-time clerks who apply for reassignment from the losing installation, shall be reassigned with their seniority.
 - (2) Reassignments shall be in the order of seniority and shall not exceed the number of excess full-time clerks in the losing installation.
 - (3) The provisions of 5.a, above, apply to reassign junior full-time excess clerks, with their seniority, when there are excess full-time clerks after the

Article 12.5.C.7.c

reassignment of senior full-time clerks who apply for reassignment.

7. Reassignments - Motor Vehicle

- a. When a vehicle maintenance facility is established to replace an auxiliary garage, full-time and part-time flexible craft positions in the gaining installation are to be posted in the losing installation for applications by full-time and part-time flexible employees, respectively. Senior qualified applicants shall be reassigned without loss of seniority, but not to exceed the number of excess employees in the losing installation.
- b. When a vehicle maintenance facility is established to replace vehicle maintenance in a perimeter office, full-time and part-time flexible craft positions in the new maintenance facility shall be posted in the losing installation for applications by full-time and part-time flexible employees, respectively. Senior qualified applicants shall be reassigned without loss of seniority, but not to exceed the number of excess employees in the losing installation.
- c. When vehicle operations are changed by transfer from one installation to another, new full-time and part-time flexible craft positions shall be posted for applications in the losing installation by full-time and part-time flexible employees in the craft, respectively. Senior qualified applicants shall be reassigned without loss of seniority, but not to exceed the number of excess employees in the losing installation.

Article 12.5.C.7.d

- d. After all reassignments have been made to the gaining installation, pursuant to Subsections a, b and c, the new full-time assignments in the gaining installation shall be posted for bid.
 - e. If, after establishment of a new installation, operations result in further excess at losing installation(s), the procedures in Subsections a, b, c and d, above, apply to reassign senior applicants from the losing installation(s) to positions in the new installation.
8. **Reassignment - Part-Time Flexible Employees in Excess of Quota (Other Than Motor Vehicle)**

Where there are part-time flexible employees in excess of the part-time flexible quota for the craft for whom work is not available, part-time flexibles lowest on the part-time flexible roll equal in number to such excess may at their option be reassigned to the foot of the part-time flexible roll in the same or another craft in another installation.

- a. An excess employee reassigned to another craft in the same or another installation shall be assigned to the foot of the part-time flexible roll and begin a new period of seniority.
- b. An excess part-time flexible employee reassigned to the same craft in another installation shall be placed at the foot of the part-time flexible roll. Upon change to full-time from the top of the part-time flexible roll, the employee's seniority for preferred assignments shall include the seniority the employee had in losing installation augmented by part-time flexible service in the gaining installation.

Article 12.5.C.8.g

- c. A senior part-time flexible in the same craft or occupational group in the same installation may elect to be reassigned in another installation in the same or another craft and take the seniority, if any, of the senior excess part-time flexible being reassigned, as set forth in a and b, above.
- d. The Postal Service will designate, after consultation with the Union, vacancies at installations in which excess part-time flexibles may request to be reassigned beginning with vacancies in other crafts in the same installation; then vacancies in the same craft in other installations; and finally vacancies in other crafts in other installations making the designations to minimize relocation hardships to the extent practicable.
- e. Part-time flexibles reassigned to another craft in the same installation shall be returned to the first part-time flexible vacancy within the craft and level from which reassigned.
- f. Part-time flexibles reassigned to other installations have retreat rights to the next such vacancy according to their standing on the part-time flexible roll in the losing installation but such retreat right does not extend to part-time flexibles who elect to request reassignment in place of the junior part-time flexibles.
- g. The right to return is dependent upon a written request made at the time of reassignment from the losing installation and such request shall be honored unless it is withdrawn or an opportunity to return is declined.

Article 12.5.D

D. Part-Time Regular Employees

Part-time regular employees assigned in the craft units shall be considered to be in a separate category. All provisions of this Section apply to part-time regular employees within their own category.

Section 6. Transfers

A. Installation heads will consider requests for transfers submitted by employees from other installations.

B. Providing a written request for a voluntary transfer has been submitted, a written acknowledgment shall be given in a timely manner.

[see Memos, pages 315, 319 and 381]

ARTICLE 13 ASSIGNMENT OF ILL OR INJURED REGULAR WORKFORCE EMPLOYEES

Section 1. Introduction

A. Part-time fixed schedule employees assigned in the craft unit shall be considered to be in a separate category. All provisions of this Article apply to part-time fixed schedule employees within their own category.

B. The U.S. Postal Service and the Union recognizing their responsibility to aid and assist deserving full-time regular or part-time flexible employees who through illness or injury are unable to perform their regularly assigned duties, agree to the following provisions and conditions for reassignment to temporary or permanent light duty or other assignments. It will be the responsibility of each installation head to implement the provisions of this Agreement within the installation, after local negotiations.

Section 2. Employee's Request for Reassignment

A. Temporary Reassignment

Any full-time regular or part-time flexible employee recuperating from a serious illness or injury and temporarily unable to perform the assigned duties may voluntarily submit a written request to the installation head for temporary assignment to a light duty or other assignment. The request shall be supported by a medical statement from a licensed physician or by a written statement from a licensed chiropractor stating, when possible, the anticipated duration of the convalescence period. Such employee agrees to submit to a further examination by a Public Health Service doctor or physician designated by the installation head, if that official so requests.

B. Permanent Reassignment

1. Any ill or injured full-time regular or part-time flexible employee having a minimum of five years of postal service, or any full-time regular or part-time flexible employee who sustained injury on duty, regardless of years of service, while performing the assigned duties can submit a voluntary request for permanent reassignment to light duty or other assignment to the installation head if the employee is permanently unable to perform all or part of the assigned duties. The request shall be accompanied by a medical certificate from the United States Public Health Service or a physician designated by the installation head giving full evidence of the physical condition of the employee, the need for reassignment, and the ability of the employee to perform other duties. A certificate from the employee's personal physician will not be acceptable.

Article 13.2.B.2

2. The following procedures are the exclusive procedures for resolving a disagreement between the employee's physician and the physician designated by the USPS concerning the medical condition of an employee who has requested a permanent light duty assignment. These procedures shall not apply to cases where the employee's medical condition arose out of an occupational illness or injury. On request of the Union, a third physician will be selected from a list of five Board Certified Specialists in the medical field for the condition in question, the list to be supplied by the local Medical Society. The physician will be selected by the alternate striking of names from the list by the Union and the Employer. The Employer will supply the selected physician with all relevant facts including job description and occupational physical requirements. The decision of the third physician will be final as to the employee's medical condition and occupational limitations, if any. Any other issues relating to the employee's entitlement to a light duty assignment shall be resolved through the grievance-arbitration procedure. The costs of the services of the third physician shall be shared by the Union and the Employer.

C. Installation heads shall show the greatest consideration for full-time regular or part-time flexible employees requiring light duty or other assignments, giving each request careful attention, and reassign such employees to the extent possible in the employee's office. When a request is refused, the installation head shall notify the concerned employee in writing, stating the reasons for the inability to reassign the employee.

Section 3. Local Implementation

Due to varied size installations and conditions within installations, the following important items having a direct bearing on these reassignment procedures (establishment of light duty assignments) should be determined by local negotiations.

A. Through local negotiations, each office will establish the assignments that are to be considered light duty within each craft represented in the office. These negotiations should explore ways and means to make adjustments in normal assignments, to convert them to light duty assignments without seriously affecting the production of the assignment.

B. Light duty assignments may be established from part-time hours, to consist of 8 hours or less in a service day and 40 hours or less in a service week. The establishment of such assignment does not guarantee any hours to a part-time flexible employee.

C. Number of Light Duty Assignments. The number of assignments within each craft that may be reserved for temporary or permanent light duty assignments, consistent with good business practices, shall be determined by past experience as to the number of reassignments that can be expected during each year, and the method used in reserving these assignments to insure that no assigned full-time regular employee will be adversely affected, will be defined through local negotiations. The light duty employee's tour hours, work location and basic work week shall be those of the light duty assignment and the needs of the service, whether or not the same as for the employee's previous duty assignment.

Article 13.4

Section 4. General Policy Procedures

A. Every effort shall be made to reassign the concerned employee within the employee's present craft or occupational group, even if such assignment reduces the number of hours of work for the supplemental work force. After all efforts are exhausted in this area, consideration will be given to reassignment to another craft or occupational group within the same installation.

B. The full-time regular or part-time flexible employee must be able to meet the qualifications of the position to which the employee is reassigned on a permanent basis. On a temporary reassignment, qualifications can be modified provided excessive hours are not used in the operation.

C. The reassignment of a full-time regular or part-time flexible employee to a temporary or permanent light duty or other assignment shall not be made to the detriment of any full-time regular on a scheduled assignment or give a reassigned part-time flexible preference over other part-time flexible employees.

D. The reassignment of a full-time regular or part-time flexible employee under the provisions of this Article to an agreed-upon light duty temporary or permanent or other assignment within the office, such as type of assignment, area of assignment, hours of duty, etc., will be the decision of the installation head who will be guided by the examining physician's report, employee's ability to reach the place of employment and ability to perform the duties involved.

E. An additional full-time regular position can be authorized within the craft or occupational group to which the employee is being reassigned, if the additional position can be established out of the part-time hours being used in that operation without increasing the overall hour usage. If this cannot be accomplished, then consideration will be given to reassignment to an existing vacancy.

Article 13.4.H

F. The installation head shall review each light duty reassignment at least once each year, or at any time the installation head has reason to believe the incumbent is able to perform satisfactorily in other than the light duty assignment the employee occupies. This review is to determine the need for continuation of the employee in the light duty assignment. Such employee may be requested to submit to a medical review by the United States Public Health Service or by a physician designated by the installation head if the installation head believes such examination to be necessary.

G. The following procedures are the exclusive procedures for resolving a disagreement between the employee's physician and the physician designated by the USPS concerning the medical condition of an employee who is on a light duty assignment. These procedures shall not apply to cases where the employee's medical condition arose out of an occupational illness or injury. On request of the Union, a third physician will be selected from a list of five Board Certified Specialists in the medical field for the condition in question, the list to be supplied by the local Medical Society. The physician will be selected by the alternate striking of names from the list by the Union and the Employer. The Employer will supply the selected physician with all relevant facts including job description and occupational physical requirements. The decision of the third physician will be final as to the employee's medical condition and occupational limitations, if any. Any other issues relating to the employee's entitlement to a light duty assignment shall be resolved through the grievance-arbitration procedure. The costs of the services of the third physician shall be shared by the Union and the Employer.

H. When a full-time regular employee in a temporary light duty assignment is declared recovered on medical review, the employee shall be returned to the employee's former duty assignment, if it has not been discontinued. If such former

Article 13.4.I

regular assignment has been discontinued the employee becomes an unassigned full-time regular employee.

I. If a full-time regular employee is reassigned in another craft for permanent light duty and later is declared recovered, on medical review, the employee shall be returned to the first available full-time regular vacancy in complement in the employee's former craft. Pending return to such former craft, the employee shall be an unassigned full-time regular employee. The employee's seniority shall be restored to include service in the light duty assignment.

J. When a full-time regular employee who has been awarded a permanent light duty assignment within the employee's own craft is declared recovered, on medical review, the employee shall become an unassigned full-time regular employee.

K. When a part-time flexible on temporary light duty is declared recovered, the employee's detail to light duty shall be terminated.

L. When a part-time flexible who has been reassigned in another craft on permanent light duty is declared recovered, such assignment to light duty shall be terminated. Section 4.I, above, does not apply even though the employee has advanced to full-time regular while on light duty.

M. Management will give the local union president advance written notification when it is proposed to reassign an ill or injured light or limited duty employee to a cross-craft assignment into an APWU represented craft.

Section 5. Filling Vacancies Due to Reassignment of an Employee to Another Craft

When it is necessary to permanently reassign an ill or injured full-time regular or part-time flexible employee who is unable

Article 13.5.D

to perform the regularly assigned duties, from one craft to another craft within the office, the following procedures will be followed:

A. When the reassigned employee is a full-time regular employee, the resulting full-time regular vacancy in the complement, not necessarily in the particular duty assignment of the losing craft from which the employee is being reassigned, shall be posted to give the senior of the full-time regular employees in the gaining craft the opportunity to be reassigned to the vacancy, if desired.

B. If no full-time regular employee accepts the opportunity to be assigned to the vacancy in the complement, not necessarily in the particular duty assignment in the other craft, the senior of the part-time flexibles on the opposite roll who wishes to accept the vacancy shall be assigned to the full-time regular vacancy in the complement of the craft of the reassigned employee.

C. When the reassigned employee is a part-time flexible, the resulting vacancy in the losing craft shall be posted to give the senior of the full-time regular or part-time flexible employees in the gaining craft the opportunity to be assigned to the part-time flexible vacancy, if desired, to begin a new period of seniority at the foot of the part-time flexible roll.

D. The rule in A and B, above, applies when a full-time regular employee on permanent light duty is declared recovered and is returned to the employee's former craft, to give the senior of the full-time regular or part-time flexible employees in the gaining craft the opportunity, if desired, to be assigned in the resulting full-time regular vacancy in the complement, not necessarily in the particular duty assignment of the losing craft.

[see Memo, page 320]

Article 13.6

Section 6. Seniority of an Employee Assigned to Another Craft

A. Except as provided for in Section 4.I, above, a full-time regular employee assigned to another craft or occupational group in the same or lower level in the same installation shall take the seniority for preferred tours and assignments, whichever is the lesser of (a) one day junior to the junior full-time regular employee in the craft or occupational group, (b) retain the seniority the employee had in the employee's former craft.

B. A part-time flexible employee who is permanently assigned to a full-time regular or part-time flexible assignment in another craft, under the provisions of this Article, shall begin a new period of seniority. If assigned as a part-time flexible, it shall be at the foot of the part-time flexible roll.

ARTICLE 14 SAFETY AND HEALTH

Section 1. Responsibilities

It is the responsibility of management to provide safe working conditions in all present and future installations and to develop a safe working force. The Union will cooperate with and assist management to live up to this responsibility. The Employer will meet with the Union on a semiannual basis and inform the Union of its automated systems development programs. The Employer also agrees to give appropriate consideration to human factors in the design and development of automated systems. Human factors and ergonomics of new automated systems are a proper subject for discussion at the National Joint Labor-Management Safety Committee.

[see Memo, page 324]

Section 2. Cooperation

The Employer and the Union insist on the observance of safe rules and safe procedures by employees and insist on correction of unsafe conditions. Mechanization, vehicles and vehicle equipment, and the work place must be maintained in a safe and sanitary condition, including adequate occupational health and environmental conditions. The Employer shall make available at each installation the appropriate forms to be used by employees in reporting unsafe and unhealthful conditions. If an employee believes he/she is being required to work under unsafe conditions, such employees may:

(a) notify such employee's supervisor who will immediately investigate the condition and take corrective action if necessary;

(b) notify such employee's steward, if available, who may discuss the alleged unsafe condition with such employee's supervisor;

(c) file a grievance at Step 2 of the grievance procedure within fourteen (14) days of notifying such employee's supervisor if no corrective action is taken during the employee's tour, and/or

(d) make a written report to the Union representative from the local Safety and Health Committee who may discuss the report with such employee's supervisor.

Upon written request of the employee involved in an accident, a copy of the PS Form 1769 (Accident Report) will be provided.

Any grievance filed in accordance with Section 2. (c) above which is not resolved at Step 2 may only be appealed to the local Safety and Health Committee for discussion and

Article 14.3

decision or may be appealed directly to arbitration within 21 days after receipt of the Employer's Step 2 decision. Any such appeal to the Safety and Health Committee must be made within fifteen (15) days after receipt of the Employer's Step 2 decision unless the parties agree to extend the time for appeal. The committee shall meet to discuss the grievance at the next regularly scheduled Safety and Health Committee meeting. Any grievance not resolved by the committee may be appealed directly to arbitration within 21 days of the committee's review. If appealed to the regularly scheduled local Safety and Health Committee, the parties representatives shall be prepared to present the issue to the committee with their assessment and resolution.

Any grievance which has as its subject a safety or health issue directly affecting an employee(s) which is subsequently properly appealed to arbitration in accordance with the provisions of Article 15 may be placed at the head of the appropriate arbitration docket at the request of the Union.

Section 3. Implementation

To assist in the positive implementation of the various programs:

A. There shall be established at the Employer's Headquarters level a Joint Labor-Management Safety Committee and a Joint Labor-Management Ergonomics Committee. Representation on the Committees, to be specifically determined by the Employer and the Union, shall include one person from the Union and representatives from appropriate Departments in the Postal Service. Not later than 60 days following the effective date of this National Agreement, designated representatives of the Union and Management will meet for the purpose of developing a comprehensive agenda which will include all aspects of the Employer's Safety Program and Ergonomics Program. Subsequent to the development of this agenda, priorities will be established and a tentative schedule will be developed to

Article 14.3.B

insure full discussion of all topics. Meetings may also be requested by either party for the specific purpose of discussing additional topics of interest within the scope of the Committees.

The responsibility of the Safety and the Ergonomics Committees will be to evaluate and make recommendations on all aspects of the Employer's respective Safety and Ergonomics Programs, to include program adequacy, field implementation, studies for improving the work environment, training, and unsafe conditions. To support this process the Employer shall establish a fund of \$500,000 within ninety (90) days of the effective date of this Agreement. In January 2002 and 2003 the Employer will replenish the fund to its original amount. The Fund shall be supervised by the Joint National Labor-Management Safety Committee. Disbursement of the funds for any expenditures shall be authorized by the chairperson of the Committee.

The Chairman will be designated by the Employer. The Employer shall furnish the Union information relating to injuries, illness and safety, including the morbidity and mortality experience of employees. This report shall be in form of reports furnished OSHA on a quarterly basis. The Headquarters level Committee will meet quarterly and the Employer and Union Representatives will exchange proposed agenda items two weeks before the scheduled meetings. If problems or items of significant, national nature arise between scheduled quarterly meetings either party may request a special meeting of the Committee. Either party will have the right to be accompanied to any Committee meeting by technical advisors.

B. There shall be established at the Employer's Area level, an Area Joint Labor-Management Safety Committee, which will be scheduled to meet quarterly. The Employer and Union Representatives will exchange proposed agenda items two weeks before the scheduled meetings. If problems or items of a significant Area nature arise between scheduled quarterly

Article 14.3.C

meetings, either party may request a special meeting of the Committee. Either party will have the right to be accompanied to any Committee meeting by technical advisors. Representation on the Committee shall include one person from the Union and appropriate representatives from the Postal Service Area Office. The Chairman will be designated by the Employer.

C. The Employer will make Health Service available for the treatment of job related injury or illness where it determines they are needed. The Health Service will be available from any of the following sources: U.S. Public Health Service; other government or public medical sources within the area; independent or private medical facilities or services that can be contracted for; or in the event funds, spaces and personnel are available for such purposes, they may be staffed at the installation. The Employer will promulgate appropriate regulations which comply with applicable regulations of the Office of Workers' Compensation Programs, including employee choice of health services.

D. The Employer will comply with Section 19 of the Williams-Steiger Occupational Safety and Health Act.

Section 4. Local Safety Committee

At each postal installation having 50 or more employees, a Joint Labor-Management Safety and Health Committee will be established. In installations having fewer than 50 employees, installation heads are encouraged to establish similar committees when requested by the Union. Where no Safety and Health Committee exists, safety and health items may be placed on the agenda and discussed at labor-management meetings. There shall be equal representation on the Committee between the Union and management. The representation on the Committee to be specifically determined by the Employer and the Union shall include one person from the Union, except in installations with two or more APWU crafts where up to two persons may be designated by the Union, and appropriate management

Article 14.7

representatives. The Chairman will be designated by the Employer.

It is recognized that under some circumstances, the presence of an additional employee employed at the installation will be useful to the local Safety and Health Committee because of that employee's special expertise or experience with the agenda item being discussed. Under these circumstances, which will not normally be applicable to most agenda items, the employee may, at the request of the Union, be in attendance only for the time necessary to discuss that item. Payment for the actual time spent at such meetings by the employee will be at the applicable straight-time rate, providing the time spent is a part of the employee's regular workday.

Section 5. Subjects for Discussion

Individual grievances may be made the subject of discussion during local Safety and Health Committee meetings, in accordance with Article 14, Section 2.

Section 6. Employee Participation

It is the intent of this program to insure broad exposure to employees, to develop interest by active participation of employees, to insure new ideas being presented to the Committee and to make certain that employees in all areas of an installation have an opportunity to be represented. At the same time, it is recognized that for the program to be effective, it is desirable to provide for a continuity in the committee work from year to year. Therefore, except for the Chairman and Secretary, the Committee members shall serve three-year terms and shall at the discretion of the Union be eligible to succeed themselves.

Section 7. Local Committee Meetings

The Safety and Health Committee shall meet at least quarterly and at such other times as requested by a Committee member

Article 14.8

and approved by the Chairman in order to discuss significant problems or items. The meeting shall be on official time. Each Committee member shall submit agenda items to the Secretary at least three (3) days prior to the meeting. A member of the Health Unit will be invited to participate in the meeting of the Labor-Management Safety and Health Committee when agenda item(s) relate to the activities of the Health Unit.

Section 8. Local Committee Responsibilities

A. The Committee shall review the progress in accident prevention and health at the installation; determine program areas which should have increased emphasis; and it may investigate major accidents which result in disabling injuries. Items properly relating to employee safety and health shall be considered appropriate discussion items. Upon a timely request, information or records necessary for the local Safety and Health Committee to investigate real or potential safety and health issues will be made available to the Committee.

In addition, the Committee shall promote the cause of safety and health in the installation by:

1. Reviewing safety and health suggestions, safety training records and reports of unsafe conditions or practices.
2. Reviewing local safety and health rules.
3. Identifying employee unsafe work practices and assisting in enforcing safety work rules.
4. Reviewing updated list of hazardous materials used in the installation.
5. Identifying areas in which it is appropriate to require the presence of an additional person while maintenance work assignments are performed in

Article 14.8.A

hazardous areas to ensure adequate safety precautions.

Once such work assignments are identified, the committee will develop an on-the-job safety review/analysis (Form 1783) to document that an additional person will be used to avoid or minimize identified hazards.

The Committee shall at its discretion render reports to the installation head and may at its discretion make recommendations to the installation head for action on matters concerning safety and health. The installation head shall within a reasonable period of time advise the Committee that the recommended action has been taken or advise the Headquarters Safety and Health Committee and the President of the local Union as to why it has not. Any member of the Committee may also submit a written report to the Headquarters Safety and Health Committee in the event the Committee's recommendations are not implemented.

Upon proper written request to the Chairman of the Committee, on-the-spot inspection of particular troublesome areas may be made by individual Committee members or a Subcommittee or the Committee as a whole. Such request shall not be unreasonably denied. When so approved, the Committee members shall be on official time while making such inspection.

The Union representatives from the local Safety and Health Committee may participate on the annual inspection, conducted by District safety and health services personnel in the main facility of each Processing and Distribution Center, Facility and BMC, provided that the Union represents employees at the main facility of the Processing and Distribution Center, Facility or BMC being inspected. In no case shall there be more than one (1) Union representative on such inspections except in 200 man-year facilities where up to (2) union representatives may participate.

Article 14.8.B

The Union representative from the local Safety and Health Committee may participate on other inspections of the main facility of each post office, Processing and Distribution Center, Facility, BMC, or other installation with 100 or more man years of employment in the regular work force, and of an individual station or branch where the station or branch has 100 or more man years of employment in the regular work force, provided that the Union represents employees at the main facility or station or branch and provided that the Union representative is domiciled at the main facility or station or branch to be inspected. If the Union representative to the local Safety and Health Committee is not domiciled at the main facility or station or branch to be inspected and if the Union represents employees at the main facility or station or branch, at the Union's option, a representative from the Committee may participate on the inspection (at no additional cost for the Employer) or the Union may designate a representative domiciled at the main facility or station or branch to be inspected to participate on the inspection. In no case shall there be more than one (1) Union representative on such inspections.

The Union representative from the local Safety and Health Committee may participate on the annual inspection of each installation with less than 100 man years of employment in the regular work force, where such Committee exists in the installation being inspected. In those installations that do not have a Safety and Health Committee, the inspector shall afford the opportunity for an APWU bargaining unit employee from that installation to accompany him/her during these inspections.

B. An appointed member of a local committee will receive an orientation by the Employer which will include:

1. Responsibilities of the Committee and its members.
2. Basic elements of the Safety and Health Program.

Article 14.8.D.4

3. Identification of hazards and unsafe practices.
4. Explanation of reports and statistics reviewed and analyzed by the Committee.

C. Where an investigation board is appointed by a Vice-President, Area Operations or a District Manager, Customer Services to investigate a fatal or serious industrial non-criminal accident and/or injury, the Union at the installation will be advised promptly. When requested by the Union, a representative from the local Safety and Health Committee will be permitted to accompany the board in its investigation.

D. In installations where employees represented by the Union accept, handle and/or transport hazardous materials, the Employer will establish a program of promoting safety awareness through communications and/or training, as appropriate. Elements of such a program would include, but not be limited to:

1. Informational postings, pamphlets or articles in Postal and Area Bulletins.
2. Distribution of Publication 52 to employees whose duties require acceptance of and handling hazardous or perishable items.
3. On-the-job training of employees whose duties require the handling and/or transportation of hazardous or perishable items. This training will include, but is not limited to, hazard identification; proper handling of hazardous materials; personal protective equipment availability and its use; cleanup and disposal requirements for hazardous materials.
4. All mailbags containing any hazardous materials, as defined in Publication 52, will be appropriately identified so that the employee handling the mail is

Article 14.8.D.5

aware that the mailbag contains one or more hazardous material packages.

5. Personal protective equipment will be made available to employees who are exposed to spills and breakage of hazardous materials.

Section 9. Field Federal Safety and Health Councils

In those cities where Field Federal Safety and Health Councils exist, one representative of the Union who is on the Local Safety and Health Committee in an independent postal installation in that city and who serves as a member of such Councils, will be permitted to attend the meetings. Such employee will be excused from regularly assigned duties without loss of pay. Employer authorized payment as outlined above will be granted at the applicable straight time rate, provided the time spent in such meetings is a part of the employee's regular work day.

(The preceding Article, Article 14, shall apply to Transitional Employees)

ARTICLE 15 GRIEVANCE-ARBITRATION PROCEDURE

Section 1. Definition

A grievance is defined as a dispute, difference, disagreement or complaint between the parties related to wages, hours, and conditions of employment. A grievance shall include, but is not limited to, the complaint of an employee or of the Union which involves the interpretation, application of, or compliance with the provisions of this Agreement or any local Memorandum of Understanding not in conflict with this Agreement.

Article 15.2.Step 1.(c)

Section 2. Grievance Procedure Steps

Step 1:

(a) Any employee who feels aggrieved must discuss the grievance with the employee's immediate supervisor within fourteen (14) days of the date on which the employee or the Union first learned or may reasonably have been expected to have learned of its cause. The employee, if he or she so desires, may be accompanied and represented by the employee's steward or a Union representative. The Union also may initiate a grievance at Step 1 within 14 days of the date the Union first became aware of (or reasonably should have become aware of) the facts giving rise to the grievance. In such case the participation of an individual grievant is not required. A Step 1 Union grievance may involve a complaint affecting more than one employee in the office. When the Union files a class action grievance, Management will designate the appropriate employer representative responsible for handling such complaint.

(b) In any such discussion the supervisor shall have authority to settle the grievance. The steward or other Union representative likewise shall have authority to settle or withdraw the grievance in whole or in part. No resolution reached as a result of such discussion shall be a precedent for any purpose.

(c) If no resolution is reached as a result of such discussion, the supervisor shall render a decision orally stating the reasons for the decision. The supervisor's decision should be stated during the discussion, if possible, but in no event shall it be given to the Union representative (or the grievant, if no Union representative was requested) later than five (5) days thereafter unless the parties agree to extend the five (5) day period. Within five (5) days after the supervisor's decision, the supervisor shall, at the request of the Union representative, initial the standard grievance form that is

Article 15.2.Step 1.(d)

used at Step 2 confirming the date upon which the decision was rendered.

(d) The Union shall be entitled to appeal an adverse decision to Step 2 of the grievance procedure within ten (10) days after receipt of the supervisor's decision. Such appeal shall be made by completing a standard grievance form developed by agreement of the parties, which shall include appropriate space for at least the following:

1. Detailed statement of facts;
2. Contentions of the grievant;
3. Particular contractual provisions involved; and
4. Remedy sought.

Step 2:

(a) The standard grievance form appealing to Step 2 shall be filed with the installation head or designee. In any associate post office of twenty (20) or less employees, the Employer shall designate an official outside of the installation as the Step 2 official, and shall so notify the Union Step 1 representative.

(b) Any grievance initiated at Step 2, pursuant to Article 2 or 14 of this Agreement, must be filed within 14 days of the date on which the Union or the employee first learned or may reasonably have been expected to have learned of its cause.

(c) The installation head or designee will meet with the steward or a Union representative as expeditiously as possible, but no later than seven (7) days following receipt of the Step 2 appeal unless the parties agree upon a later date. In all grievances appealed from Step 1 or filed at Step 2, the grievant shall be represented in Step 2 for all purposes by a steward or a Union representative who shall have authority

Article 15.2.Step 2.(f)

to settle or withdraw the grievance as a result of discussions or compromise in this Step. The installation head or designee in Step 2 also shall have authority to grant or settle the grievance in whole or in part.

(d) At the meeting the Union representative shall make a full and detailed statement of facts relied upon, contractual provisions involved, and remedy sought. The Union representative may also furnish written statements from witnesses or other individuals. The Employer representative shall also make a full and detailed statement of facts and contractual provisions relied upon. The parties' representatives shall cooperate fully in the effort to develop all necessary facts, including the exchange of copies of all relevant papers or documents in accordance with Article 31. The parties' representatives may mutually agree to jointly interview witnesses where desirable to assure full development of all facts and contentions. In addition, in cases involving discharge either party shall have the right to present no more than two witnesses. Such right shall not preclude the parties from jointly agreeing to interview additional witnesses as provided above.

(e) Any settlement or withdrawal of a grievance in Step 2 shall be in writing or shall be noted on the standard grievance form, but shall not be a precedent for any purpose, unless the parties specifically so agree or develop an agreement to dispose of future similar or related problems.

(f) Where agreement is not reached the Employer's decision shall be furnished to the Union representative in writing, within ten (10) days after the Step 2 meeting unless the parties agree to extend the ten (10) day period. The decision shall include a full statement of the Employer's understanding of (1) all relevant facts, (2) the contractual provisions involved, and (3) the detailed reasons for denial of the grievance.

Article 15.2.Step 2.(g)

(g) If the Union representative believes that the facts or contentions set forth in the decision are incomplete or inaccurate, such representative should, within ten (10) days of receipt of the Step 2 decision, transmit to the Employer's representative a written statement setting forth corrections or additions deemed necessary by the Union. Any such statement must be included in the file as part of the grievance record in the case. The filing of such corrections or additions shall not affect the time limits for appeal to Step 3 or arbitration.

(h) The Union may appeal an adverse Step 2 decision to Step 3. Any such appeal must be made within fifteen (15) days after receipt of the Employer's decision unless the parties' representatives agree to extend the time for appeal. However, the Union may appeal an adverse Step 2 decision directly to arbitration for disciplinary grievances or contract grievances which involve the interpretation, application of, or compliance with the provisions of any local Memorandum of Understanding not in conflict with this Agreement, and those issues the parties have agreed are appealed to Expedited Arbitration. These grievances will be appealed to the appropriate Grievance/Arbitration Processing Center within thirty (30) days after the receipt of the Employer's Step 2 decision. Any appeal must include copies of (1) the standard grievance form, (2) the Employer's written Step 2 decision, and, if filed, (3) the Union corrections or additions to the Step 2 decision.

Step 3:

(a) Any appeal from an adverse decision in Step 2 shall be in writing to the appropriate management official at the Grievance/Arbitration Processing Center, with a copy to the Employer's Step 2 representative, and shall specify the reasons for the appeal.

(b) The grievant shall be represented at the Employer's Step

Article 15.2.Step 3.(c)

3 Level by a Union's Regional representative, or designee. The Step 3 meeting of the parties' representatives to discuss the grievance shall be held within fifteen (15) days after it has been appealed to Step 3. Each party's representative shall be responsible for making certain that all relevant facts and contentions have been developed and considered. The Union representative shall have authority to settle or withdraw the grievance in whole or in part. The Employer's representative likewise shall have authority to grant the grievance in whole or in part. In any case where the parties' representatives mutually conclude that relevant facts or contentions were not developed adequately in Step 2, they shall have authority to return the grievance to the Step 2 level for full development of all facts and further consideration at that level. In such event, the parties' representatives at Step 2 shall meet within seven (7) days after the grievance is returned to Step 2. Thereafter, the time limits and procedures applicable to Step 2 grievances shall apply.

(c) The Employer's written Step 3 decision on the grievance shall be provided to the Union's Step 3 representative within fifteen (15) days after the parties have met in Step 3, unless the parties agree to extend the fifteen (15) day period. Such decision shall state the reasons for the decision in detail and shall include a statement of any additional facts and contentions not previously set forth in the record of the grievance as appealed from Step 2. If either party's Step 3 representative believes that an interpretive issue under the National Agreement or some supplement thereto which may be of general application is involved in the case, the issue will be discussed with the appropriate National Union/Management Representatives at the Headquarters Level. If either party's National Representative determines the issue to be interpretive, a written notice will be sent to the other party specifying in detail the facts giving rise to the dispute, the precise interpretive issues to be decided and the initiating party's contention. The grievance(s) shall be held at the Area and/or District Level pending discussion at the

Article 15.2.Step 3.(d)

national level or the outcome of a National Arbitration award.

(d) The Union may appeal an adverse decision directly to arbitration at the appropriate Grievance/Arbitration Processing Center within twenty-one (21) days after the receipt of the Employer's Step 3 decision in accordance with the procedure hereinafter set forth.

(e) Where grievances appealed to Step 3 involve the same, or substantially similar issues or facts, one such grievance to be selected by the Union representative shall be designated the "representative" grievance. If not resolved at Step 3, the "representative" grievance may be appealed to arbitration in accordance with the above and placed at the head of the appropriate arbitration docket, or the issue will be referred to the parties' national representatives at the Headquarters level pursuant to (c) above. All other grievances which have been mutually agreed to as involving the same, or substantially similar issues or facts as those involved in the "representative" grievance shall be held at Step 3 pending resolution of the "representative" grievance, provided they were timely filed at Step 1 and properly appealed to Steps 2 and 3 in accordance with the grievance procedure.

Following resolution of the "representative" grievance, the parties involved in that grievance shall meet at Step 3 to apply the resolution to the other pending grievances involving the same, or substantially similar issues or facts. Disputes over the applicability of the resolution of the "representative" grievance shall be resolved through the grievance-arbitration procedures contained in this Article; in the event it is decided that the resolution of the "representative" grievance is not applicable to a particular grievance, the merits of that grievance shall also be considered.

(f) In order to discourage the filing of multiple local grievances involving any new or changed District or Area-

Article 15.2.Step 4.(a)

wide policy, instructions, or guidelines, the APWU Regional Coordinator or National Business Agent may file one grievance concerning such policy, instructions, or guidelines, directly at Step 3 of the grievance procedure. The grievance may be filed within fourteen (14) days of the date on which such union representative first learned or may reasonably have been expected to have learned of the implementation of such policy, instructions, or guidelines. Timely local grievances, which had already been filed concerning such policy, instructions, or guidelines, will be held at or returned to Step 2 of the grievance procedure, as applicable, pending the resolution of the grievance filed directly at Step 3. Thereafter, local grievances will be finally adjudicated in accordance with the resolution of the grievance filed directly at Step 3. If not resolved, the grievance filed directly at Step 3 may be appealed to arbitration within twenty-one (21) days and placed at the head of the appropriate arbitration docket.

Step 4:

(a) In any dispute properly initiated at this Step by the appropriate National Union/Management Representative, the parties shall meet at the National level promptly, but in no event later than thirty (30) days after initiating such dispute in an effort to define the precise issues involved, develop all necessary facts and reach agreement. The Union representative shall have authority to settle or withdraw the dispute in whole or in part. The Employer's representative shall have authority to grant or settle the dispute in whole or in part. The parties' Step 4 representatives may, by mutual agreement, return any dispute to Step 3 where (a) the parties agree that no national interpretive issue is fairly presented or (b) it appears that all relevant facts have not been developed adequately. In such event, the parties shall meet at Step 3 within fifteen (15) days after the dispute is returned to Step 3. Thereafter the procedures and time limits applicable to Step 3 grievances shall apply. Should the parties at the National level fail to reach agreement, then within fifteen (15) days of such meeting each party shall provide the other with a

Article 15.3

statement in writing of its understanding of the issues involved, and the facts giving rise to the interpretive dispute. In the event the parties have failed to reach agreement within sixty (60) days of the initiation of the dispute, the Union then may appeal it to national arbitration within thirty (30) days thereafter. Any local grievances filed on the specific interpretive issue shall be held in abeyance at the appropriate level pending resolution of the national interpretive dispute.

Section 3. Mediation

Where the local parties identify the need for either assistance in the grievance/arbitration procedure or the need to improve the labor/management relationship, the following mediation process may be invoked:

A. The local installation head and the local Union president (local parties) may jointly initiate a request for mediation where they identify such a need in a particular installation. Such joint request must be in writing and submitted to the parties' designated Area/Regional level representatives.

B. Such Area/Regional level representatives may also recommend mediation for a particular installation. However, when a recommendation for mediation is made by the Area/Regional level representatives, such recommendation must be discussed with and agreed to by the local parties before the mediation process can be invoked at the local site.

C. The mediation will be conducted jointly by the Union official designated by the President of the Union and management official designated by the Vice President/Labor Relations (USPS). The designated officials will have been trained, and/or certified in the dispute resolution process. Such designated union/management mediation representatives will be utilized to assist the local parties in an effort to resolve timely grievances, as defined in Article 15, Sections 1 and 2, as well as any identified local issues or problems.

Article 15.3.F

D. The designated union/management mediation representatives will meet at the local installation within thirty (30) days of the joint mediation request, which is described in Section 3.A or B above. At least seven (7) days prior to the on-site meeting, the local parties will jointly provide the mediation representatives with an agenda and all available relevant information. In the event the local parties cannot agree on an agenda for mediation, each party will submit their respective agendas to the mediation representatives seven (7) days prior to the on-site meeting, as well as all available relevant information.

E. The mediation will be held with the local parties to explore ways of resolving the previously submitted agenda items, as well as to seek ways of improving the labor/management climate within the installation. The mediation process, including all meetings connected with mediation, is considered to be off-the-record. However, all resolutions will be on the record, in writing and jointly signed by the local parties. Where the local parties agree, a particular mediation resolution(s) will serve as precedent for that installation, provided such resolution does not violate the National Agreement.

If the local parties are unable to reach a resolution on pending grievances of those local issues for which they have jointly requested mediation, then the mediation representatives may jointly resolve any of the above referenced issues or grievances.

F. The Employer's mediation representative will provide to the appropriate Union official a statement of position for each grievance(s) listed on the agenda, which is not resolved through mediation, within fifteen (15) days of the final mediation meeting. Within twenty-one (21) days of receipt of the statement of position, the Union may appeal such grievance(s) to District level arbitration.

Article 15.4

Section 4. Grievance Procedure - General

A. The parties expect that good faith observance, by their respective representatives, of the principles and procedures set forth above will result in settlement or withdrawal of substantially all grievances initiated hereunder at the lowest possible step and recognize their obligation to achieve that end. Every effort shall be made to ensure timely compliance and payment of monetary grievance settlements and arbitration awards. The Employer agrees that upon receipt of necessary paperwork from the grievant and/or union, concerning a grievance settlement or arbitration award, monetary remuneration will be made. The necessary paperwork is the documents and statements specified in Subchapter 436.4 of the ELM. The Employer will provide the union copies of appropriate pay adjustment forms, including confirmation that such forms were submitted to the appropriate postal officials for compliance and that action has been taken to ensure that affected employee(s) receives payment and/or other benefits. In the event that an employee is not paid within sixty (60) days after submission of all the necessary paperwork, such employee, upon request, will be granted authorization from management to receive a pay advance equal to the net amount due, or seventy (70) percent of the payment owed the employee, whichever is less. In the event of a dispute between the parties concerning the correct amount to be paid, the advance required by this section will be the amount that is not in dispute.

B. The failure of the employee or the Union in Step 1, or the Union thereafter to meet the prescribed time limits of the Steps of this procedure, including arbitration, shall be considered as a waiver of the grievance. However, if the Employer fails to raise the issue of timeliness at Step 2, or at the step at which the employee or Union failed to meet the prescribed time limits, whichever is later, such objection to the processing of the grievance is waived.

Article 15.5.A.2

C. Failure by the Employer to schedule a meeting or render a decision in any of the Steps of this procedure within the time herein provided (including mutually agreed to extension periods) shall be deemed to move the grievance to the next Step of the grievance-arbitration procedure.

D. It is agreed that in the event of a dispute between the Union and the Employer as to the interpretation of this Agreement, such dispute may be initiated at the Step 4 level by either party. Such a dispute shall be initiated in writing and must specify in detail the facts giving rise to the dispute, the precise interpretive issues to be decided and the contention of either party. Thereafter the parties shall meet in Step 4 within thirty (30) days in an effort to define the precise issues involved, develop all necessary facts, and reach agreement. Should they fail to agree, then, within fifteen (15) days of such meeting, each party shall provide the other with a statement in writing of its understanding of the issues involved, and the facts giving rise to such issues. In the event the parties have failed to reach agreement within sixty (60) days of the initiation of the dispute in Step 4, the Union then may appeal it to arbitration, within thirty (30) days thereafter. Any local grievances filed on the specific interpretive issue shall be held in abeyance at the appropriate level pending resolution of the national interpretive dispute.

Section 5. Arbitration

A. General Provisions

1. A request for arbitration shall be submitted within the specified time limit for appeal.
2. No grievance may be arbitrated at the National level except when timely notice of appeal is given the Employer in writing by the National President of the Union. No grievance may be appealed to arbitration at the District panel level except when

Article 15.5.A.3

timely notice of appeal is given in writing to the appropriate management official at the Grievance/ Arbitration Processing Center by the certified representative of the Union in the Area. Such representative shall be certified to appeal grievances by the National President of the Union to the Employer at the National level.

3. All grievances appealed to arbitration will be placed on the appropriate pending arbitration list in the order in which appealed. The Employer, in consultation with the Union, will be responsible for maintaining appropriate dockets of grievances, as appealed, and for administrative functions necessary to assure efficient scheduling and hearing of cases by arbitrators at all levels.
4. In order to avoid loss of available hearing time, except in National level cases, a minimum of six (6) expedited or three (3) regular cases, when available, are to be scheduled for each hearing date. In addition, pending cases on the docket in the order in which appealed should be assigned to the designated advocates no less than sixty (60) days prior to the scheduled date and, if possible, the parties will discuss the cases no less than thirty (30) days prior to the scheduled date. The parties agree that backup cases will include all cases pending arbitration at the location. These backup cases will be scheduled in the order they appear on the District docket when available in the event of late settlement or withdrawal of grievances before the hearing. In the event that either party withdraws all cases less than five (5) days prior to the scheduled arbitration date, and the parties are unable to agree on scheduling other cases on that date, the party withdrawing the cases shall pay the full costs of the arbitrator for

Article 15.5.A.7

that date. In the event that the parties settle and/or withdraw all cases five (5) or more days prior to the scheduled arbitration date, backup cases on the appropriate arbitration list shall be scheduled. If the parties settle cases less than five (5) days prior to the scheduled arbitration date and are unable to agree to schedule another case, the parties shall share the costs of the arbitrator for that date. This paragraph shall not apply to National level arbitration cases.

5. Arbitration hearings normally will be held during working hours where practical. Employees whose attendance as witnesses is required at hearings during their regular working hours shall be on Employer time when appearing at the hearing, provided the time spent as a witness is part of the employee's regular working hours. Absent a more permissive local past practice and at no cost to the Employer, the Employer will permit one (1) change of work schedule per case scheduled for arbitration for either the grievant or a witness, provided notice is given to his or her immediate supervisor at least two (2) days prior to the scheduled arbitration hearing.
6. All decisions of an arbitrator will be final and binding. All decisions of arbitrators shall be limited to the terms and provisions of this Agreement, and in no event may the terms and provisions of this Agreement be altered, amended, or modified by an arbitrator. Unless otherwise provided in this Article, all costs, fees, and expenses charged by an arbitrator will be shared equally by the parties.
7. All arbitrators on the Regular District Panels and the Expedited Panels and on the National Panel shall serve for the term of this Agreement and shall

Article 15.5.A.8

continue to serve for six (6) months thereafter, unless the parties otherwise mutually agree.

8. Arbitrators on the National Panel and on the Regular and Expedited District Panels shall be selected by the method agreed upon by the parties at the National Level.
9. In any arbitration proceeding in which a Union feels that its interests may be affected, it shall be entitled to intervene and participate in such arbitration proceeding, but it shall be required to share the cost of such arbitration equally with any or all other Union parties to such proceeding. Any dispute as to arbitrability may be submitted to the arbitrator and be determined by such arbitrator. The arbitrator's determination shall be final and binding.

[see Memo, page 333]

B. District Level Arbitration - Regular

1. At the appropriate Grievance/Arbitration Processing Center four (4) separate lists of cases to be heard in arbitration shall be maintained for the Union: (a) one for all removal cases and cases involving suspensions for more than 14 days or 14 days or less referred from Expedited Arbitration, (b) one for all cases referred to Expedited Arbitration, (c) one for Contract disputes, and (d) one for Impasses from Local Negotiations appealed to arbitration at the appropriate Grievance/Arbitration Processing Center. In each District separate panels will be established for scheduling and hearing cases involving (a) removals and suspensions for more than 14 days, and suspensions of 14 days or less referred from Expedited Arbitration; (b) Contract disputes, (c)

Article 15.5.B.5

cases referred to Expedited Arbitration, and (d) Impasses from Local Negotiations.

- a. Arbitration hearings are to be scheduled and heard within 120 days following receipt of the arbitration appeal, unless the parties agree upon a later date.

[see Memo, page 331]

2. Cases will be scheduled for arbitration in the order in which appealed, unless the Union and Employer otherwise agree. Prior to arbitration dates being scheduled by the parties for the next round of scheduling, each party may, at its option, advance one case per month to the top of the docket.
3. Only discipline cases involving suspensions of 14 days or less and those other disputes as may be mutually determined by the parties shall be referred to Expedited Arbitration in accordance with Section C hereof.

[see Memo, page 325]

4. Cases referred to arbitration, which involve removals or suspensions for more than 14 days, shall be scheduled for hearing at the Grievance/Arbitration Processing Center at the earliest possible date in the order in which appealed by the Union.
5. If either party believes that a case referred to Regular Arbitration involves an interpretative issue under the National Agreement or some supplement thereto which may be of general application, that party's representative shall request input from their appropriate National Representative at the Headquarters level. If either

Article 15.5.B.6

party's representative at the Headquarters level determines the case is interpretive, a notice will be sent to the other party. The case will be held pending the outcome of the National interpretive dispute. If both parties' representatives determine the case does not involve an interpretive issue, the case if already scheduled for arbitration will be heard before the same arbitrator who was originally scheduled to hear the case. Further, if the hearing had convened, the case will continue at the same stage of arbitration.

[see Memo, page 330]

6. The arbitrators on each Regular District Panel shall be scheduled to hear cases on a rotating system basis, unless otherwise agreed by the parties. The hearing time available for arbitration will be distributed among offices and crafts.
7. Normally, there will be no transcripts of arbitration hearings or filing of post-hearing briefs in cases heard in Regular District level arbitration, except either party at the National level may request a transcript. Either party at the hearing may request to file a post-hearing brief in contract arbitrations. In Regular District level discipline/discharge arbitrations, post-hearing briefs will be permitted only by mutual agreement of the parties or by direction of the arbitrator. However, each party may file a written statement setting forth its understanding of the facts and issues and its argument at the beginning of the hearing and also shall be given an adequate opportunity to present argument at the conclusion of the hearing.
8. The arbitrator in any given case should render an award therein within thirty (30) days of the close of the record in the case.

C. District Level Arbitration - Expedited

1. The parties agree to continue the utilization of an expedited arbitration system for disciplinary cases of 14 days suspension or less which do not involve interpretation of the Agreement and for such other cases as the parties may mutually determine.

[see Memo, page 325]

2. If either party concludes that the issues involved are of such complexity or significance as to warrant reference to the Regular District Arbitration Panel, that party shall notify the other party of such reference at least twenty-four (24) hours prior to the scheduled time for the expedited arbitration.
3. The hearing shall be conducted in accordance with the following:
 - a. the hearing shall be informal;
 - b. no briefs shall be filed or transcripts made;
 - c. there shall be no formal rules of evidence;
 - d. the hearing shall normally be completed within one day;
 - e. if the arbitrator or the parties mutually conclude at the hearing that the issues involved are of such complexity or significance as to warrant reference to the Regular District Arbitration Panel, the case shall be referred to that panel; and
 - f. the arbitrator may issue a bench decision at the hearing but in any event shall render a decision within forty-eight (48) hours after

Article 15.5.C.4

conclusion of the hearing. Such decision shall be based on the record before the arbitrator and may include a brief written explanation of the basis for such conclusion. These decisions will not be cited as a precedent. The arbitrator's decision shall be final and binding. An arbitrator who issues a bench decision shall furnish a written copy of the award to the parties within forty-eight (48) hours of the close of the hearing.

4. No decision by a member of the Expedited Panel in such a case shall be regarded as a precedent or be cited in any future proceeding, but otherwise will be a final and binding decision.
5. The Expedited Arbitration Panel shall be developed by the National parties, on a District level.

D. National Level Arbitration

1. Only cases involving interpretive issues under this Agreement or supplements thereto of general application will be arbitrated at the National level.
2. A docket of cases appealed to arbitration at the National level shall be maintained for the Union. The arbitrators on the National Panel shall be scheduled to hear cases on a rotating system basis, unless otherwise agreed by the parties. Cases on the docket will be scheduled for arbitration in the order in which appealed, unless the Union and Employer otherwise agree.

Section 6. Administration

The parties recognize their continuing joint responsibility for efficient functioning of the grievance procedure and effective use of arbitration. Commencing April 1, 1979, and

Article 16.1

quarterly thereafter, the Employer will furnish to the President of the Union a copy of a quarterly report containing the following information covering operation of the arbitration procedure at the National level, and for each Grievance/Arbitration Processing Center separately:

- (a) number of cases appealed to arbitration;
- (b) number of cases scheduled for hearing;
- (c) number of cases heard;
- (d) number of scheduled hearing dates, if any, which were not used;
- (e) the total number of cases pending but not scheduled at the end of the quarter.

(The preceding Article, Article 15, shall apply to Transitional Employees)

[see Memo, page 331]

ARTICLE 16 DISCIPLINE PROCEDURE

Section 1. Principles

In the administration of this Article, a basic principle shall be that discipline should be corrective in nature, rather than punitive. No employee may be disciplined or discharged except for just cause such as, but not limited to, insubordination, pilferage, intoxication (drugs or alcohol), incompetence, failure to perform work as requested, violation of the terms of this Agreement, or failure to observe safety rules and regulations. Any such discipline or discharge shall be subject to the grievance-arbitration procedure provided

Article 16.2

for in this Agreement, which could result in reinstatement and restitution, including back pay.

Section 2. Discussion

For minor offenses by an employee, management has a responsibility to discuss such matters with the employee. Discussions of this type shall be held in private between the employee and the supervisor. Such discussions are not considered discipline and are not grievable. Following such discussions, there is no prohibition against the supervisor and/or the employee making a personal notation of the date and subject matter for their own personal record(s). However, no notation or other information pertaining to such discussion shall be included in the employee's personnel folder. While such discussions may not be cited as an element of prior adverse record in any subsequent disciplinary action against an employee, they may be, where relevant and timely, relied upon to establish that employees have been made aware of their obligations and responsibilities.

Section 3. Letter of Warning

A letter of warning is a disciplinary notice in writing, identified as an official disciplinary letter of warning, which shall include an explanation of a deficiency or misconduct to be corrected.

Section 4. Suspensions of 14 Days or Less

In the case of discipline involving suspensions of fourteen (14) days or less, the employee against whom disciplinary action is sought to be initiated shall be served with a written notice of the charges against the employee and shall be further informed that he/she will be suspended after ten (10) calendar days during which ten-day period the employee shall remain on the job or on the clock (in pay status) at the option of the Employer. However, if a timely grievance is

Article 16.6

initiated, the effective date of the suspension will be delayed until disposition of the grievance, either by settlement or an arbitrator's final and binding decision. The employee shall remain on the job or on the clock (in pay status) at the option of the Employer.

Section 5. Suspensions of More Than 14 Days or Discharge

In the case of suspensions of more than fourteen (14) days, or of discharge, any employee shall, unless otherwise provided herein, be entitled to an advance written notice of the charges against him/her and shall remain either on the job or on the clock at the option of the Employer for a period of thirty (30) days. Thereafter, the employee shall remain on the rolls (non-pay status) until disposition of the case has been had either by settlement with the Union or through exhaustion of the grievance-arbitration procedure. A preference eligible who chooses to appeal a suspension of more than fourteen (14) days or his/her discharge to the Merit Systems Protection Board (MSPB) rather than through the grievance-arbitration procedure shall remain on the rolls (non-pay status) until disposition of the case has been had either by settlement or through exhaustion of his/her MSPB appeal. When there is reasonable cause to believe an employee is guilty of a crime for which a sentence of imprisonment can be imposed, the Employer is not required to give the employee the full thirty (30) days advance written notice in a discharge action, but shall give such lesser number of days advance written notice as under the circumstances is reasonable and can be justified. The employee is immediately removed from a pay status at the end of the notice period.

Section 6. Indefinite Suspension Crime Situation

A. The Employer may indefinitely suspend an employee in those cases where the Employer has reasonable cause to believe an employee is guilty of a crime for which a sentence

Article 16.6.B

of imprisonment can be imposed. In such cases, the Employer is not required to give the employee the full thirty (30) days advance notice of indefinite suspension, but shall give such lesser number of days of advance written notice as under the circumstances is reasonable and can be justified. The employee is immediately removed from a pay status at the end of the notice period.

B. The just cause of an indefinite suspension is grievable. The arbitrator shall have the authority to reinstate and make the employee whole for the entire period of the indefinite suspension.

C. If after further investigation or after resolution of the criminal charges against the employee, the Employer determines to return the employee to a pay status, the employee shall be entitled to back pay for the period that the indefinite suspension exceeded seventy (70) days, if the employee was otherwise available for duty, and without prejudice to any grievance filed under B. above.

D. The Employer may take action to discharge an employee during the period of an indefinite suspension whether or not the criminal charges have been resolved, and whether or not such charges have been resolved in favor of the employee. Such action must be for just cause, and is subject to the requirements of Section 5 of this Article.

Section 7. Emergency Procedure

An employee may be immediately placed on an off-duty status (without pay) by the Employer, but remain on the rolls where the allegation involves intoxication (use of drugs or alcohol), pilferage, or failure to observe safety rules and regulations, or in cases where retaining the employee on duty may result in damage to U.S. Postal Service property, loss of mail or funds, or where the employee may be injurious to self or others. The employee shall remain on the rolls (non-

Article 16.9.A.3

pay status) until disposition of the case has been had. If it is proposed to suspend such an employee for more than thirty (30) days or discharge the employee, the emergency action taken under this Section may be made the subject of a separate grievance.

Section 8. Review of Discipline

In no case may a supervisor impose suspension or discharge upon an employee unless the proposed disciplinary action by the supervisor has first been reviewed and concurred in by the installation head or designee.

In associate post offices of twenty (20) or less employees, or where there is no higher level supervisor than the supervisor who proposes to initiate suspension or discharge, the proposed disciplinary action shall first be reviewed and concurred in by a higher authority outside such installation or post office before any proposed disciplinary action is taken.

Section 9. Veterans' Preference

A. A preference eligible is not hereunder deprived of whatever rights of appeal such employee may have under the Veterans' Preference Act; however, if the employee appeals under the Veterans' Preference Act, the employee will be deemed to have waived further access to the grievance-arbitration procedure beyond step 3 under any of the following circumstances:

1. If an MSPB settlement agreement is reached.
2. If the MSPB has not yet issued a decision on the merits, but a hearing on the merits before the MSPB has begun.
3. If the MSPB issues a decision on the merits of the appeal.

Article 16.9.B

B. In the event the grievance of a preference eligible is due to be scheduled in accordance with Article 15, section 5, and the preference eligible has a live MSPB appeal on the same action, the parties will not schedule the grievance for arbitration until a final determination is reached in the MSPB procedure. If the grievance is not waived under Section 9.A 1, 2 or 3 above, the case will be scheduled promptly for arbitration. Should the grievance ultimately be sustained or modified in arbitration, the preference eligible employee will have no entitlement to back pay under the National Agreement for the period from the date the case would have been scheduled for arbitration and the date it is actually scheduled for arbitration.

Section 10. Employee Discipline Records

The records of a disciplinary action against an employee shall not be considered in any subsequent disciplinary action if there has been no disciplinary action initiated against the employee for a period of two years.

Upon the employee's written request, any disciplinary notice or decision letter will be removed from the employee's official personnel folder after two years if there has been no disciplinary action initiated against the employee in that two-year period.

(Additional provisions regarding the discipline or removal of Transitional Employees can be found in the APWU Transitional Employee Memorandum)

ARTICLE 17 REPRESENTATION

Section 1. Stewards

Stewards may be designated for the purpose of investigating, presenting and adjusting grievances.

Section 2. Appointment of Stewards

A. The Union will certify to the Employer in writing a steward or stewards and alternates in accordance with the following general guidelines. Where more than one steward is appointed, one shall be designated chief steward. The selection and appointment of stewards or chief stewards is the sole and exclusive function of the Union. Stewards will be certified to represent employees in specific work location(s) on their tour; provided no more than one steward may be certified to represent employees in a particular work location(s). The number of stewards certified shall not exceed, but may be less than, the number provided by the formula hereinafter set forth.

Employees in the same craft per tour or station

Up to 49	1 steward
50 to 99	2 stewards
100 to 199	3 stewards
200 to 499	5 stewards
500 or more	5 stewards plus additional steward for each 100 employees

B. At an installation, the Union may designate in writing to the Employer one Union officer actively employed at that installation to act as a steward to investigate, present and adjust a specific grievance or to investigate a specific problem to determine whether to file a grievance. The activities of such Union officer shall be in lieu of a steward designated under the formula in Section 2.A and shall be in accordance with Section 3. Payment, when applicable, shall be in accordance with Section 4.

C. To provide steward service to installations with twenty or less craft employees where the Union has not certified a steward, a Union representative certified to the Employer in

Article 17.2.D

writing and compensated by the Union may perform the duties of a steward.

D. At the option of the Union, representatives not on the Employer's payroll shall be entitled to perform the functions of a steward or chief steward, provided such representatives are certified in writing to the Employer at the Area level and providing such representatives act in lieu of stewards designated under the provisions of 2.A or 2.B above.

E. A steward may be designated to represent more than one craft, or to act as a steward in a craft other than his/her own, whenever the Union so agrees, and notifies the Employer in writing. Any steward designations across craft lines must be in accordance with the formula set forth in Section 2.A above.

(The preceding Section, Article 17.2, shall apply to Transitional Employees.)

Section 3. Rights of Stewards

When it is necessary for a steward to leave his/her work area to investigate and adjust grievances or to investigate a specific problem to determine whether to file a grievance, the steward shall request permission from the immediate supervisor and such request shall not be unreasonably denied.

In the event the duties require the steward leave the work area and enter another area within the installation or post office, the steward must also receive permission from the supervisor from the other area he/she wishes to enter and such request shall not be unreasonably denied.

The steward, chief steward or other Union representative properly certified in accordance with Section 2 above may request and shall obtain access through the appropriate supervisor to review the documents, files and other records

Article 17.4

necessary for processing a grievance or determining if a grievance exists and shall have the right to interview the aggrieved employee(s), supervisors and witnesses during working hours. Such requests shall not be unreasonably denied.

While serving as a steward or chief steward, an employee may not be involuntarily transferred to another tour, to another station or branch of the particular post office or to another independent post office or installation unless there is no job for which the employee is qualified on such tour, or in such station or branch, or post office.

If an employee requests a steward or Union representative to be present during the course of an interrogation by the Inspection Service, such request will be granted. All polygraph tests will continue to be on a voluntary basis.

(The preceding Section, Article 17.3, shall apply to Transitional Employees)

[see Memos, page 327 and 343]

Section 4. Payment of Stewards

The Employer will authorize payment only under the following conditions:

Grievances:

Steps 1 and 2 — The aggrieved and one Union steward — (only as permitted under the formula in Section 2.A) for time actually spent in grievance handling, including investigation and meetings with the Employer. The Employer will also compensate a steward for the time reasonably

Article 17.5

necessary to write a grievance. In addition, the Employer will compensate any witnesses for the time required to attend a Step 2 meeting.

Meetings called by the Employer for information exchange and other conditions designated by the Employer concerning contract application.

Employer authorized payment as outlined above will be granted at the applicable straight time rate, providing the time spent is a part of the employee's or steward's (only as provided for under the formula in Section 2.A) regular work day.

(The preceding Section, Article 17.4 shall apply to Transitional Employees.)

Section 5. Joint Labor-Management Committee Meetings

A. The APWU through its designated agents shall be entitled at the national, APWU regional/USPS Area, and local levels, and at such other intermediate levels as may be appropriate, to participate in regularly scheduled Joint Labor Management Committee meetings for the purpose of discussing, exploring, and considering with management matters of mutual concern; provided neither party shall attempt to change, add to or vary the terms of this Collective Bargaining Agreement. The local Joint Labor-Management Committee will meet as needed, but not less than once every quarter unless otherwise provided in the parties' local memorandum of understanding.

B. The national level Joint Labor-Management Committee will be co-chaired by the President of the APWU and the Postal Service Vice-President of Labor Relations and be comprised of an equal number of representatives for each party as agreed by the parties. This Committee will meet as

Article 17.5.C

needed, but no less than once every two months to fulfill the purposes and goals described below.

The purposes and goals of the national level Joint Labor-Management Committee will be to:

1. Promote more effective, open and continuous involvement between the parties to further enhance a positive working relationship and advance labor-management cooperation between the parties;
2. Jointly pursue strategies which emphasize improving employee working conditions and satisfying the customer in terms of service and costs;
3. Work together to seek ways of improving customer service, increasing revenue, and reducing postal costs; and,
4. Provide an opportunity to jointly discuss new Postal Service initiatives during their development, inasmuch as those initiatives might impact on employees or as they might relate to employee working conditions. These discussions may include, but are not limited to, the creation of new position descriptions; modifications to facilities; technological and mechanization changes; automation implementation; and the development of new facilities and designs.

C. As needed, the national level Joint Labor-Management Committee, through mutual agreement, will create subcommittees to deal with specific issues. All other national level committees established pursuant to the terms of this Agreement, including Safety & Health, Ergonomics and Training, shall function as subcommittees of the national level Joint Labor-Management Committee. All subcommittees already established or created by the national level Joint

Article 17.5.D

Labor-Management Committee will report to such Committee, as necessary, on their specific issues of concern and provide updated information.

D. In order to further recognize and effect Union/Management cooperation, there will be four national level craft subcommittees created, one for each APWU craft, for the purpose of jointly addressing specific issues of contract administration for each such craft. These subcommittees will be co-chaired by the APWU Craft Directors of each craft and the Postal Service Manager of Contract Administration or his/her designee. At the Union's request, the appropriate operational manager will attend meetings to address the Union's concerns or respond to questions on specific operational issues. Neither party shall attempt to change, add or vary the terms of this collective bargaining agreement through these subcommittees.

E. Meetings at the national and APWU/regional USPS Area (except as to the Christmas operation) levels will not be compensated by the Employer. The Employer will compensate one designated representative from the Union concerned with the subject matter of the meeting for actual time spent in the meeting at the applicable straight time rate, providing the time spent in such meetings is a part of the employee's regular scheduled work day.

Section 6. Union Participation in New Employee Orientation

During the course of any employment orientation program for new employees, a representative of the Union representing the craft or occupational group to which the new employees are assigned shall be provided ample opportunity to address such new employees, provided that this provision does not preclude the Employer from addressing employees concerning the same subject.

Article 17.7.C

Health benefit enrollment information and forms will not be provided during orientation until such time as a representative of the Union has had an opportunity to address such new employees.

(The preceding Section, Article 17.6, shall apply to Transitional Employees.)

Section 7. Dues Checkoff

A. In conformity with Section 2 of the Act, 39 U.S.C. 1205, without cost to the Union, the Employer shall deduct and remit to the Union the regular and periodic Union dues from the pay of employees as instructed in writing by the Union and the employee, which written assignment by the employee shall be irrevocable for a period of not more than one (1) year. The parties agree that the Union will have sole responsibility for and control over dues withholding and revocation. The Union must provide the Postal Service with withholding and revocation information in a format and within time periods acceptable to the Postal Service. The Employer agrees to remit to the Union all deductions to which it is entitled fourteen (14) days after the end of the pay period for which such deductions are made. Deductions shall be in such amounts as are designated to the Employer in writing by the Union.

B. The authorization of such deductions shall be made in accordance with the terms of Standard Form 1187. Revocation of authorization shall be made in accordance with the terms of Standard Form 1186.

C. In advance of any money demand upon an employee for any reason, the employee must be informed in writing and the demand must include the reasons therefor.

Article 28.1

Section 1. Shortages in Fixed Credits

Employees who are assigned fixed credits or vending credits shall be strictly accountable for the amount of the credit. B. Prohibit an employee from using the fixed credit or other financial accountability of any other employee without permission;

C. Grant the opportunity to an employee to be present whenever that employee's fixed credit is being audited and if the employee is not available to have a witness of the employee's choice present;

The report of the Safe Driver Award Committee cannot be used as a basis for revoking or suspending an employee's driving privileges. When a revocation, suspension, or reissuance of an employee's driving privileges is under consideration, only the on-duty record will be considered in making a final determination. An employee's driving privileges will be automatically revoked or suspended concurrently with any revocation or suspension of State driver's license and restored upon reinstatement. Every reasonable effort will be made to reassign such employee to non-driving duties in the employee's craft or in other crafts. In the event such revocation or suspension of the State driver's license is with the condition that the employee may operate a vehicle for employment purposes, the employee's driving privileges will not be automatically revoked. When revocation, suspension, or reissuance of an employee's driving privileges is under consideration based on the on-duty record, such conditional revocation or suspension of the State driver's license may be considered in making a final determination.

An employee must inform the supervisor immediately of the revocation or suspension of such employee's State driver's license.

However, where there is no agreement and the matter is not referred to arbitration, the provisions of the former local memorandum of understanding shall apply. The Employer may challenge a provision(s) of a local memorandum of understanding on “inconsistent or in conflict” grounds only by making a reasonable claim during the local implementation process that a provision(s) of a local memorandum of understanding is inconsistent or in conflict with new or amended provisions of the current National Agreement that did not exist in the previous National Agreement, or with provisions that have been amended subsequent to the effective date of the previous National Agreement. If local management refuses to abide by a local memorandum of understanding on “inconsistent or in conflict” grounds and an arbitrator subsequently finds

[see Memo, page 339]

D. In the event of a mid-term change or addition in the National Agreement, local management may challenge a provision(s) of a local memorandum of understanding subsequent to the local implementation period, but only by making a reasonable claim that a provision(s) of a local memorandum of understanding is inconsistent or in conflict with the changed provision(s) of the National Agreement. The challenged provision(s) declared to be inconsistent or in conflict with the National Agreement shall remain in effect for 120 days from the date on which the Union is notified in writing of management's challenge or the date of an arbitrator's award dealing with management's challenge, whichever is sooner.

E. An alleged violation of the terms of a memorandum of understanding shall be subject to the grievance-arbitration procedure.

The request for arbitration must be submitted within 10 days of the end of the local implementation period.

G. Where the Postal Service, pursuant to Section C, submits a proposal remaining in dispute to arbitration, which proposal seeks to change a presently-effective Local Memorandum of Understanding, the Postal Service shall have the burden of establishing that continuation of the existing provision would represent an unreasonable burden to the USPS.

[see Memos, pages 344, 346 and 347]

B. The Employer will give advance notification to the Union at the national level when subcontracting which will have a significant impact on bargaining unit work is being considered and will meet with the Union while developing the initial Comparative Analysis report. The Employer will consider the Union's views on costs and other factors, together with proposals to avoid subcontracting and proposals to minimize the impact of any subcontracting. A statement of the Union's views and proposals will be included in the initial Comparative Analysis and in any Decision Analysis Report relating to the subcontracting under consideration. No final decision on whether or not such work will be contracted out will be made until the matter is discussed with the Union.

C. When a decision has been made at the Field level to subcontract bargaining unit work, the Union at the Local level will be given notification.

Section 2. Motor Vehicle Craft-Highway Movement of Mail

A. The American Postal Workers Union, AFL-CIO, and the United States Postal Service recognize the importance of service to the public and cost to the Postal Service in selecting the proper mode for the highway movement of mail. In selecting the means to provide such transportation the Postal Service will give due consideration to public interest, cost, efficiency, availability of equipment, and qualification of employees.

B. For highway contracts covered by Article 32, Section 2, the Union will be furnished the information enumerated in Paragraph C below. This information will be furnished at least sixty (60) days prior to the scheduled installation of the service. Within forty (40) days of being furnished such information, the Union may request a meeting to discuss a specific contract(s). Within forty-five (45) days of being furnished such information, the parties will exchange the basic cost analyses in order to facilitate discussions. The parties will meet on or before the sixtieth (60th) day. At no time will the subject highway contract(s) for which a meeting has been requested be awarded prior to the actual meeting.

C. The information will include the following in a concise summary form:

1. A statement of service including frequency, time of departure and arrival, annual mileage, and proposed effective date of contract.
2. Equipment requirements. If not comparable to standard USPS equipment available at that facility, the reasons therefore along with the cubic foot justification are to be provided.
3. A statement as to whether the proposed contract is a renewal of an existing contract and/or a partial

Article 32.2.C.4

or completely new contract solicitation.

4. For contract renewals, the current contractual cost is to be provided along with any specifics, if the terms of the renewal are modified to whatever degree.
5. If the new contract solicitation replaces in part or in whole existing Postal Vehicle Service (PVS) service, specifics as to the existing PVS service are to be provided as to the span of operating time, equipment utilized, annual cost, how the PVS employees impacted will otherwise be utilized and the projected United States Postal Service cost for subcontracting the work in question.

D. Should there subsequently be substantive modifications in the information provided the Union in C above, the Union will be notified as soon as such decision is made.

E. The parties agree that the following factors will be used in any cost comparisons of the type of transportation mode to be selected:

1. The Motor Vehicle employee costs for Motor Vehicle Operators will be the average cost of Level **6** Motor Vehicle Operators and the Motor Vehicle employee costs for Tractor-Trailer Operators will be the average cost of Level **7** for Tractor-Trailer Operators, as per these employees' straight time wages inclusive of fringe benefits. The average of each level will be a weighted average based on the number of employees in each step of the respective levels and their respective wages. The Motor Vehicle employee costs will be updated within 30 days following each salary adjustment for the Motor Vehicle Craft.

Article 32.2.H

2. The vehicle costs will be computed from the last four quarters of the Vehicle Make/Model Cost Reports. These costs will be computed separately for each Area. The parties will consider an adjustment for exceptional cost variances.
3. The Postal Vehicle Service will be charged 10 minutes at the start and 10 minutes at the end of each route, regardless of the vehicle used.

F. For all routes for which the Union submitted a cost comparison, if a contract is awarded, the Union will be furnished the cost of such contract.

G. These provisions shall be applicable when evaluating the type of service to be provided for routes that are:

1. A fixed annual rate contract over \$100,000 per annum, but not more than 350 miles in round-trip length, and
2. An annual rate or non-annual rate contract such as local drayage, spotting or shuttle service where the estimated annual compensation will exceed \$45,000, and
3. Not more than 8 hours in operating time from terminus to terminus.
4. Being then operated by bargaining unit employee(s) of the Motor Vehicle Craft, regardless of annual cost, round-trip length or operating time.

H. The information will be furnished for all routes covered by this Section and subject to renewal, extension, conversion of existing postal vehicle service to highway contract service or new highway contract service subject to the limitations stated herein. The following contracts are not encompassed by this Section: services involving collection

Article 32.2.I

and box delivery; small contract operations in areas where no Postal Vehicle Service operation is currently operating and where Postal Vehicle Service operation is economically unfeasible; or any star route contracts let on a temporary or emergency basis.

I. The parties recognize that specific conditions may justify and require alteration of the time requirements specified herein.

[see Memo, page 346]

Section 3. Joint Committee

There shall be established at the national level, as a subcommittee of the national level Joint Labor-Management Committee, a joint committee to study the problems in this area leading towards a meaningful evolutionary approach to the issue of subcontracting.

(The preceding Article, Article 32, shall apply to Transitional Employees)

ARTICLE 33 PROMOTIONS

Section 1. General Principles

The Employer agrees to place particular emphasis upon career advancement opportunities. First opportunity for promotions will be given to qualified career employees. The Employer will assist employees to improve their own skills through training and self-help programs, and will continue to expand the Postal Employee Development Center concept.

Section 2. Craft Promotions

When an opportunity for promotion to a craft position exists in an installation, an announcement shall be posted on

Article 34.B

official bulletin boards soliciting applications from employees of the appropriate craft. Craft employees meeting the qualifications for the position shall be given first consideration. Qualifications shall include, but not be limited to, ability to perform the job, merit, experience, knowledge, and physical ability. Where there are qualified applicants, the best qualified applicant shall be selected; however, if there is no appreciable difference in the qualifications of the best of the qualified applicants and the Employer selects from among such applicants, seniority shall be the determining factor. Written examinations shall not be controlling in determining qualifications. If no craft employee is selected for the promotion, the Employer will solicit applications from all other qualified employees within the installation.

Promotions to positions enumerated in the craft Articles of this Agreement shall be made in accordance with such Articles by selection of the senior qualified employee bidding for the position.

Section 3. Examinations

When an examination is given, there shall be no unreasonable limitation on the number of examinations that may be taken by an applicant.

ARTICLE 34 WORK AND/OR TIME STANDARDS

A. The principle of a fair day's work for a fair day's pay is recognized by all parties to this Agreement.

B. The Employer agrees that any work measurement systems or time or work standards shall be fair, reasonable and equitable. The Employer agrees that the Union concerned through qualified representatives will be kept informed during the making of time or work studies which are to be used as a basis for changing current or instituting new

Article 34.C

work measurement systems or work or time standards. The Employer agrees that the National President of the Union may designate a qualified representative who may enter postal installations for purposes of observing the making of time or work studies which are to be used as the basis for changing current or instituting new work measurement systems or work or time standards.

C. The Employer agrees that before changing any current or instituting any new work measurement systems or work or time standards, it will notify the Union concerned as far in advance as practicable. When the Employer determines the need to implement any new nationally developed and nationally applicable work or time standards, it will first conduct a test or tests of the standards in one or more installations. The Employer will notify the Union at least 15 days in advance of any such test.

D. If such test is deemed by the Employer to be satisfactory and it subsequently intends to convert the test to live implementation in the test cities, it will notify the Union at least 30 days in advance of such intended implementation. Within a reasonable time not to exceed 10 days after the receipt of such notice, representatives of the Union and the Employer shall meet for the purpose of resolving any differences that may arise concerning such proposed work measurement systems or work or time standards.

E. If no agreement is reached within five days after the meetings begin, the Union may initiate a grievance at the national level. If no grievance is initiated, the Employer will implement the new work or time standards at its discretion.

If a grievance is filed and is unresolved within 10 days, and the Union decides to arbitrate, the matter must be submitted to priority arbitration by the Union within five days. The conversion from a test basis to live implementation may

Article 34.I

proceed in the test cities, except as provided in Paragraph I.

F. The arbitrator's award will be issued no later than 60 days after the commencement of the arbitration hearing. During the period prior to the issuance of the arbitrator's award, the new work or time standards will not be implemented beyond the test cities, and no new tests of the new standards will be initiated. Data gathering efforts or work or time studies, however, may be conducted during this period in any installation.

G. The issue before the arbitrator will be whether the national concepts involved in the new work or time standards are fair, reasonable and equitable.

H. In the event the arbitrator rules that the national concepts involved in the new work or time standards are not fair, reasonable and equitable, such standards may not be implemented by the Employer until they are modified to comply with the arbitrator's award. In the event the arbitrator rules that the national concepts involved in the new work or time standards are fair, reasonable and equitable, the Employer may implement such standards in any installation. No further grievances concerning the national concepts involved may be initiated.

I. After receipt of notification provided for in Paragraph D of this Article, the Union shall be permitted through qualified representatives to make time or work studies in the test cities. The Union shall notify the Employer within ten (10) days of their intent to conduct such studies. The Union studies shall not exceed one-hundred fifty (150) days, from the date of such notice, during which time the Employer agrees to postpone implementation in the test cities for the first ninety (90) days. There shall be no disruption of operations or of the work of employees due to the making of such studies. Upon request, the Employer will provide reasonable assistance in making the study, provided, however, that the Employer may

Article 35

require the Union to reimburse the USPS for any costs reasonably incurred in providing such assistance. Upon request, the Union representative shall be permitted to examine relevant available technical information, including final data worksheets, that were used by the Employer in the establishment of the new or changed work or time standards. The Employer is to be kept informed during the making of such Union studies and, upon the Employer's request the Employer shall be permitted to examine relevant available technical information, including final data worksheets, relied upon by the Union.

(The preceding Article, Article 34, shall apply to Transitional Employees)

Section 1. Programs

The Employer and the Union express strong support for programs of self-help. The Employer shall provide and maintain a program which shall encompass the education, identification, referral, guidance and follow-up of those employees afflicted by the disease of alcoholism and/or drug abuse. When an employee is referred to the EAP by the Employer, the EAP staff will have a reasonable period of time to evaluate the employee's progress in the program.

This program of labor-management cooperation shall support the continuation of the EAP for alcohol and/or drug abuse at the current level. In addition to the current EAP, the EAP will be expanded, as provided in Section 2 hereof, to encompass the education, identification, referral and guidance of:

1. employees' family members afflicted with alcoholism and/or drug abuse which could or does have a

Article 35.2

negative impact on the employee's work performance, and

2. those employees and their families experiencing other family and/or personal problems which could or do have a negative impact on the employee's work performance.

An employee's voluntary participation in the EAP for assistance with alcohol and/or drug abuse will be considered favorably in disciplinary action proceedings.

Section 2. Joint Committee

For the term of the **2006** National Agreement, the Employer and the Union agree to work jointly in the development of the expanded EAP and in improvements in the existing EAP. The parties agree to establish at the national level a National EAP Committee. The Committee will have responsibility for jointly:

1. assessing the effectiveness of EAPs operating inside and outside the USPS, and
2. developing on an ongoing basis the general guidelines with respect to the level of services and the mechanisms by which the services will be provided.

The Committee is not responsible for day-to-day administration of the program.

The Committee shall convene at such times and places as it deems appropriate during the term of the **2006** National Agreement. No action or recommendations may be taken by the Committee except by consensus of its members. In the event that the members of the Committee are unable to agree within a reasonable time on an appropriate course of action with respect to any aspect of its responsibility, the Vice-President, Labor Relations, and the National Union President

Article 36

shall meet to resolve such issues.

The Committee will submit to the Vice-President, Labor Relations, and the President of the Union, a comprehensive report on the general guidelines for changes, if any, in the level of EAP services and the mechanism by which the services will be provided.

The Committee is authorized to obtain expert advice and assistance to aid its pursuit of its objectives. The apportionment of any fees and expenses for any such experts shall be by consensus of the Committee.

The Employer and the Union agree that they will cooperate fully at all levels towards achieving the objectives of the EAP.

This joint effort will continue for the term of the **2006** National Agreement.

ARTICLE 36 CREDIT UNIONS AND TRAVEL

Section 1. Credit Unions

In the event that the Union signatory to this Agreement or its local Unions (whether called locals or by other names) presently operate or shall hereafter establish and charter credit unions, the Employer shall, without charge, authorize and provide space, if available, for the operation of such credit unions in Federal buildings, in other than workroom space.

Any postal employee who is an employee of any such credit union or an officer, official, or Board member of any such credit union, shall, if such employee can be spared, be granted annual leave or leave without pay, at the option of

Article 36.2.C

Section 2. Travel, Subsistence and Transportation

A The Employer shall continue the current travel, subsistence and transportation program.

B. Employees will be paid a mileage allowance for the use of privately owned automobiles for travel on official business when authorized by the Employer equal to the standard mileage rate for use of a privately owned automobile as authorized by the General Services Administration (GSA). Any change in the GSA standard mileage rate for use of a privately owned automobile will be put into effect by the Employer within sixty (60) days of the effective date of the GSA change.

C. All travel for job-related training will be considered compensable work hours.

Section 2. Seniority

A. Introduction

1. The U.S. Postal Service and the APWU, Clerk Craft Division, AFL-CIO, agree to the following seniority principles which replace all former rules, instructions and practices.
2. This Article will continue relative seniority standings properly established under past instructions, rules, and practices and the Article shall be so applied. If an employee requests a correction of seniority standing, it is the responsibility of the requesting employee to identify and restate the specific instructions, rule or practice in support of the request.

B. Coverage

These rules apply to all employees in the regular work force when a guide is necessary for filling vacant assignments and

Article 37.2.D.2

for other purposes. No employee, solely by reason of this Article, shall be displaced from an assignment the employee gained in accord with former rules.

C. Responsibility

The Employer is responsible for day-to-day application of the seniority provisions of this Article. The installation head shall post and furnish a copy of an updated seniority list to the local union on a semi-annual basis, unless otherwise negotiated locally. The application of this Article shall be open to negotiation at the installation level with the designated official of the Union.

D. Application of Seniority

1. Seniority for full-time employees and part-time regular employees for **bidding** and other purposes shall be applied in accordance with the National Agreement. This seniority determines the relative standing among full-time employees and part-time regular employees. It begins on the date of entry into the Clerk Craft in an installation and continues to accrue as long as service is uninterrupted in the Clerk Craft and in the same installation, except as otherwise specifically provided for.
2. **Reassignment of Part-Time Flexible Employees to the Clerk Craft**

When a part-time flexible employee is voluntarily or involuntarily reassigned to the Clerk Craft from another craft, the employee shall be assigned to the bottom of the part-time flexible roll and begin a new period of seniority effective the date of reassignment.

Article 37.2.D.3

3. Relative Standing on the Part-Time Flexible Roll

- a. Part-time flexible employees are placed on the part-time flexible roll in the order of the date of career appointment as a part-time flexible from a competitive Postal Service eligible register or other means. In cases of appointment of more than one employee to the part-time flexible roll on the same day from the same competitive register, their positions on the part-time flexible roll will be in accord with their standing on the Postal Service eligible register.

In cases of appointment of more than one employee to the part-time flexible roll on the same day from different registers, their positions on the part-time flexible roll will be determined in accordance with their scores on the entrance examination applicable to the position for which hired.

If a tie still exists, standing on the part-time flexible roll will be determined by the application of Section 2.D.4 below.

- b. A reinstated, reassigned, or transferred employee shall be placed on the part-time flexible roll ahead of one appointed from the register on the same day.
- c. A part-time regular Clerk Craft employee who applies for and is changed to part-time flexible shall be placed at the bottom of the part-time flexible roll. Article 37.2.D.5

5. Changes in Which Seniority is Regained, Restored or Retained

- a. **Reemployment After Disability Separation.** On reinstatement or reemployment after separation caused by disability, disability retirement, retirement or resignation because of personal illness and the employee so stated in the resignation and furnished satisfactory evidence for inclusion in the employee's personnel folder, the employee's seniority shall be the same as if employment had not been interrupted if reinstated or reemployed in the same postal installation and craft from which originally separated; provided application for reinstatement or reemployment is made within six months from the date of recovery. The date of recovery in the case of disability retirement must be supported by notice of recovery from The Compensation Group, Office of Personnel Management, and in the case of resignation due to illness, by a statement from the applicant's attending physician or practitioner. When reinstatement is to the part-time flexible roll, standing on the roll shall be the same as if employment had not been interrupted by the separation.
- b. **Restoration.** On restoration in the same craft in the same installation after return from military service, the employee's seniority shall be the same as if employment had not been interrupted by the separation.
- c. **Employees Electing Reassignment.** Any senior Clerk Craft employee in the same level **and status in the** installation may elect to be reassigned to the gaining installation in lieu of

Article 37.2.D.6.a.(2)

an involuntary reassignment of a junior employee.

- (1) Senior full-time or part-time regular clerks who elect to be reassigned to the gaining installation will take their seniority with them. Reassignment of those full-time or part-time regular clerks shall be treated as details for the first 180 days to avoid inequities in the **bidding** of duty assignments by full-time or part-time regular clerks in the gaining installation. Such senior employees who accept reassignment to the gaining installation do not have retreat rights.
- (2) Senior part-time flexible employees who elect to be reassigned to the gaining installation will be placed at the bottom of the part-time flexible roll. Upon conversion to full-time, an employee's seniority for **bidding purposes** shall include part-time flexible service in both the losing and gaining installations.

6. Changes in Which Seniority is Lost

Except as specifically provided elsewhere in this Agreement, a full-time employee or a part-time regular employee begins a new period of seniority:

- a. When the change is:
 - (1) from one postal installation to another at the employee's request.
 - (2) from another craft to the Clerk Craft (voluntarily or involuntarily).

Article 37.2.D.6.b

- b. Upon reinstatement or reemployment.
- c. Upon transfer into the Postal Service.

7. Change in Which Seniority is Modified

When mutual exchanges are made between Clerk Craft employees **in the same status** in different installations, both of the exchanging employees shall take the seniority date **or relative standing on the part-time flexible roll** of the junior employee involved and shall be reassigned as unassigned full-time **regular, part-time regular or part-time flexible** employees **based on existing status**.

Section 3. Posting, Bidding, and Application

A. Newly established and vacant Clerk Craft duty assignments shall be posted as follows:

1. All newly established Clerk Craft duty assignments shall be posted to craft employees eligible to bid within 28 days. All vacant duty assignments, except those positions excluded by the provisions of Article 1, Section 2, shall be posted within 28 days unless such vacant duty assignments are reverted.

a. Full-time duty assignments.

- (1) Newly established full-time duty assignments are posted to full-time employees eligible to bid and to currently qualified part-time regular employees eligible to bid who were previously full-time employees in the Clerk Craft in the same installation.

Article 37.3.A.1.b.(1)

- (2) Vacant full-time duty assignments are posted to full-time employees eligible to bid.
- (3) Residual full-time vacancies are posted for bid, **within 28 days** to part-time regular employees eligible to bid, after the application of Section 4.C, Assignment of Unencumbered Employees, unless such vacancies are being withheld pursuant to Article 12.
 - (a) To be eligible to bid on a residual full-time vacancy, a part-time regular employee must be senior to the senior part-time flexible on the roll who states a preference on the duty assignment.
 - (b) Posting of residual full-time duty assignments to part-time regular employees will be concurrent with part-time flexible preferencing under Section 5. A part-time regular employee eligible to bid on a duty assignment will be placed in the duty assignment ahead of a part-time flexible employee expressing a preference for the duty assignment.

b. Part-time regular duty assignments.

- (1) Newly established and vacant part-time regular duty assignments are posted to full-time and part-time regular employees who are eligible to bid.

Article 37.3.A.1.b.(2)

2. **Reversion.** When a vacant duty assignment is under consideration for reversion, the local Union President will be given an opportunity for input prior to a decision. The decision to revert or not to revert the duty assignment shall be made not later than 28 days after it becomes vacant and if the vacant assignment is reverted, a notice shall be posted advising of the action taken and the reasons therefor.
3. **Withholding.** When vacancies are withheld under the provisions of Article 12, the local Union President will be notified in writing.
4. **Reposting.**
 - a. When it is necessary that fixed schedule day(s) of work in the basic work week for a duty assignment be permanently changed, the affected assignment(s) shall be reposted.
 - b. The determination of what constitutes a sufficient change of duties, principal assignment area or scheme knowledge requirements to cause the duty assignment to be reposted shall be a subject of negotiation at the local level.
 - c. The determination of what constitutes a sufficient change in starting time of a duty assignment to cause the duty assignment to be reposted is negotiable at the local level, provided:

Article 37.3.A.4.d

- (1) No duty assignment will be reposted when the change in starting time is one hour or less.
 - (2) The above criteria will also apply to cumulative changes in starting time within the life of this Agreement. Cumulative changes are changes that move the starting time outside a circle which has the starting time as its center and the agreed upon time as its radius.
 - (3) The incumbent shall have the option of accepting the new reporting time, if negotiated at the local level. If the incumbent accepts the new reporting time, the assignment will not be reposted.
 - (4) If the incumbent does not accept the new reporting time, the assignment will be reposted.
- d. When duty assignments are reposted in accordance with a., b., or c. above, such repostings of level 5, 6, and 7 duty assignments will be limited to employees within the same and higher salary levels and status; and repostings of level 4 duty assignments will be limited to those employees in that salary level and status.

Subsequent postings which result from a reposted duty assignment will be limited to employees within the above salary levels until a residual vacancy is identified. Residual vacancies which result from repostings will be filled in the following order:

Article 37.3.A.4.d.(1)

- (1) Assign any unencumbered employees in the same salary level who are available for assignment, in accordance with Section 4.C.1.
 - (2) Post to full-time employees in all levels who are eligible to bid and part-time regular employees in all levels who are eligible to bid.
 - (3) If no bidders, assign unencumbered lower level employees in accordance with Section 4.C.1.
- e. Duty assignments within multicraft positions shall not be reposted due to changes in hours, off days, or duties. A multicraft position is a position from which a duty assignment is posted for bid to employees from more than one craft and is awarded based on seniority.
- f. If the decision is to repost an occupied duty assignment and there are two or more identical (hours, off days and duties) assignments within the section, the duty assignment of the junior incumbent of such assignment will be reposted.
5. In instances where more than one duty assignment is posted, clerks may indicate preferences on the bid form or in the telephone or computerized bidding process.
 6. An employee who has submitted a bid shall have the right to cancel the bid, in writing or in the telephone or computerized bidding process, at any time before the closing time (hour and date) of the posting. Such cancellation, to be official, shall be

Article 37.3.A.7.c

date stamped or processed by telephone or computer (with confirmation). An employee may not cancel a bid after the closing time of the posting.

7. Best Qualified Positions

- a. All newly established and vacant duty assignments in a best qualified position shall be posted for bid to full-time employees encumbered in duty assignments in the same salary level and same best qualified position, except when a vacant assignment(s) is being considered for reversion. The successful bidder must be placed in the duty assignment within 28 days after the successful bidder notice is posted, except in the month of December.
- b. The residual vacancy, as defined in Section 1 of this Article, will be posted for application unless the vacancy is being withheld pursuant to Article 12. **The application process must be completed within 42 days.** The successful applicant must be placed in the duty assignment within 28 days after the successful applicant notice is posted, except in the month of December.
- c. Part-time regular employees may apply for best qualified duty assignments. Applications from part-time regular employees will not be considered if sufficient (equal or greater in number than available duty assignments) full-time and part-time flexible employees meeting the minimum qualifications apply.

Article 37.3.A.7.d

- d. Incumbents in each best qualified position and salary level will be in a separate category for Article 12 excessing purposes. These categories will be separate from senior qualified positions.
8. Clerks temporarily detailed to a nonbargaining-unit position (204b) may not bid, **express Article 37.5 preferences, exercise Article 12 retreat rights,** or apply for vacant Clerk Craft duty assignments while so detailed. However, nothing contained herein shall be construed to preclude such temporarily detailed employees from voluntarily terminating a 204b detail and returning to their craft position. Upon return to the craft position, such employees may exercise their right to bid or apply for vacant Clerk Craft duty assignments.

The duty assignment of a clerk detailed to a nonbargaining-unit position, including a nonbargaining-unit training program, in excess of 4 months shall be declared vacant and shall be posted for bid in accordance with this Article. Upon return to the craft the employee will become an unassigned clerk with a fixed schedule.

A clerk temporarily detailed to a nonbargaining-unit position will not be returned to the craft solely to circumvent the provisions of Section 3.A.8. **Returning to the bargaining unit for a period of not less than five (5) working days will have met the criteria of not circumventing Section 3.A.8. Local Memorandums with existing language as of the effective date of this agreement, whether greater or less than, the five working days will prevail. This is not an item subject to local implementation.**

Article 37.3.A.9.b.(2)

Form 1723, Notice of Assignment, shall be used in detailing clerks to temporary nonbargaining-unit positions (204b). The Employer will provide the Union at the local level with a copy of Form(s) 1723 showing the beginning and ending of all such details.

Article 37.3.A.11

1. **In the Clerk Craft, an employee(s) involuntarily excused from the Craft or installation (Article 12.5.C.5) shall be entitled at the time of such reassignment to file a written request to return to the first vacancy in the craft and installation from which reassigned. Such request for retreat rights must indicate whether the employee(s) desires to retreat to the same, lower, and/or higher salary**

Article 37.3.B.3

level assignment and, if so, what salary level(s). The employee(s) shall have the right to bid for vacancies within the former installation and the written request for retreat rights shall serve as a bid for vacancies in the level from which the employee was reassigned and for all residual vacancies in other levels for which the employee has expressed a desire to retreat. The employee(s) may retreat to only those assignments for which the employee(s) would have been eligible to bid. If vacancies are available in the specified lower, higher or same salary level, the employee will be given the option.

Repostings occurring pursuant to Article 37, Sections 3.A.4.a, 3.A.4.b, and 3.A.4.c, are specifically excluded from the application of this subsection.

Withdrawal of a bid or failure to qualify for a vacancy or residual vacancy terminates retreat rights to the level of the vacancy. Furthermore, employee(s) electing to retreat to a lower level are not entitled to salary protection.

2. In the Clerk Craft, when excessing from a section occurs (Article 12.5.C.4), any duty assignments remaining within the section occupied by Clerks junior to the senior Clerk whose duty assignment was abolished will be posted for bid to currently qualified Clerks within the section.
3. Special excessing provisions for Best Qualified duty assignments are found at Article 37.3.A.7.d.

Article 37.3.C

C. Place of Posting

1. The notice inviting bids for a duty assignment shall be posted on all official bulletin boards and available within the computerized bidding process at the installation where the vacancy exists, including stations and branches, to assure that it comes to the attention of all employees eligible to submit bids. Copies of the notice shall be given to the local Union. When absent employees have so requested in writing, stating their mailing addresses, a copy of any notice inviting bids from the Clerk Craft shall be mailed to them by the installation head.
2. Posting and bidding for duty assignments shall be installation-wide, except as otherwise provided for in this Agreement.

The senior qualified bidder meeting the qualification standards for the position shall be designated the “successful bidder.” If a deferment period is required, the employee will be designated the “senior bidder.”
- b. An employee will be limited to five senior unsuccessful bids during the duration of this Agreement.

Article 37.3.F.1.c

- c. A senior unsuccessful bid is one on which the employee is designated the senior bidder and, due to withdrawal, failure to qualify, or other voluntary relinquishment of the employee's rights to the duty assignment, does not become the successful bidder. If an employee exercises an option to withdraw in order to accept a duty assignment on which the employee remains a live bidder, such withdrawal does not constitute a senior unsuccessful bid.
- d. An employee who has used five senior unsuccessful bids for any reason during the duration of this agreement will not be permitted further bids unless such bid:
 - (1) is to a duty assignment for which the employee is currently qualified;
 - (2) is due to elimination or reposting of the employee's duty assignment; or
 - (3) is required in order to retain saved grade.
- 2. The successful bidder must be placed in the new assignment within 28 days except in the month of December. The local agreement may set a shorter period.
- 3. a. When the duty assignment requires scheme knowledge, if the senior bidder is qualified on the scheme requirements of the position, assign the employee in compliance with 2 above. If the senior bidder is not qualified on the scheme requirements when the posting period is closed, permanent filling of the duty

Article 37.3.F.3.a

assignment shall be deferred until such employee is qualified on the scheme requirements. The deferment period shall begin the date the senior bidder is scheduled to report for training and shall be computed based on the following:

Total Number of Scheme Items	Deferment period (calendar days)

1301-1400	86
1401-1500	90
1501-1600	95
1601-1700	100
1701-1800	105
1801-1900	110
1901-2000	115

Normally, the employee will begin the required training within 10 days after the posting of the senior bidder, excluding December. An employee who has scheduled leave of a week or longer (four (4) days during a holiday week) within the first twenty eight (28) days, may at his/her option, begin training upon return from the scheduled leave.

Article 37.3.F.3.b

b. An employee designated the senior bidder may withdraw at any time prior to completing training and being designated the successful bidder. An employee who begins training and subsequently withdraws, fails to qualify, or otherwise relinquishes rights to the duty assignment will be restricted from any further bidding for a period of 90 days from the date of withdrawal or failure to qualify.

- (1) If the senior bidder withdraws prior to beginning training or fails to complete four hours of training within five work days of the date the senior bidder is scheduled to report for training, the duty assignment will be forfeited to the second senior bidder. The second senior bidder, if not qualified on the scheme requirements, will enter a deferment period as described above.
- (2) If the senior bidder completes four or more hours of training within five work days of the date the senior bidder is scheduled to report for training and subsequently withdraws, fails to qualify, or otherwise relinquishes rights to the assignment, the senior currently qualified bidder shall be permanently assigned as indicated in c. below.
- (3) If a duty assignment is forfeited to the second senior bidder and the second senior bidder withdraws, fails to qualify, or otherwise relinquishes rights to the duty assignment, the senior currently qualified bidder shall be permanently assigned as indicated in c. below. In

Article 37.3.F.4.a

such case, the bid will be considered a senior unsuccessful bid. If the second senior bidder began training, he/she will be restricted from any further bidding for a period of 90 days from the date of withdrawal or failure to qualify.

- c. Within 21 days after the end of the deferment period, the senior currently qualified bidder shall be permanently assigned except as indicated below. A notice shall be posted stating the successful bidder. During the deferment period, the assignment normally should be filled by the detail of a qualified employee.
4. a. When the duty assignment requires machine qualifications, if the senior bidder is qualified on machine qualifications, which means the ability to key at the appropriate speed and accuracy on the appropriate keyboard, assign the employee in accordance with 2 above. If the senior bidder is not qualified when the posting period is closed, permanent filling of the **duty** assignment shall be deferred until the senior bidder is qualified on the machine qualifications. The hours of training established for machine qualifications shall constitute the deferment period, which shall begin on the first day the training is scheduled. Normally, the employee will begin the required training within 10 days after the posting of the senior bidder, excluding December. An employee who has scheduled leave of a week or longer (four (4) days during a holiday week) within the first twenty-eight (28) days, may at his/her option, begin training upon return from the scheduled leave.

Article 37.3.F.4.b

- b. An employee designated the senior bidder may withdraw at any time prior to completing training and being designated the successful bidder. An employee who begins training and subsequently withdraws, fails to qualify, or otherwise relinquishes rights to the duty assignment will be restricted from any further bidding for a period of 90 days from the date of withdrawal or failure to qualify.
 - (1) If the senior bidder withdraws prior to beginning training or fails to complete four hours of training within five work days of beginning training, the duty assignment will be forfeited to the second senior bidder. The second senior bidder, if not qualified on the machine qualifications, will enter a deferment period as described above.
 - (2) If the senior bidder completes four or more hours of training within five work days of beginning training and subsequently withdraws, fails to qualify, or otherwise relinquishes rights to the duty assignment, the senior currently qualified bidder shall be permanently assigned as indicated in c. below.
 - (3) If a duty assignment is forfeited to the second senior bidder and the second senior bidder withdraws, fails to qualify, or otherwise relinquishes rights to the duty assignment, the senior currently qualified bidder shall be permanently assigned as indicated in c. below. In such case, the bid will be considered a senior unsuccessful bid. If the second

Article 37.3.F.5

senior bidder began training, he/she will be restricted from any further bidding for a period of 90 days from the date of withdrawal or failure to qualify.

- c. Normally, the employee will begin the required training within 10 days after the posting of the senior bidder, excluding December. Within 21 days after the end of the deferment period, the senior currently qualified bidder shall be permanently assigned. A notice shall be posted stating the successful bidder. The deferment period for machine qualifications training, the scheme requirements, and scheme distribution keyboard training will not be concurrent. During the deferment period, the assignment normally should be filled by the detail of a qualified employee. Where scheme knowledge is required, the provisions of Section 3.F.3 above are applicable.
 - d. Except as specifically provided elsewhere in this Article, no employee shall be denied the opportunity to bid or qualify on any mail sorting machine duty assignment solely because of a previous unsuccessful attempt to qualify for a mail sorting machine duty assignment.
5. When the posted duty assignment requires a specific skill(s) where the employees must be immediately qualified, senior bidders will be given an opportunity to demonstrate the skill(s). A minimum of five senior bidders will be tested, unless one or more of the five are currently qualified. In that case, all bidders senior to the senior currently qualified employee will be tested. This demonstration occurs prior to an employee

Article 37.3.F.5.a

being designated as the senior bidder or the senior qualified bidder.

- a. This provision applies to the following positions/duty assignments:

Air Records Processor, PS-6;

Clerk Stenographer, PS-5;

Self-Service Postal Center Technician, PS-6;

All senior qualified duty assignments requiring typing skills.

- b. An employee who, as the result of a bid, attempts to demonstrate the skill(s) for one of the above positions/duty assignments and fails will be restricted from bidding on positions/duty assignments which require the same skill(s) for a period of 120 days from the date the employee attempts to demonstrate the skill.
6. Where incidental typing is required as a part of a duty assignment, such requirement must be reasonably related to the efficient performance of the responsibilities of the duty assignment.
 7. The senior bidder for any of the following positions will enter a deferment period and be provided appropriate combinations of training, testing and practical demonstration of ability to perform in the actual position. Permanent assignment to the position will be deferred until successful completion of the training. If the employee does not satisfactorily complete the training or withdraws, the employee will be returned to his/her former duty assignment and the next senior bidder will be placed into training. An

Article 37.3.F.7.b

employee bidding from one of the positions on the list to another requiring similar essential duties will not be required to take the training.

- a. In installations where 105 or more hours of training are required for position qualification and a full-time duty assignment in any of the above position designations requires scheme qualification, the deferment period for scheme(s) and position qualification will not be concurrent.
- b. An employee who is designated the senior bidder for any of the positions listed in F.7. above and who subsequently fails to satisfactorily complete the training or withdraws from the bid will be restricted from bidding on posted duty assignments in that position designation for a period of 180 days,

Article 37.3.F.7.b.(1)

except as provided for in (1) and (2) below. The 180 day restriction begins on the effective date of the withdrawal, or, if an examination is required, on the date the employee took the examination.

This bidding restriction does not apply if:

- (1) The employee's bid duty assignment is abolished or reposted during the 180-day bidding restriction.
 - (2) The employee withdraws prior to completion of 25% of the position qualification training hours.
8. a. When an employee is designated as successful bidder and remains a live bidder on other bids, the employee shall notify management in writing within ten days of his/her election to remain a bidder on one or more of those assignments. The notice shall identify the assignment(s) by job and posting number. Failure to notify within ten days will cancel such other bids.
- b. When an employee is in a deferment period and would be designated a senior or successful bidder on a previous bid, the employee will be given a choice to remain in training or become the senior or successful bidder on the previous bid.
- c. Except as otherwise specifically provided in 3.F.3, 3.F.4, and 3.F.7, any of the following shall end the deferment period, and the duty assignment shall be filled in accordance with the provisions of this Article:

Article 37.3.F.10

- (1) The senior bidder withdraws prior to the end of the deferment period;
 - (2) The senior bidder is designated the senior or successful bidder on a subsequent posting during the deferment period. Eligibility to demonstrate a skill per 3.F.5 does not end a deferment period.
 - (3) The senior bidder otherwise relinquishes the employee's rights (voluntarily or involuntarily) to the assignment.
- d. Any withdrawal, to be official, shall be date stamped or if done by telephone or computer, must have confirmation.
9. Pursuant to the Memorandum of Understanding, dated March 3, 1975, concerning use of full-time employees on Relief and Pool duty assignments, such assignments in the Clerk Craft shall normally be used to cover:
- a. Absences of employees holding full-time bid assignments in:
 - (1) Stations or Branches;
 - (2) Window Service;
 - (3) Customer Service, Finance or E&LR.
 - b. Functions which predictably occur at the end of the accounting period (Timekeeper, Examination Specialist, etc.)
10. Normally, the successful bidder shall work the duty assignment as posted and shall not be displaced by a junior employee. This does not prohibit the Employer from assigning other

Article 37.4

employees to work the assignment for training purposes.

Section 4. Unencumbered Employees

A. Coverage. Full-time flexible employees and unassigned regular employees are considered unencumbered employees.

B. An employee who becomes an unassigned regular will continue to work the same hours and scheduled days the employee worked immediately prior to becoming unassigned unless notified of a change in work schedule before expiration of the first 28 days after the date on which the employee became unassigned. Additional work schedule changes may be made, provided that such change cannot be made effective until 180 days after the effective date of any previous change.

C. Assignment of Unencumbered Employees

Assignment of unencumbered employee(s) will be made within 21 days of the duty assignment becoming residual (Article 37.1) in accordance with the following:

- 1. Any unencumbered employee(s) who becomes unencumbered for any reason will receive saved grade (Article 37.4.C.6.a) if he/she voluntarily bids to a lower level duty assignment(s) prior to or during the involuntary assignments. Once an employee is assigned to a same or higher level duty assignment (Article 37.4.C.5) and notified in writing of an assignment this option of bidding a lower level duty assignment will no longer be available.**
- 2. If there are sufficient same or higher level vacancies, unencumbered employees shall be involuntarily assigned to same or higher level**

Article 37.4.C.5.a.(1)

vacancies in accordance with Article 37, Section 4.C.5.

- 3. If there are insufficient same or higher level vacancies to accommodate assignment of all unencumbered employees, preference eligible employees will be placed first into the same or higher level vacancies in accordance with Article 37, Section 4.C.5.**
- 4. After placement of the unencumbered preference eligible employees, non-preference eligible unencumbered employees will be placed in accordance with Article 37, Section 4.C.5.**
- 5. To the Same or Higher Level**
 - a. Employees not encumbered in bid duty assignments **shall** bid on duty assignments posted for bid. These employees shall be assigned to residual full-time duty assignments in the same or higher salary level for which the employees meet the minimum qualifications. The assignments will be made in the following order:
 - (1) Currently Qualified Employees.

Offer residual assignments by seniority to employees who are currently qualified on all of the requirements of a residual assignment. If an employee is qualified on two or more residual duty assignments, the employee will be given an option and be awarded their choice based on seniority. If assignments remain unfilled for which there are currently qualified unencumbered employees, involuntarily assign these

Article 37.4.C.5.a.(2)

employees by seniority.

(2) Partially Qualified Employees.

Offer residual assignments by seniority to employees who are qualified on at least one, but not all, of the requirements of a residual assignment. If an employee is partially qualified on two or more residual duty assignments, the employee will be given an option and be awarded their choice based on seniority. If assignments remain unfilled for which there are partially qualified unencumbered employees, involuntarily assign these employees by seniority.

(3) Employees Not Currently or Partially Qualified.

Involuntarily assign employees, starting with the senior employee. When there is more than one residual vacancy, the employees will be given an option and be awarded their choice based on seniority.

- b. Unencumbered clerks who are detailed to nonbargaining positions are considered to be unavailable for assignment in accordance with a. above.

6. To a Lower Level

- a. Lower-level residual vacancies that still exist after application of 4.C.5 above **will** be offered to unencumbered employees and their preference shall be honored by seniority. Then assign unencumbered employees by

Article 37.4.C.6.b.(3)

inverse seniority to lower-level residual full-time assignments. **If an unencumbered preference eligible employee is reached when assigning employees to lower level duty assignments in accordance with this Section (4.C.6):**

- (1) The most junior non-preference eligible same level Clerk Craft employee in the installation shall be reassigned to the lower level vacancy.**
- (2) The unencumbered preference eligible employee will then be assigned to the duty assignment previously occupied by that junior non-preference eligible employee.**
- (3) Any employee reassigned to a lower level duty assignment shall receive saved grade.**

b. An employee who receives saved grade under this Section (4.C.6.a) will receive saved grade as follows:

- (1) Employees who receive saved grade under this Section (4.C.6.a) will not be required to bid or apply for vacancies in their former wage level for a period of two years from the time they occupy the lower level duty assignment.**
- (2) After the two year period, employees will be expected to bid or apply to former level duty assignments for which they are qualified or may become qualified by entering a scheme deferment period.**
- (3) If no employee in the saved grade status bids or applies to the former level duty**

Article 37.4.C.6.b.(4)

assignments, the junior employee(s) in the saved grade status will have their saved grade taken away.

- (4) An employee in saved grade status who bids or applies for a former wage level duty assignment and is declared the senior bidder but fails to qualify, will lose saved grade protection. No more than one employee in the saved grade status group will have saved grade taken away for each former level duty assignment posted.**
7. a. An employee who was not hired from a machine register and who has not subsequently passed machine training may not be involuntarily assigned to a machine duty assignment regardless of salary level. This provision does not prohibit the Employer from making a job offer to an unencumbered employee in the same level.
- b. An employee hired from a machine register who has not qualified on a particular machine skill (e.g., letter sorting machine, flat sorting machine) may not be involuntarily assigned to a duty assignment requiring that machine skill until all unencumbered employees who have qualified on that machine skill have been assigned.
8. Full-time employees are assigned only to full-time residual vacancies. Part-time regular employees are assigned first to part-time regular residual vacancies, then if necessary, they may be assigned to remaining full-time regular residual vacancies if senior to the senior part-time flexible employee.

Article 37.5.A.1

D. Identification of Newly Established Duty Assignments

When the number of full-time regular Clerk Craft duty assignments in an installation is less than the number of full-time Clerks, a full-time employee remaining unencumbered for a period of 120 calendar days shall demonstrate the need to post the newly established full-time regular duty assignment in accordance with Article 37.3.A.1.a.

When the number of part-time regular Clerk Craft duty assignments in an installation is less than the number of part-time regular Clerks, a part-time regular employee remaining unencumbered for a period of 120 calendar days shall demonstrate the need to post the newly established part-time regular duty assignment in accordance with Article 37.3.A.1.b.

This process shall continue until all unencumbered Clerks eligible to be assigned have successfully bid or been assigned to duty assignments.

Exceptions: Any full work or paid leave weeks (40 hours) during which unencumbered Clerks are: 1) detailed to non-bargaining positions; 2) identified as impacted under the provisions of Article 12.5.C (excluding 12.5.C.4); or 3) medically unsuitable for assignment, shall not be included when establishing this 120 day period.

[see Memo, page 366]

Section 5. Conversion/Part-Time Flexible Preference

A. General Principles

1. The Employer will maintain a single merged part-time flexible roll.

Article 37.5.A.2

2. Part-time flexible employees shall be converted to full-time in the manner set forth in this section.
3. When an opportunity exists for conversion to a vacant full-time Clerk Craft duty assignment, employees shall, in accordance with this section, exercise a preference(s) as to the duty assignment(s) they desire to be converted into based on their standing on the part-time flexible roll.
4. Part-time flexible employees who have exercised a preference and fail to qualify shall not be discharged or disciplined as a result of such failure.
5. **Part-time flexible preferencing under Section 5 will be concurrent with posting of residual duty assignments to part-time regular employees under Section 3.A.1. This will occur within 28 days after the application of Section 4.C, Assignment of Unencumbered Employees, unless such vacancies are being withheld pursuant to Article 12.**
6. Normally, the senior part-time flexible stating a preference will be placed into training within 10 calendar days.
7. When a part-time flexible employee is identified as currently qualified or successfully completes the training for a stated preference, the employee should be converted to full-time and placed in the duty assignment within 28 days except in the month of December. Management should release a part-time flexible Mark-up Clerk, Automated as soon as possible, but for replacement training purposes may delay the employee's release to that duty assignment for up to 180 days after being

Article 37.5.B.1

identified as senior for conversion or training. This delay in placement does not alter the employee's normal conversion at the appropriate time.

8. Full-time flexible assignments created as a result of the Maximization Memorandum of Understanding shall be filled in accordance with these procedures.
9. If an opportunity for conversion is to a best qualified full-time Clerk Craft duty assignment, the successful applicant shall be converted. Applications from part-time flexible employees shall not be considered if sufficient (equal or greater in number than available duty assignments) full-time employees meeting the minimum qualifications apply.
10. Part-time flexible employees who express a preference may not withdraw from the assignment or from training except as specifically provided for in 10. below.
11. A part-time flexible employee in training for a stated preference who is converted to full-time, either pursuant to Article 7, Section 3.A or due to being currently qualified on another assignment, shall have the option of either remaining in training for the stated preference or withdrawing from training.

B. Preference Requirements/Eligibilities

4. For each duty assignment, place the senior part-time flexible who stated a preference for that assignment into the assignment if currently qualified. If not currently qualified, place that employee into training for that assignment. Upon successful completion of the training, convert and place the employee into the assignment.
5. If the senior part-time flexible fails to qualify or withdraws pursuant to A.10 above, convert and place the next currently qualified part-time flexible.

C. Duty Assignment. A set of duties and responsibilities within a recognized occupational group and level regularly scheduled during specific hours of duty.

D. Preferred Duty Assignment. A duty assignment preferred over the present duty assignment by an employee eligible to bid for such duty assignment when it is posted for bid. This bidding is done among qualified employees in the same level and occupational group as the vacant duty assignment.

E. Service Seniority. Service Seniority is based on total part-time or full-time service in the Maintenance Craft, regardless of occupational group and level. It begins with an appointment to the regular part-time or full-time work force in the Maintenance Craft. An exception is a part-time regular employee who is converted to a full-time regular position begins a new period of service seniority. Employees who were on the rolls before May 1, 1958, who had temporary or indefinite appointments, which continued to career appointments, retain seniority credit for combined temporary, indefinite and career employment which was continuous in the same position designation and installation.

F. Installation Seniority. This seniority is computed from entry into the maintenance craft in the installation. It continues to accrue so long as service in the maintenance craft and installation is uninterrupted.

G. Seniority for Preferred Assignments. This seniority determines relative standing among regular work force

Article 38.2.G.1

employees eligible to bid for preferred assignments.

1. Employees who enter into a regular work force position in a particular occupational group and level prior to June 25, 1992, shall have seniority for preferred assignments computed from entry into regular work force position in a particular occupational group and level. It continues to accrue so long as service in the same occupational group and level, and installation is uninterrupted. See section 5.A.3. of this Article for order of placement on preferred assignment registers.

Section 3. Seniority

A. Introduction

The U.S. Postal Service and the Maintenance Craft Division, APWU, AFL-CIO, agree to the following seniority principles which replace all former rules, instructions and practices. Article 38.3.E.2

Article shall be so applied in determining those relative seniority standings.

Article 38.3.F

F. Restoration of Service Seniority and Seniority for Preferred Assignments

Except as provided in Article 12, Section 2.B, seniority is restored as if service had been continuous upon:

1. Reemployment after Disability Separation. On reinstatement or reemployment after separation caused by disability, retirement, or resignation because of personal illness and the employee so stated this reason in the resignation and furnished satisfactory evidence for inclusion in the employee's personnel folder, the employee receives seniority credit for past service for time on the disability retirement or for illness if reinstated or reemployed in the same installation and in the same salary level from which separated; provided application for reinstatement or reemployment is made within six months from the date of recovery. The date of recovery in the case of disability retirement must be supported by notice of recovery from the Compensation Group, Office of Personnel Management, and in the case of resignation due to illness by statement from the applicant's attending physician or practitioner.
2. Restoration in the same installation after military duty.
3. Restoration to the employee's former position in the same installation after unwarranted or unjustified separation.
4. Involuntary reassignment to another installation.

Article 38.3.H

2. If the change was to a lower salary level in the same installation and the level was other than the occupational group from which promoted, whether the change was for voluntary, arbitrary or disciplinary reasons, seniority is established as one day less than the junior regular work force employee in that level and occupational group or the employee's own seniority, whichever is lesser, if the employee was changed to a lower salary level prior to June 25, 1992.
3. If the change to a lower salary level occurs on or after June 25, 1992, seniority for preferred assignments shall be determined in accordance with section 2.G.2 of this Article. See section 5.A.3 of this Article for order of placement on preferred assignment registers.

Article 38.3.I

I. Change in Which Seniority is Modified

The seniority for Maintenance Craft employees who are reassigned between installations as the result of a mutual exchange in accordance with applicable provisions of the Employee and Labor Relations Manual will be established for both employees as that of the junior employee involved.

J. Seniority for Breaking Ties

When it is necessary to determine the seniority ranking for two or more employees who are **promoted, assigned, reassigned, hired, or transferred** to vacancies in the same occupational group and level in the Maintenance Craft on the same day, the following shall be used to break any tie that might exist:

1. Maintenance Craft Installation Seniority
2. Maintenance Craft Service Seniority
3. Total Maintenance Craft Service
4. Total Postal Career Service
5. Total Postal Service
6. Total Federal Career Civilian Service
7. Numerical by the last 3 or more numbers (using enough numbers to break the tie, but not fewer than 3 numbers) of the employee's social security number, from the lowest to highest.

2. **Employees excessed to lower level under Article 12 into or remaining in the Maintenance Craft shall receive saved grade. Employees receiving saved grade are required to request placement on promotion eligibility registers in their former higher level.**
3. **When applying Article 12.5.C.5.a.(5), the first opportunity to return to the Maintenance Craft shall be to the first same or lower level duty assignment which remains vacant after the in-craft process for posting and filling duty assignments and for which the excessed employee is qualified.**
4. **When applying Article 12.5.C.5.b.(6), a Maintenance Craft employee can exercise their retreat right to any same or lower level duty assignment which remains vacant after the in-craft process for posting and filling duty assignments in their former installation and for which the excessed employee is qualified. Failure to exercise such retreat right results in the employee forfeiting future retreat rights to the occupational group and level for which the retreat was declined.**
5. **If return or retreat to the craft, under 3 or 4 above, is to a lower level duty assignment, the employee shall receive saved grade.**

Article 38.4

Section 4. Posting

An exception to the requirement to repost an assignment where the change in starting time is 2 or more hours may be negotiated locally. Where the achieved score is calculated with respect to any other range that is not a 100-point range, the score shall be converted in a similar fashion.
- c. Where the application of the foregoing banding rules creates ties among successful applicants, the Employer will rank tied successful applicants in the seniority order specified in Article 38.3.J. of the National Agreement.
- d. Section 5.B.8. of this Article does not apply to maintenance craft positions governed by section 5.B.2. of this Article when those positions are filled on the basis of seniority (senior qualified within occupational group and level).

The employer shall have an additional 30 days to complete the update process. Such employee notification must be furnished within thirty (30) days of the acquisition of such additional training, education, or experience. Article 39

ARTICLE 39 MOTOR VEHICLE CRAFT

Section 1. Seniority

Section 2. Posting

Section 3. Special Provisions

Section 1. Seniority

A. Introduction

1. The U.S. Postal Service and the Motor Vehicle Craft Division, APWU, AFL-CIO, agree to the following seniority principles which replace all former rules, instructions and practices.
2. This Article continues relative seniority standings properly established under past instructions, rules, practices and agreements and this Article shall be so applied. Seniority standings so established shall not be changed except to correct an error. If an employee requests a correction of seniority standing, it is the responsibility of the requesting employee to identify and restate the specific instructions, rule or practice in support of the request.
3. Service seniority is based on total part-time or full-time service in the Motor Vehicle Craft regardless of occupational codes and levels. It begins with an appointment to the regular work force in the Motor Vehicle Craft.

B. Seniority for Preferred Assignments

1. This seniority determines relative standing among full-time regular and full-time flexible employees eligible to bid for preferred assignments. It is computed from entry into a regular work force position in a particular occupational group and level. It continues to accrue as long as service in the same occupational group, level, and installation continues. See B5 and B6 below.
2. Employees who change, or have changed, from one designation to another and who during continuous employment in the Motor Vehicle Service and in the same installation return to the former position designation and salary level regain the seniority they had in that position, without seniority credit for intervening employment in other position designations, except as provided for in paragraphs 4, 5 & 6 below.
3. Except as specifically provided for elsewhere in this Agreement, full-time regulars, upon entering the Motor Vehicle Craft from another craft or installation, begin a new period of seniority.
4. When two or more employees in the same installation, salary level, and position designation have seniority for preferred assignments from the same date, the tie will be broken as follows:
 - a. By standing on the part-time flexible roll when both were appointed as a part-time flexible in the same installation, position designation, and salary level.
 - b. By total length of full-time regular or part-time flexible Motor Vehicle Service in the installation

Article 39.1.B.4.c

if the tie is not broken by the preceding rule.

- c. By total career Motor Vehicle Service time in the USPS if the tie is not broken by the preceding rule.
- d. When a Motor Vehicle Service employee's casual appointment is converted to a career appointment the same day there is a new career appointment, reinstatement, reassignment, transfer or promotion to the same salary level and position designation, the converted employee is senior and precedes the other on the part-time flexible roll.
- e. When two or more employees from other crafts enter the Motor Vehicle Craft on the same date, their seniority will be determined by their total continuous postal service.
- f. If the provisions of a. through d. above do not break the tie, then the tie will be broken by using the last three or more numbers (using only enough numbers to break the tie, but not fewer than three numbers) of the employees' social security numbers, from lowest to highest.

5. Seniority is restored under the following conditions:

- a. **Reemployment After Disability Separation.** On reinstatement or reemployment after separation caused by disability, retirement or resignation because of personal illness and the employee so stated in his resignation and furnished satisfactory evidence for inclusion

Article 39.1.B.5.c

in his personnel folder, the employee receives seniority credit for past service for the time on the disability retirement or for illness if reinstated or reemployed in the same postal installation and craft and in the same or lower PS salary level from which originally separated; provided application for reinstatement or reemployment is made within six months from the date of recovery. The date of recovery in the case of disability retirement must be supported by notice of recovery from the Bureau of Retirement Insurance and Occupational Health, Office of Personnel Management, and in the case of resignation due to illness, by a statement from the applicant's attending physician or practitioner. When reinstatement is to the part-time flexible roll, standing on the roll shall be the same as if employment had not been interrupted by the separation.

- b. **Restoration.** On restoration in the same craft in the same installation after return from military service, transfer under letter of authority or unjust removal, an employee shall regain the same seniority rights such employee would have if not separated.
- c. **Reassignment and Return in 90 Days.** A full-time regular or part-time flexible employee, voluntarily reassigned from one craft to another or from one occupational code to another within the motor vehicle craft at the same installation with or without change in PS salary level, who is voluntarily reassigned within 90 days back to the former craft, position designation, and salary level, or occupational code within the motor vehicle

Article 39.1.B.6

craft retains seniority previously acquired in the craft augmented by the intervening employment.

6. Automotive Mechanics, Automotive Technicians And Lead Automotive Mechanics (Level 8 & 9)

- a. The seniority of the Level 6 Automotive Mechanics and Level 7 Automotive Technicians in the installation will be merged into one seniority list for preferred assignments.
- b. Vacant Level 7 Automotive Technician duty assignments will be filled on the basis of senior qualified among the Level 6 Automotive Mechanics, who are qualified as PS-7 Automotive Technicians and Level 7 Automotive Technicians in the installation. The filling of vacant PS-6 Automotive Mechanic duty assignments will be on a senior qualified basis from the PS-6 Automotive Mechanics and PS-7 Automotive Technicians in the installation. For PS-6 and 7 residual vacancies, the selection method will be best qualified from any other position.
- c. The seniority of the Level 8 Lead Automotive Technicians and Level 9 Lead Automotive Technicians (AG) in the installation will be merged into one seniority list for preferred assignments.
- d. Filling Level 8 Lead Automotive Technician and Level 9 Lead Automotive Technician (AG) positions will be senior qualified from Level 8s and 9s. For PS-8 and 9 residual vacancies, the selection method will be best qualified from any other position.

Article 39.1.B.7.e

- e. Employees bidding pursuant to Article 39.2.A.7, may bid only those duty assignments that have the same position designation.

7. Motor Vehicle Operators and Tractor-Trailer Operators:

- a. Full-time regular tractor-trailer operators bidding for PS-7 tractor-trailer assignments shall be assigned before posting any vacant level 7 assignment for bids by full-time regular level 6 operators.
- b. Remaining PS-7 tractor-trailer assignments shall be filled by promoting the senior qualified PS-6 motor vehicle operator who bids.
- c. A PS-7 tractor-trailer operator may bid in competition with a PS-6 motor vehicle operator for a PS-6 motor vehicle operator assignment.
- d. Seniority for preferred assignments is retained upon change from a motor vehicle operator to a tractor-trailer operator, or the reverse.
- e. For purposes of conversion to full-time, part-time flexible Motor Vehicle Operators will be placed together with part-time flexible Tractor-Trailer Operators (TTO) on the same Roll. When the opportunity for conversion to a vacant TTO position exists, the senior TTO qualified part-time flexible, regardless of level, will be converted and placed into the vacant full-time position. When the opportunity for conversion to a vacant Motor Vehicle Operator position exists, and the senior part-

Article 39.1.B.8

time flexible is a Motor Vehicle Operator, he/she will be converted and placed into the position. If the senior part-time flexible is a Tractor-Trailer Operator, he/she will be given the option of accepting the conversion. If the conversion is declined, the next senior part-time flexible will be converted (if the employee is a Motor Vehicle Operator) or will be given the option (if the employee is a Tractor-Trailer Operator). This procedure will continue until the position is filled or until all part-time flexibles on the list have been considered.

8. **Motor Vehicle Operations New in Installation.** In an installation which has had no motor vehicle operations assignment, any such newly established motor vehicle operator or tractor-trailer operator assignments shall be awarded to qualified vehicle maintenance service applicants who are employed in the same installation. The provisions of Article 12, Section 5.C.7, shall be complied with before application of this paragraph.
9. When tractor-trailer assignments are established, motor vehicle operators who are not qualified to drive tractor-trailers, will be given on-the-clock training, starting with the senior motor vehicle operator.
10. When filling Motor Vehicle Craft assignments other than those identified in 2.A.11 below, the service seniority of Motor Vehicle Craft employees who submit an application and meet the qualification standards established for that position will be considered in keeping with the provisions of Article 33.
11. Auxiliary garages beyond the normal commuting

Article 39.1.C.4

area of the home Vehicle Maintenance Facility shall be treated as independent facilities for the purposes of administering this Agreement, except for the application of the provisions of Article 1, Section 6; Article 7, Section 3; and Article 8, Section 8.

12. **Changes in Which Seniority is Modified.** Mutual exchanges may be made only between full-time Motor Vehicle Service employees who are the same level and have the same occupational code. The seniority for Motor Vehicle Craft employees, who are reassigned between installations as a result of a mutual exchange in accordance with applicable provisions of the Employee and Labor Relations Manual (ELM), will be established for both employees as that of the junior employee involved.

C. Definitions

1. **Position Designation.** In the Motor Vehicle Craft, position designation shall be determined by occupation code and level.
2. **Craft Group.** The craft group is composed of those positions for which the Union has secured recognition at the national level.
3. **Application.** A written request by a full-time Motor Vehicle Craft employee for consideration for an assignment for which such employee is not entitled to submit a bid.

[see Memo, page 376]

9. **Residual Vacancy.** A duty assignment that remains vacant after the completion of the voluntary bidding process.

D. Excess Employees

Length of full-time regular or part-time flexible service (service seniority) in the Motor Vehicle Craft in the same installation governs in identifying excess employees within a position designation.

E. Responsibility

The installation head is responsible for day-to-day administration of seniority. The application of this Article shall be open to negotiation at the installation level with the Union.

F. Seniority List

A current seniority list shall be posted in each installation. A copy of the updated seniority list shall be made available to the local Union. For each employee, it shall show:

1. Service Seniority
2. Seniority for preferred assignments

G. Transfer From Other Installation

1. When it is proposed to open a new facility, prior to Management hiring new employees in the Motor Vehicle Craft, all requests for transfer of Motor Vehicle Craft employees from other installations shall be given first consideration.
2. Consideration will be given for transfers to fill Motor Vehicle Craft vacancies at established installations to those qualified employees requesting transfers, where it has been determined, that no employees qualified to bid, or desiring the position are available at the completion of the posting period.

H. Multi-Craft Positions

All level 5 and 6 full-time regular Motor Vehicle Craft employees are eligible to bid for the positions of Examination Specialist (SP 2-188) and Vehicle Operations—Maintenance Assistant (SP 2-195).

Article 39.1.I

I. Vacation Scheduling

Part-time flexible motor vehicle operators (PS-6 and PS-7) may exercise their preference by use of their seniority for vacation scheduling.

J. Temporary Holddowns

Consistent with the following provisions, unassigned full-time regular, full-time flexible and part-time flexible Tractor-Trailer Operators (SP 5-22; PS-7) and Motor Vehicle Operators (SP-10; PS-6) may, in seniority order, exercise a preference for an assignment temporarily vacant for an anticipated duration of ten (10) days or more.

1. The employees utilizing their seniority to select a temporary holddown assignment as above, shall work that assignment for its duration unless: they are otherwise assigned to a permanent duty assignment; it is clearly demonstrated that the employee cannot perform the assignment; the assigned work being performed by a part-time flexible in accordance with the above is needed to provide a full-time employee work to satisfy the 8-hour work guarantee; or unless that individual is otherwise needed to fill a vacant assignment for which there are no qualified employees.
2. The assignment for which employees exercise a preference must be (a) one for which they are qualified, (b) at the unit to which the employee is assigned, and (c) for full-time employees, on the same tour to which they are assigned. Employees on detail, holddown, absent and/or on any type of leave at the time of the temporary holddown bidding will be considered as being unavailable.
3. The posting and awarding of temporary holddown bids shall not exceed 72 hours.

Article 39.2.A.4

4. Selection of a part-time flexible for a holddown assignment in no way modifies the part-time flexible's employment status as to benefits and rights under the National Agreement not otherwise modified as above.
5. All present and existing procedures for filling temporarily vacant motor vehicle assignments at the local level are automatically negated in favor of the foregoing holddown procedure.

Section 2. Posting

A. Vacant Motor Vehicle Craft duty assignments shall be posted as follows:

1. All vacant or newly established craft duty assignments shall be posted or reverted within 28 days. When an assignment is reverted, a notice shall be posted immediately, indicating the action taken and the reason therefor. The local Union shall be given a copy of the notice.
2. When it is necessary that fixed scheduled day(s) of work in the basic work week for a craft assignment be permanently changed, the affected assignment(s) shall be reposted.
3. The determination of what constitutes a sufficient change of duties, or principal assignment area, to cause the duty assignment to be reposted shall be a subject of negotiation at the local level.
4. No assignment will be posted because of change in starting time unless the change exceeds two hours. Whether to post or not is negotiable at the local level, if it exceeds two hours.

Article 39.2.A.5

5. An unassigned full-time employee may bid on duty assignments posted for bid by employees in the craft. If the employee does not bid or is the unsuccessful bidder, such employee shall be assigned in any residual duty assignment within the same position designation. When there is more than one residual vacancy, the vacancies shall be offered to the unassigned full-time employees beginning with the senior employee and their preference shall be honored. If additional vacancies still exist after all available full-time regulars have been assigned to residual vacancies, full-time flexible employees will be assigned to such vacancies in the same manner as provided above. If there are more unassigned full-time employees and/or full-time flexible regular employees than vacancies, seniority will be honored for preferences and involuntary assignments will be made by juniority, if necessary.
6. When requested by the Union, all full-time regular Motor Vehicle Operator, Tractor-Trailer Operator and Vehicle Operator Assistant-Bulk Mail craft assignments shall be posted for bid once each calendar year.
7. All full-time regular Motor Vehicle Maintenance Craft duty assignments may be posted for bid once each calendar year upon mutual agreement between the parties at the local level. Article 39.2.A.11

9. Currently qualified part-time regular employees are eligible to be considered for reassignment to residual vacancies as a result of the application of 6, 7 and 8 above. To be eligible for consideration, the part-time regular employee must be senior to the senior part-time flexible employee.
10. Motor Vehicle Craft employees temporarily detailed to a nonbargaining-unit position may not bid on vacant motor vehicle craft duty assignments while so detailed. However, nothing contained herein shall be construed to preclude such temporarily detailed employees from voluntarily terminating a nonbargaining-unit detail and returning to their craft position. Upon return to the craft position, such employees may exercise their right to bid on vacant motor vehicle craft duty assignments. The duty assignment of a full-time motor vehicle craft employee detailed to a nonbargaining-unit position, including a nonbargaining-unit training program in excess of four months shall be declared vacant and shall be posted for bid in accordance with this Article. Upon return to the craft, the employee will become an unassigned regular. A motor vehicle craft employee temporarily detailed to a nonbargaining-unit position will not be returned to the craft solely to circumvent the provisions of Section 2.A.10. Form 1723, Notice of Assignment, shall be used in detailing motor vehicle craft employees to temporary nonbargaining-unit positions. The Employer will provide the Union at the local level with a copy of Form(s) 1723 showing the beginning and ending of all such details. Employees detailed to nonbargaining-unit positions are not entitled to out-of-schedule premium.
11. Residual vacancies for the following positions are

Article 39.2.A.11.a

If **there is** no part-time flexible employee **in** the same occupational group and grade, the residual vacancy **shall be filled** by other means.

Replacement tools may be purchased locally by the Fleet Manager, who will seek the advice of the local Union in determining the adequacy of the tools to be furnished.

B. In the interest of safety and health and other appropriate considerations, properly certified national representatives of the Union will be given an opportunity to examine and comment on new type vehicles during the developmental stage. **If the Union has any concerns as a result of the First Article Testing (FAT), the Union shall state those concerns in writing to the employer within 14 days of the conclusion of the FAT. 2. This Article will continue relative seniority standings properly established under past principles, rules, and instructions and the Agreement shall be so applied. Thereafter, changes to the seniority list shall be made only when they occur and a copy of such changes will be provided to the Union.

Article 41.2.D

D. Application of Seniority

All bargaining unit employees in an installation shall constitute, for seniority purposes, a single unit.

1. Seniority for Employees

This seniority determines the relative standing among full-time employees. Seniority for bargaining unit employees is computed from date of transfer to, or appointment in the installation and continues to accrue so long as service in the installation is uninterrupted, except as otherwise provided herein.

2. Seniority Tie Breaker

Except as otherwise provided for in this Article, when it is necessary to resolve a tie in seniority between two or more Material Support Craft employees, the following criteria shall apply in the order set forth below:

- a) Total continuous postal career service in the Material Support Craft within the installation.

- c) Total postal career service in the Material Support Craft.
- d) Total postal career service within the installation.
- e) Total postal career service.

- h) Numerical by the last 3 or more numbers (using enough numbers to break the tie, but not fewer than 3 numbers) of the employee's social security number, from lowest to highest.

3. Part-time Flexible Employees

- a) Part-time flexible employees are placed on the part-time flexible roll in the same manner as seniority is determined in Section 2.D.1 & 2 above.
- b) Part-time flexible employees shall be converted to full-time in the manner set forth in this section. When an opportunity for conversion to a Material Support Craft position exists, the vacant assignment shall be posted for application to all part-time flexible employees assigned to the installation. Except for those positions filled on a best qualified basis, the senior applicant who meets the minimum qualifications of the vacant position shall be converted to full-time and placed into the vacant assignment within 28 days of being identified as the senior applicant who meets the minimum qualifications of the vacant position.
- c) If the opportunity for conversion is to a position filled on a best-qualified basis, the applicant who best meets the qualifications of the position shall be converted and placed into the vacant assignment. Applications from part-time flexible employees shall not be

- d) The date of career appointment in the installation shall be used for vacation scheduling.

E. Changes in Which Seniority is Lost

Except as specifically provided elsewhere in this Agreement, an employee begins a new period of seniority:

1. When the change is at the employee's own request from one installation to another;
2. Upon reinstatement or reemployment;
3. Upon transfer into the Postal Service from any other Federal agency;
4. Upon a mutual exchange between the employees; or
5. Upon being excessed/surplused from an APWU bargaining unit into the MES or MDC except that the employee will retain his/her status of full-time or part-time.

On reinstatement or reemployment after separation caused by disability, retirement or resignation because of personal illness and the employee so stated in the resignation and furnished satisfacto-

ry evidence for inclusion in the personnel folder, the employee receives seniority credit for past service for time on the disability retirement or for illness if reinstated or reemployed in the same or lower salary level, from which originally separated; provided application for reinstatement or reemployment is made within six (6) months from the date of recovery. The date of recovery in the case of disability retirement must be supported by notice of recovery from the Compensation Group, Office of Personnel Management and in the case of resignation due to illness, by a statement from the applicant's physician or practitioner.

2. Restoration

On restoration in the same installation after return from military service, transfer under letter of authority, or unjust removal, an employee shall regain the same seniority rights as if not separated.

3. Reassignment and Return in Ninety (90) Days

MEMORANDUM OF UNDERSTANDING
BETWEEN THE
UNITED STATES POSTAL SERVICE
AND THE
AMERICAN POSTAL WORKERS UNION, AFL-CIO

Re: Remote Encoding Center (REC) Transitional Employee

1. The parties agree to the following principles:
 - a. The transitional work force will be comprised of noncareer, bargaining unit employees.
 - b. Transitional employees will be hired for a term not to exceed 360 calendar days and will have a break in service of at least 5 days between appointments.
 - c. Leave provisions for transitional employees are included in Attachment A.
2. Reassignment of Career Employees Outside of a Section, Craft, or Installation:
 - a. Prior to reassigning career employees outside of a section, craft, or installation, management will offer impacted career employees, on a seniority basis, the opportunity to work any existing transitional assignment.
 - b. There will be no out-of-schedule pay or training provided to qualify the impacted employees for these

temporary assignments.

3. Layoff of Career Employees:

- a. Prior to laying off career employees, management will offer the impacted employees the opportunity to work any existing transitional assignments within the installation.
- b. There will be no out-of-schedule pay or training provided to qualify the impacted employees for these temporary assignments.

4. Light Duty

Article 13 does not apply to transitional employees. However, Article 13 does not prohibit the assignment of APWU transitional employees to light duty.

5. Article 15:

- a. The parties recognize that transitional employees will have access to the grievance procedure for those provisions which the parties have agreed apply to transitional employees.
- b. Nothing herein will be construed as a waiver of the employer's obligation under the National Labor Relations Act. Transitional employees will not be discharged for exercising their rights under the grievance- arbitration procedure.
- c. The separation of transitional employees upon completion of their 360-day term and the decision to not reappoint transitional employees to a new term are not grievable.
Transitional employees may be separated for lack of work at any time. Such separation is not grievable

except where it is alleged that the separation is pretextual.

Transitional employees may be disciplined or removed within the term of their appointment for just cause and any such discipline or removal will be subject to the grievance-arbitration procedure, provided that within the immediately preceding six months, the employee has completed ninety (90) work days, or has been employed for 120 calendar days, whichever comes first.

In the case of removal for cause within the term of an appointment, a transitional employee shall be entitled to advance written notice of the charges against him/her in accordance with the provisions of Article 16 of the National Agreement.

This Section c is effective June 7, 1996.

6. Health Insurance

After an initial appointment for a 360-day term and upon reappointment to another 360-day term, any eligible non-career transitional employee who wants to pay health premiums to participate in the Federal Employees Health Benefits (FEHB) Program on a pre-tax basis will be required to make an election to do so in accordance with procedures to be published as soon as administratively practicable. The total cost of health insurance is the responsibility of the non-career transitional employee.

7. Higher Level Pay

Effective June 8, 1996, in the event a transitional employee (TE) is temporarily assigned to a higher level position, such employee will be paid at the higher level only for the time actually spent on such job. This language should not be

construed to encourage the Postal Service to temporarily assign such employees to higher level positions. When the opportunity exist for higher level assignment, the principle of preference for career employees over transitional employees should be utilized.

ATTACHMENT A

TRANSITIONAL EMPLOYEE ANNUAL LEAVE PROVISIONS:

I. GENERAL

A. Purpose. Annual leave is provided to transitional employees for rest, recreation, emergency purposes, and illness or injury.

1. Accrual of Annual Leave. Transitional employees earn annual leave based on the number of hours in which they are in a pay status in each pay period.

Rate of Accrual	Hours in Pay Status	Hours of Annual Leave Earned Per Pay Period
1 hour for each unit of 20 hours	20	1
in pay status in	40	2
each pay period	60	3
	80	4 (max.)

2. Biweekly Crediting. Annual leave accrues and is credited in whole hours at the end of each biweekly pay period.

3. Payment For Accumulated Annual Leave. A separating transitional employee may receive a lump-sum payment for accumulated annual leave subject to the following condition:

a. A transitional employee whose separation is effective before the last Friday of a pay period does not receive

credit or terminal leave payment for the leave that would have accrued during that pay period.

II. AUTHORIZING ANNUAL LEAVE

- A. General. Except for emergencies, annual leave for transitional employees must be requested on Form 3971 and approved in advance by the appropriate supervisor.
- B. Emergencies and Illness or Injury. An exception to the advance approval requirement is made for emergencies and illness or injury; however, in these situations, the transitional employee must notify appropriate postal authorities as soon as possible as to the emergency or illness/injury and the expected duration of the absence. As soon as possible after return to duty, transitional employees must submit Form 3971 and explain the reason for the emergency or illness/injury to their supervisor. Supervisors approve or disapprove the leave request. When the request is disapproved, the absence may be recorded as AWOL at the discretion of the supervisor as outlined in Section IV.B below.

III. UNSCHEDULED ABSENCE

- A. Definition. Unscheduled absences are any absences from work that are not requested and approved in advance.
- B. Transitional Employee Responsibilities. Transitional employees are expected to maintain their assigned schedule and must make every effort to avoid unscheduled absences. In addition, transitional employees must provide acceptable evidence for absences when required.

IV. FORM 3971, REQUEST FOR, OR NOTIFICATION OF, ABSENCE

- A. Purpose. Application for annual leave is made in writing, in duplicate, on Form 3971, Request for, or Notification of, Absence.
- B. Approval/Disapproval. The supervisor is responsible for approving or disapproving application for annual leave by signing Form 3971, a copy of which is given to the transitional employee. If a supervisor does not approve an application for leave, the disapproved block on Form 3971 is checked and the reasons given in writing in the space provided. When a request is disapproved, the reasons for disapproval must be noted. AWOL determinations must be similarly noted.

Re: Enhancing TE Career Opportunities

In the interest of enhancing career employment opportunities for APWU transitional employees, the Postal Service and the APWU agree as follows:

1. APWU transitional employees (TEs) who have completed 180 days of employment as a TE and are still on the TE rolls, may take two such entrance examinations for career position(s) in APWU-represented crafts. Only two such examination opportunities will be provided each eligible TE pursuant to this memorandum, except that eligible TEs will be permitted to retake any exam which is subsequently discontinued and replaced.
2. Eligible TEs who wish to take an entrance examination for career position(s) in APWU-represented crafts must submit their request in writing to the appropriate personnel office. The local union will be provided written notification of TEs who have submitted such requests. The requested examinations will be administered to eligible TEs consistent with normal scheduling of the exams.
3. Each TE's exam results will be scored, including any applicable veterans' preference points and passing scores, will be merged with the existing register for that exam. Eligible TEs who already have a passing test score on the same register will have the option of merging the new test score with the existing register in lieu of their old test score. Thereafter, normal competitive selection procedures will apply in making appointments to career positions.

4. This agreement will be effective from **November 21, 2006**, through November 20, **2010**. Nothing herein is intended to limit any veterans' preference in hiring as established by law.

Re: Deaf and Hard of Hearing

**REASONABLE ACCOMMODATION
FOR THE DEAF AND HARD OF HEARING**

MANAGEMENT'S RESPONSIBILITY

Management has an obligation to reasonably accommodate Deaf and Hard of Hearing employees **with a disability under the Rehabilitation Act (the "Act")** and applicants represented by the APWU who request assistance in communicating with or understanding others in work related situations, such as **but not limited to:**

- a. During investigatory interviews which may lead to discipline, discussions with a supervisor on job performance or conduct, or presentation of a grievance **pursuant to Article 17 and other provisions of the collective bargaining agreement.**
- b. During some aspects of training including formal classroom instruction.
- c. During portions of EAP programs or EEO counselings.
- d. In critical elements of the selection process such as during testing and interviews.
- e. During employee orientations and safety talks, CFC and saving bond drive kickoff meetings.

- f. During the filing or meetings concerning an employee's OWCP claim.

A reasonable accommodation must be approached on a highly individual, case by case basis. The individual's input must be considered prior to making a decision regarding accommodation.

IMPLEMENTATION

This obligation is met by selecting an appropriate resource from the variety of resources available. In selecting a resource, the following, among others, should be considered, as appropriate:

- The ability of the deaf and hard of hearing employee to understand various methods of communication and the ability of others to understand the deaf or hard of hearing employee.
- The importance of the situation as it relates to work requirements, job rights, and benefits.
- The availability and cost of the alternative resources under consideration.
- Whether the situation requires confidentiality.

Available resources which should be considered include, **but are not limited to the following:**

- a. Installation heads are authorized to pay for certified interpreters. Every effort will be made to provide certified interpreters when deemed necessary by an application of the principles set forth herein.
- b. In some states, the Division of Vocational Rehabilitation (DVR) provides interpreters at no charge. When a decision is made that an interpreter is the appropriate accommodation and a DVR interpreter

is not available other methods of securing an interpreter should be used, **such as through Video Remote Interpreting (VRI) technology, if available, postal-approved and authorized or other new and evolving technology that is authorized and approved.**

- c. Volunteer interpreters or individuals skilled in signing may be obtained from the work force or from the community. The skill level of such persons should be considered.
- d. In some situations, **such as day-to-day instructions and routine communications**, written communications may be appropriate based on the employee's ability to **comprehend** written communications.
- e. Supervisors, training specialists, EAP, and EEO counselors may be trained in sign language.
- f. **APWU represented** deaf or hard of hearing applicants **will** be scheduled for a specific examination time when an interpreter will be available.
- g. State or Federal relay services **or other postal-approved technology, such as Video Relay Service (VRS) or VRI, if available and authorized, or other new and evolving technology that is available, authorized and approved**, may provide a way for a deaf or hard of hearing employee to conduct postal business by telephone with other employees and customers.
- h. **When possible, interpretive services as described in (a) through (f) above should be scheduled as far in advance as possible.**

- i. In the event of an emergency situation, the Postal Service will strive to communicate the nature of the emergency as soon as possible.**

Management will provide the following assistance for deaf and/or hard of hearing employees **with a disability under the Act**:

- a. All films or videotapes designed for the training or instruction of regular work force employees developed on or after October 1, 1987, shall be opened or closed captioned. To the extent practicable, existing films or videotapes developed nationally that will continue to be used by deaf or hard of hearing employees with some frequency, will be opened or closed captioned.
- b. Special communications devices for the deaf will be installed in all postal installations employing deaf employees in the regular work force. Special communications devices, or telephone volume control devices will be installed for hard of hearing employees whenever a hard of hearing employee needs a reasonable accommodation in order to communicate by phone. These devices will be available to deaf and/or hard of hearing employees for official business and in the case of personal emergencies. As appropriate, Management will provide training to staff on the use of these special communication devices.
- c. A visual alarm will be installed on all moving powered industrial equipment in all postal installations employing deaf employees in the regular work force or in any installation where such a reasonable accommodation is necessary for a hard of hearing employee.

- d. Visual fire alarms will be installed in all new postal installations (installations for which the U.S. Postal Service, as of June 12, 1991, had not awarded a contract for the design of the building) where the Postal Service installs audible fire alarms. The parties will discuss and seek to agree at the local level about the installation in such other facilities as may be appropriate.

JOINT LABOR-MANGEMENT MEETINGS

Discussion of problem areas with regard to the use of certified sign interpreters, enhancement of job opportunities for the deaf and hard of hearing, **including recruitment and hiring efforts**, type of special communications devices or volume control devices to be installed, installation of visual alarms or other systems such as tactile devices at other than new postal installations, and the availability of new technologies which may help deaf and hard of hearing employees perform a variety of tasks are appropriate matters for consideration at Joint Labor-Management meetings. Discussion of such matters at Labor-Management meetings is not a prerequisite to the filing or processing of a grievance.

Re: Supplemental Work Force; Conversion of Clerk Craft PTF's

The parties agree to the following general principles concerning Article 7 Clerk Craft work force structure in postal installations which have 200 or more man years of employment in the regular work force:

- 1. All part-time flexible clerk craft employees shall be converted to full-time regular status by December 1, 2007.**
- 2. All 200 man year installations will be in compliance with the Article 7 casual percentages by December 1, 2007.**
- 3. Casual employees will have a 360 day term of employment.**
- 4. With the effective date of this Agreement, casual employment will not be considered "in lieu of full or part-time employees" in 200 man year installations.**
- 5. Casuals who may be employed within a District in any reporting period, other than reporting periods 3 and 4, shall not exceed 6% of the total number of career employees within a District.**
- 6. Casuals who may be employed within an installation in any reporting period, other than reporting periods 3 and 4, shall not exceed 11% of the total number of clerk craft employees within that installation.**

- 7. Full-time regular clerk craft employees on the Overtime Desired List (ODL) shall be given priority scheduling for overtime work over casuals doing overtime work.**
- 8. In P&DC's that have 200 or more man years of employment in the regular work force, casuals will not have start times between the hours of 0500 and 1200 (noon) unless there are no career clerk craft employees currently with such starting times.**
- 9. In P&DC's that have 200 or more man years of employment in the regular work force, career clerk craft employees will have consecutive scheduled days off, unless otherwise agreed to by local parties.**
- 10. Existing PTF maximization/conversion rules remain unchanged as applied to non-clerk craft employees.**
- 11. The full-time to part-time ratio in the Motor Vehicle Craft will continue at the same percentage on the date of this Agreement.**
- 12. The total number of part-time regular employees shall not exceed 2.5% of the total number of career employees covered by this Agreement.**
- 13. Casual employees in 200 man year installations will be limited to assignments not requiring training and testing [reference Article 37.3.F.5 positions and Article 37.3.F.7], pages 187 and 188 of Agreement.**
- 14. Change the term part-time flexible to part time regular in Article 12.5.C.5.b(5).**

- 15. The parties will modify the appropriate provisions in the CBA, as a result of eliminating the part time flexible position in the clerk craft in 200 man year offices. In offices of less than 200 man years, the part-time flexible position will remain intact.**

**MEMORANDUM OF UNDERSTANDING
BETWEEN THE
UNITED STATES POSTAL SERVICE AND
JOINT BARGAINING COMMITTEE
(American Postal Workers Union, AFL-CIO, and
National Association of Letter Carriers, AFL-CIO)**

Re: Article 8

Recognizing that excessive use of overtime is inconsistent with the best interests of postal employees and the Postal Service, it is the intent of the parties in adopting changes to Article 8 to limit overtime, to avoid excessive mandatory overtime, and to protect the interests of employees who do not wish to work overtime, while recognizing that bona fide operational requirements do exist that necessitate the use of overtime from time to time. The parties have agreed to certain additional restrictions on overtime work, while agreeing to continue the use of overtime desired lists to protect the interests of those employees who do not want to work overtime, and the interests of those who seek to work limited overtime. The parties agree this memorandum does not give rise to any contractual commitment beyond the provisions of Article 8, but is intended to set forth the underlying principles which brought the parties to agreement.

The new provisions of Article 8 contain different restrictions than the old language. However, the new language is not intended to change existing practices relating to use of employees not on the overtime desired list when there are insufficient employees on the list available to meet the overtime needs. For example, if there are five available employees on the overtime desired list and five not on it, and if 10 workhours are needed to get the mail out within the next hour, all ten employees may be required to work overtime. But if there are 2 hours within which to get the mail out, then only the five on the overtime desired list may be required to work.

The parties agree that Article 8, Section 5.G.1., does not permit the Employer to require employees on the overtime desired list to work overtime on more than 4 of the employee's 5 scheduled days in a service week, over 8 hours on a non-scheduled day, or over 6 days in a service week.

Normally, employees on the overtime desired list who don't want to work more than 10 hours a day or 56 hours a week shall not be required to do so as long as employees who do want to work more than 10 hours a day or 56 hours a week are available to do the needed work without exceeding the 12-hour and 60-hour limitations.

In the Letter Carrier Craft, where management determines that overtime or auxiliary assistance is needed on an employee's route on one of the employee's regularly scheduled days and the employee is not on the overtime desired list, the employer will seek to utilize auxiliary assistance, when available, rather than requiring the employee to work mandatory overtime.

In the event these principles are contravened, the appropriate correction shall not obligate the Employer to any monetary obligation, but instead will be reflected in a correction to the opportunities available within the list. In order to achieve the objectives of this memorandum, the method of

implementation of these principles shall be to provide, during the 2-week period prior to the start of each calendar quarter, an opportunity for employees placing their name on the list to indicate their availability for the duration of the quarter to work in excess of 10 hours in a day. During the quarter the Employer may require employees on the overtime desired list to work these extra hours if there is an insufficient number of employees available who have indicated such availability at the beginning of the quarter.

The penalty overtime provisions of Article 8.4 are not intended to encourage or result in the use of any overtime in excess of the restrictions contained in Article 8.5.F.

Re: Article 8 Questions and Answers

1. Must all employees on the OTDL be utilized 12 hours per day before an employee not on the list works any overtime?

Response: Yes, except when there are time-critical processing needs that cannot be met unless non-list employees are worked. For example, if there are five available employees on the overtime desired list and five not on it, and 10 hours are needed to get the mail out within the next hour, all ten employees may be required to work overtime. But if there are two hours within

which to get the mail out, then only the five on the overtime desired list may be required to work.

2. What is the proper remedy when an employee who is on the overtime desired list is improperly passed over in the selection for overtime work assignments?

Response: a. When, for any reason, an employee on the OTDL, who has the necessary skills, is available, but is improperly passed over and another employee on the list is selected for overtime work out of rotation, such employee shall within 90 days of the date the error was discovered, be given a similar make-up opportunity.

Should no similar make-up overtime opportunity present itself within 90 days, the employee who was passed over shall be paid for an equal number of hours at the overtime rate for the opportunity missed.

- b. When, for any reason, an employee on the OTDL, who has the necessary skills, is available, but is improperly passed over and another employee not on the list is selected for overtime work, the employee who was passed over shall be paid for an equal number of hours at the overtime rate for the opportunity missed.
- c. When a question arises as to the proper administration of the “Overtime Desired” list at the local level, an APWU steward may have access to appropriate overtime records.

3. Additionally, in an effort to reduce the number of grievances associated with overtime scheduling, the parties have agreed to further develop a series of questions and answers that will comprise the parties' joint interpretation of Article 8 issues. The parties will be bound by these joint interpretations and grievances will not be filed asserting a position contrary to a joint interpretation. The parties further agree that the Article 8 Questions and Answers will become part of a larger joint contract manual that will be developed by the parties. The Article 8 Questions and Answers, however, may be distributed for implementation by the parties' representatives in advance of the publication of the joint contract manual.

The parties have agreed to complete the Article 8 Questions and Answers no later than June 1999.

Re: Modified Work Week

The parties at the local level may negotiate the establishment and implementation of a modified work week program for APWU bargaining unit employees in one or more Postal Service operations within local installations. The modified work week is defined as four (4) service days, each consisting of ten (10) hours within twelve (12) consecutive hours, except that it shall be ten (10) hours within eleven (11) consecutive hours in all offices with more than 100 full-time employees in the bargaining units. Modified work weeks

can be applied only to full-time regular duty assignments.

Any such program establishing and implementing a modified work week is subject to the following conditions:

1. Either management or the union at the local level may choose to negotiate or not negotiate a modified work week. A decision by management or the union not to participate in a modified work week program will not be subject to the Article 30 impasse process, the grievance/arbitration procedure, or appealable in any other forum.
2. Cancellation of either local party's involvement in a modified work week program will be automatic upon 30 days written notice. Cancellation by either party will not be subject to the grievance/arbitration procedure or appealable in any other forum.
3. Rules established by the parties at the national level in the "Modified Work Week (10/4) Guidelines" or its amendments must be followed.
4. Alleged violations of this memorandum of understanding or any program implemented in accordance with this memorandum are subject to the Article 15 grievance procedure.
5. Except as provided for in this MOU or the Modified Work Week Guidelines, no modified work week program can be inconsistent or in conflict with the National Agreement.

Re: Modified Work Week (10/4) Guidelines

The following rules apply to full-time employees in the APWU bargaining unit.

1. Overtime

Participants will receive postal overtime pay for work performed only after 10 hours in a pay status on a regularly scheduled day, or after 40 hours in a pay status in a service week, and for the first 8 hours in a pay status on the first nonscheduled day worked in a service week. Non-scheduled day guarantees remain at 8 hours.

Excluding December, participants will receive penalty overtime for all hours:

- over 10 hours in a pay status on a regularly scheduled day;
- over 8 hours in a pay status on the first non-scheduled day worked in a service week;
- and/or in a pay status on the second and third non-scheduled day worked in a service week, if in a pay status for any part of each of the other 5 days in the same service week.

The 56 and 60-hour limitations still apply.

2. Sunday premium will be paid for all eligible straight time hours worked (i.e., 10 per workday) but shall be limited to 16 hours per week.

3. Leave will be charged up to 10 hours per day, therefore it will be necessary to use ten hours leave to cover a full day.
4. Court leave will be charged the same (i.e., up to 10 hours per day), however, the local parties have the option to determine if the employee's schedule may be changed back to 8/5 for those weeks during which court service is performed.
5. Military leave will be charged at 10 hours per day but may not exceed 120 hours per year. The local parties have the option to determine if the employee's schedule may be changed back to 8/5 for those weeks in which the employee will be on military leave for five or more days.
6. When appropriate, Administrative leave may be granted up to 10 hours per day.
7. Employees are currently provided 80 hours of holiday leave per year (10 holidays at 8 hours per holiday). To maintain this level of holiday leave while assigned to an alternate work schedule, the local parties must elect one of the following options prior to implementing alternate work schedules.

Participants will receive 80 hours of holiday leave per year regardless of which option is chosen.

Option 1

During the weeks in which a holiday or designated holiday falls, the employees revert back to an 8/5 schedule. Holiday leave and holiday worked premium policies remain the same as for the current 8/5 schedule.

Option 2

Washington's Birthday and Columbus Day are considered

regular workdays and are not treated as holidays for purposes of scheduling or compensating employees in 10/4. In effect, these two holidays are spread out among the remaining 8 holidays.

Ten hours of holiday leave will be charged and holiday worked premium will be limited to 10 hours on each of the 8 holidays.

If a participant, in this option, enters or leaves the 10/4 work week during the calendar year he/she will use Annual Leave or LWOP, to the extent necessary, on the remaining holidays to ensure that the total holiday leave for the calendar year does not exceed 80 hours.

Payroll and budget systems only recognize holidays within certain weeks within certain pay periods. As such, it is necessary to establish designated holidays somewhat differently from current policy. When a holiday falls on an employee's non-scheduled day, the employee's first scheduled workday preceding the holiday becomes the employee's designated holiday. An 8/5 employee who has Monday as a nonscheduled would have either the preceding Saturday or Sunday as their designated holiday because one of those two days would have to be a regularly scheduled workday. Under 10/4, an employee may have Saturday, Sunday and Monday as their non-scheduled days, which would mean establishing the previous Friday as their designated holiday. This may fall outside of the week of the pay period in which the holiday has been provided for in the payroll and budget systems.

Accordingly, designated holidays for 10/4 employees with these scheduled days off (SDOs) should be established as follows:

SDOs	ACTUAL HOLIDAY	DESIGNATED HOLIDAY
1,2,3	Saturday Sunday Monday	Friday (prior) Tuesday Tuesday

The following schedule is to keep the employee's designated holiday as close to the actual holiday as possible:

2,3,4	Sunday Monday Tuesday	Saturday Saturday Wednesday
-------	-----------------------------	-----------------------------------

8. Employees assigned to a 10/4 schedule and who are scheduled for training programs of five or more days may be returned to an 8/5 schedule until the training is completed. For training of less than five days, employees will remain on a 10/4 schedule but will complete their 10-hour day as assigned by management. Such assignment should be as close to the employee's regular assignment as practicable.
9. Any and all compensation policies other than those set forth in 1 through 7 above, which are based on 8-hour days and/or 5-day weeks for non-10/4 non- participants, will be based on 10-hour days and/or 4-day weeks for participants.

Thereafter, either local party may opt out of one or more of these systems, on a quarterly basis, with 30 days notice to the other local party.

- The Employer shall inform the Union of its determination of its needs for overtime, including how many employees with what skills and in what sections, and how much overtime is needed. The Union will notify the qualified and available employees who are to work and likewise the Employer will be notified as to the employees who have been scheduled to work.**
- The Union shall administer employees' choice of vacation periods pursuant to the guaranteed leave provision of the applicable Local Memorandum of Understanding and provisions of the Collective Bargaining Agreement.**
- The Union shall administer the system for selecting employees for holiday work. The Employer shall inform the Union of its determination of its needs for holiday work,**

including how many employees with what skills are needed. The Union will identify to the Employer the qualified and available employees who meet the Employer's needs and also notify the employees who are to work.

The administration of these provisions shall be in accordance with the National Agreement and applicable Local Memorandums of Understanding. If the Local errs in the administration of these provisions, the remedy for the adversely affected employee(s) shall be to provide makeup opportunities for work or leave of the amount and type that was mistakenly assigned.

The Union shall select one or more representatives to carry out the above administrative responsibilities and these representatives shall be granted the time necessary to do so. If no one from the Union is available to make the decision, Management will do so pursuant to the National Agreement and Local Memorandum of Understanding.

Re: Leave Sharing

The Postal Service will continue a Leave Sharing Program during the term of the **2006** Agreement under which career postal employees are able to donate annual leave from their earned annual leave account to another career postal employee, within the same geographic area serviced by a postal district. In addition, career postal employees may donate annual leave to other family members that are career postal employees without restriction as to geographic location. Family members shall include son or daughter, parent, and spouse as defined in ELM Section 515.2. Single donations must be of 8 or more whole hours and may not exceed half of the amount of annual leave earned each year based on the leave earnings category of the donor at the time of donation. Sick leave, unearned annual leave, and annual leave hours subject to forfeiture (leave in excess of the maximum carryover which the employee would not be permitted to use before the end of the leave year), may not be donated, and employees may not donate leave to their immediate supervisors.

To be eligible to receive donated leave, a career employee (a) must be incapacitated for available postal duties due to serious personal health conditions including pregnancy and (b) must be known or expected to miss at least 40 more hours from work than his or her own annual leave and/or sick leave balance(s), as applicable, will cover, and (c) must have his or her absence approved pursuant to standard attendance policies. Donated leave may be used to cover the 40 hours of LWOP required to be eligible for leave sharing.

For purposes other than pay and legally required payroll deductions, employees using donated leave will be subject to regulations applicable to employees in LWOP status and will not earn any type of leave while using donated leave.

Donated leave may be carried over from one leave year to the next without limitation. Donated leave not actually used remains in the recipient's account (i.e., is not restored to donors). Such residual donated leave at any time may be applied against negative leave balances caused by a medical exigency. At separation, any remaining donated leave balance will be paid in a lump sum.

Re: Article 12.5.C.5.b(6)

. . . In the Clerk Craft, an employee(s) involuntarily reassigned shall be entitled at the time of such reassignment to file a written request to return to the first vacancy [in the same or lower salary level] in the craft and installation from which reassigned. Such request for retreat rights must indicate whether the employee(s) desires to retreat to the same, lower, and/or higher salary level assignment and, if so, what salary level(s). The employee(s) shall have the right to bid for vacancies within the former installation and the written request for retreat rights shall serve as a bid for vacancies in the level from which the employee was reassigned and for all residual vacancies in other levels for which the employee has expressed a desire to retreat. The

employee(s) may retreat to only those [lower level] assignments for which the employee(s) would have been eligible to bid. If vacancies are available in the specified lower, higher or same salary level [and in the salary level], the employee will be given the option.

Repostings occurring pursuant to Article 37, Sections 3.A.4.a, 3.A.4.b, and 3.A.4.c, are specifically excluded from the application of this subsection.

Withdrawal of a bid or failure to qualify for a vacancy or residual vacancy terminates retreat rights to the level of the vacancy. Furthermore, employees(s) electing to retreat to a lower level are not entitled to salary protection.

Re: Transfers

The parties agree that the following procedures will be followed when career Postal employees request reassignment from one Postal installation to another.

Reassignments (Transfers)

A. Installation heads may continue to fill authorized vacancies first through promotion, internal reassignment and change to lower level, transfer from other agencies, reinstatements, etc., consistent with existing regulations and applicable provisions of the National Agreement.

B. Installation heads will afford full consideration to all reassignment requests from employees in other geographical areas within the Postal Service. The requests will be considered in the order received consistent with the vacancies being filled and type of positions requested. Such requests from qualified employees, consistent with the provisions of this memorandum, will not be unreasonably denied. Local economic and unemployment conditions, as well as EEO factors, are valid concerns. When hiring from entrance registers is justified based on these local conditions, an attempt should be made to fill vacancies from both sources. Except in the most unusual of circumstances, if there are sufficient qualified applicants for reassignment at least one out of every four vacancies will be filled by granting requests for reassignment in all offices of 100 or more man-years if sufficient requests from qualified applicants have been received. In offices of less than 100

man-years a cumulative ratio of 1 out of 6 for the duration of the National Agreement will apply.

C. Districts will maintain a record of the requests for reassignment received in the offices within their area of responsibility. This record may be reviewed by the Union on an annual basis upon request. Additionally, on a semiannual basis local Unions may request information necessary to determine if a 1 out of 4 ratio is being met between reassignments and hires from the entrance registers in all offices of 100 or more man-years.

D. Managers will give full consideration to the work, attendance, and safety records of all employees who are considered for reassignment. An employee must have an acceptable work, attendance, and safety record and meet the minimum qualifications for all positions to which they request reassignment. Both the gaining and losing installation head must be fair in their evaluations. Evaluations must be valid and to the point, with unsatisfactory work records accurately documented.

1. For reassignments within the geographical area covered by a District or to the geographical area covered by adjacent Districts, the following applies: An employee must have at least eighteen months of service in their present installation prior to requesting reassignment to another installation. Employees reassigned to installations under the provisions of this memorandum must remain in the new installation for a period of eighteen months, unless released by the installation head earlier, before being eligible to be considered for reassignment again, with the following exceptions: 1.) in the case of an employee who requests to return to the installation where he/she previously worked; 2.) where an employee can substantially increase the number of hours (8 or more hours per week) by transferring to another installation

and the employee meets the other criteria, in which case the lock-in period will be 12 months. Employees serving under craft lock-in periods per the provisions of the National Agreement must satisfy those lock-ins prior to being reassigned to other installations. These transfers are included in the 1 out of 4 ratio.

2. For all other reassignments, the following applies: An employee must have at least one-year of service in their present installation prior to requesting reassignment to another installation. Employees reassigned to installations under the provisions of this memorandum must remain in the new installation for a period of one year, unless released by the installation head earlier, before being eligible to be considered for reassignment again, except in the case of an employee who requests to return to the installation where he/she previously worked. Employees serving under craft lock-in periods per the provisions of the National Agreement must satisfy those lock-ins prior to being reassigned to other installations.

E. Installation heads in the gaining installation will contact the installation head of the losing installation and arrange for mutually agreeable reassignment and reporting dates. A minimum of thirty days notice to the losing office will be afforded. Except in the event of unusual circumstances at the losing installations, reasonable time will be provided to allow the installation time to fill vacancies, however, this time should not exceed ninety days.

F. Reassignments granted to a position in the same grade will be at the same grade and step. Step increase anniversaries will be maintained. Where voluntary reassignments are to a position at a lower level, employees will be assigned to the step in the lower grade consistent with Part 420 of the Employee and Labor Relations Manual.

G. Employees reassigned under these provisions will be reassigned consistent with the provisions of the appropriate craft article contained in the National Agreement. Employees will not be reassigned to full-time regular positions to the detriment of career part-time flexible employees who are available for conversion at the gaining installation. Seniority for employees transferred per this memorandum will be established consistent with the provisions of the National Agreement.

H. Relocation expenses will not be paid by the Postal Service incident to voluntary reassignment. Such expenses, as well as any resulting interview expenses, must be borne by employees.

I. Under no circumstances will employees be requested or required to resign, and then be reinstated in order to circumvent these pay provisions, or to provide for an additional probationary period.

Re: PTFs Reassignment Opportunities

All part-time flexible (PTF) clerk craft employees on the rolls on **November 21, 2006** who have completed their probationary period in installations with less than 100 career clerk craft employees will be given an opportunity to be reassigned to offices with 100 or more career clerk craft employees.

The parties recognize that it is in the interest of both the Employer and the Union to provide career clerk craft employees in installations with less than 100 career clerk craft employees the opportunity to be reassigned and future opportunities to be converted to full-time, prior to hiring PTFs in offices with 100 or more clerk craft employees.

A list to include installation name, location, job title and number of all available part-time flexible vacancies in offices within a District will be provided to the appropriate APWU Regional Coordinator.

The APWU Regional Coordinator, within 30 days of receipt of the list, will provide the names of eligible and qualified PTFs who will accept those opportunities.

For purposes of this agreement, an employee must have an acceptable work, attendance and safety record and meet the minimum qualifications for all positions to which they request reassignment. A part-time flexible clerk reassigned pursuant to this agreement who fails to qualify in the gaining office will be returned to his/her former installation as a part-time flexible employee.

Installation heads or designees in the gaining installation will contact the installation head of the losing installation and arrange for mutually agreeable reassignment and reporting dates. The losing office will be afforded a minimum of 45 days notice. Except in the event of unusual circumstances at the losing installation, reasonable time to fill vacancies will be provided the losing installation, however, this time should not exceed 120 days.

This memoranda shall expire with the end of this National Agreement.

**Re: Limited Duty and Rehabilitation Assignments
Within APWU Crafts Involving Workers from
Other Crafts**

The parties wish to find a way to resolve their ongoing disputes about the reemployment or reassignment of workers from other crafts to perform APWU bargaining unit work, either temporarily or permanently, under Part 546 of the Employee and Labor Relations Manual (ELM). The parties also recognize that reassignment or reemployment of employees injured on duty must be in compliance with applicable collective bargaining agreements and applicable law.

In order to implement Part 546 of the ELM in a way that is fair to injured workers and fair to workers with seniority in APWU bargaining units, the parties agree that the following ELM 546.2 changes will be proposed pursuant to Article 19:

546.21 Compliance

Reassignment or reemployment under this section must be in compliance with applicable collective bargaining agreements and applicable law. Individuals so reassigned or reemployed must receive all appropriate rights and protection under the National Agreement of the craft to which the employee is being reassigned or reemployed. Any such reassignment or reemployment must be accomplished through Article 13 of the National Agreement applicable to the craft to which the employee is being reassigned or reemployed.

546.23 Types of Appointments

Types of appointments available include the following:

- a. A current full-time career employee may be reassigned to a full-time career position through Article 13 of the National Agreement applicable to the craft to which the employee is being reassigned or reemployed, if his or her job-related medical condition permits.**
- b. A current or former part-time flexible career employee may be reassigned or reemployed to a part-time flexible career position through Article 13 of the National Agreement applicable to the craft to which the employee is being reassigned or reemployed.**
- c. A current or former noncareer employee may be reassigned or reemployed to the position held previously or, upon satisfactory demonstration of the ability to meet the job**

requirements and in accordance with the appropriate collective bargaining agreement, may be reassigned or reemployed to another noncareer position or noncompetitively converted to a career position (NOA 501) approval for conversion actions from noncareer to career must be approved by the manager of Health and Resource Management at Headquarters prior to any PS Form 50 action.

In the event that an employee is reassigned or reemployed into an APWU craft and Article 13.5 is not applicable, then one Part-Time Flexible (PTF) employee in the gaining craft and installation shall be entitled to receive priority consideration to transfer to another craft or installation within 6 months. The priority consideration shall not be to the detriment of non-APWU employees with pending transfer requests.

The APWU agrees to withdraw any and all pending national-level grievances and field-level, non-national grievances containing the same interpretive issue regarding reassignment of ill or injured employees into APWU crafts, including those regarding status and job assignment, and all grievances pending at other levels that raise the issues raised by the withdrawn National-Level grievances. This will include, but not be limited to Grievance Nos. Q90C-4Q-C 95033931 and Q00C-4Q-C 04118765. Only field-level grievances involving disputes about the application, not the interpretation, of the National Agreement will remain in the grievance system.

If the changes made to Part 546.2 of the ELM pursuant to the Memorandum of Understanding (MOU) are invalidated by a National-Level arbitration award or by a federal court decision, or if the U.S. Department of Labor determines in a final and binding decision that the Postal Service's reassignment or reemployment practices under this MOU do not permit the Postal Service to

comply with its obligations to obtain suitable employment for injured employees under FECA, then this MOU will be null and void. If this occurs, the APWU may reinstate the above-referenced grievances in writing, within fourteen (14) days of their receipt of written notification that this MOU has been voided.

Re: Offsite Safety and Health Program

It is the responsibility of management to provide safe working conditions. The Union will cooperate with and assist management to live up to this responsibility.

The Postal Service Safety and Health Program and OSHA standards and regulations cover Postal Service employees who perform Postal Service duties in private employers' establishments and while delivering mail and performing other activities off Postal Service property. To ensure that employees are protected, safe and healthful working conditions must be provided through engineering and administrative controls, personal protective equipment, enforcement of safe work practices, withdrawal of employees from the private sector facility, and, if necessary, curtailment of mail. The purpose of routine safety and health program evaluations is to measure the effectiveness of the Postal Service Safety and Health Program at each organizational level, ensure OSHA compliance, and promote a model for effective safety and health programs. The Postal Service will ensure that the work area(s) and equipment for APWU represented employees in offsite locations are safe.

The National Joint Labor Management Safety and Health Committee will discuss and work toward creating an implementation process to ensure employees in offsite locations are fully protected by the Postal Service's Safety and Health Program.

**Re: Role of Inspection Service in Labor Relations
Matters**

The parties recognize the role of the Postal Inspection Service in the operation of the Postal Service and its responsibility to provide protection to our employees, security to the mail and service to our customers.

Postal Inspection Service policy does not condone disrespect by Inspectors in dealing with any individual. The Postal Inspection Service has an obligation to comply fully with the letter and spirit of the National Agreement between the United States Postal Service and the American Postal

The parties further acknowledge the necessity of an independent review of the facts by management prior to the issuance of disciplinary action, emergency procedures, indefinite suspensions, enforced leave or administrative actions. Inspectors will not make recommendations, provide opinions, or attempt to influence management personnel regarding a particular disciplinary action, as defined above.

The U.S. Postal Service and the American Postal Workers Union, AFL-CIO (APWU) agree to continue Administrative Dispute Resolution Procedures (ADRP) to help resolve complex disputes as they arise during the course of the collective bargaining agreement. The ADRP will be used to resolve those disputes identified by the parties without the filing of any grievances. A listing of subjects for consideration in the ADRP will be submitted by the parties at the national level within 30 days following the effective date of this Memorandum of Understanding. By mutual agreement, the parties at the national level may continue to add subjects to the original listing.

For each subject(s), the Employer and the Union will designate individuals at the national level who will be responsible for discussing and, where possible, for resolving any disputes concerning the referenced subject(s). When a specific subject is under consideration in the ADRP, any grievance(s) concerning that identified subject will be removed from the Grievance/Arbitration Procedure and forwarded to the ADRP. Where a grievance(s) has been filed and the subject of that grievance subsequently comes under consideration by the ADRP, such grievance(s) will be removed and forwarded to the ADRP.

The national level designees will be responsible for meeting regularly to resolve pending disputes. No special forms, appeals or paper work will be necessary to utilize the ADRP. When the designees cannot agree upon a resolution, either party may declare an impasse. Each party will identify the

issue in dispute in writing within 30 days after the declared impasse on the subject. The identified dispute will then be placed on the appropriate arbitration docket.

Re: Reinstatement of Driving Privilege

It is hereby agreed by the United States Postal Service and the American Postal Workers Union, AFL-CIO that:

1. The safety and health of employees is of significant concern to the parties signatory to this Memorandum of Understanding. Accordingly, the parties further agree that the following is not intended to provide driving privileges to an employee when such privilege would place the safety of the public or the employee at risk.
2. The mere fact that an employee was involved in a vehicle accident is not sufficient to warrant automatic suspension or revocation of driving privileges or the automatic application of discipline.
3. When an employee's driving privilege is temporarily suspended as a result of a vehicle accident, a full review of the accident will be made as soon as possible, but not later than fourteen (14) days, and the employee's driving privileges must either be reinstated, suspended for a specified period of time not to exceed sixty (60) days, or revoked as warranted. If the decision is to suspend or revoke the employee's driving privilege, the employee will be provided, in writing, the reason(s) for such action.
4. If an employee requests that a revoked or suspended driving privilege be reinstated, Management will review the request and make a decision as soon as possible but not later than 45 days from the date of the employee's request. If the decision is to deny the request, the employee will be

provided with a written decision stating the reasons for the decision.

The Management review must give careful consideration to:

- the nature, severity and recency of the incident(s) which led to the revocation or suspension;
- any driver's training or retraining courses completed from private schools, state sponsored courses, or Postal Service training programs, especially when directly relevant to the incident(s) that led to the revocation;
- successful participation in an EAP program, when relevant to the reasons for revocation;
- the employee's state driving record consistent with the criteria for initial certification of driving privilege as stated in the applicable Handbook. The Employer may waive these criteria if warranted in light of the other factors listed above.

5. This Memorandum of Understanding is not intended to define the conditions or circumstances for which an employee's driving privilege may be suspended or revoked.

Items declared to be inconsistent or in conflict shall remain in effect until four (4) months have elapsed from the conclusion of the local implementation period under the **2006** National Agreement.

This Memorandum of Understanding expires with the expiration of the **2006** National Agreement.

Re: Subcontracting Cleaning Services

The parties agree that the following language will be incorporated into paragraph 535.261 of the Administrative Support Manual.

.26 Cleaning Services

.261 Authorization

- a. In a new facility or when a vacancy as a result of an employee's voluntary attrition is identified in an independent installation or in a station and/or branch of an independent installation, the

following sequential steps will be taken to determine whether or not a contract cleaning service may be utilized:

- (1) Measure the square footage of the interior area, using procedures identified in handbook MS-47, Housekeeping-Postal Facilities. Then divide that measurement by 18,000 and round off the resulting number to four (4) decimal places;
 - (2) Measure the squarefootage of the exterior paved and unpaved area, to be serviced using the procedures identified in the MS-47 handbook. Then divide that measurement by 500,000 and round off the resulting number to four (4) decimal places;
 - (3) Add the numbers obtained in steps 1 and 2 together. If the resulting number is less than ONE (1), a contract cleaning service may be used to perform the required work.
- b. If the determination is made to utilize a contract cleaning service, the local APWU President will be provided a copy of the above computations.
 - c. The formula applies to replacement facilities or existing facilities with extensions or modifications.
 - d. Post Offices, or stations/branches which contract cleaning services under previous criteria may continue to do so.

Re: Highway Contracts

In furtherance of ongoing application of Article 32, Section 3 of the National Agreement the parties agree to the following principles:

1. The U.S. Postal Service reaffirms its commitment to require compliance with the highway contract specifications including the Service Contract Act. Contracting officers and administrative officials at the local level, when advised by American Postal Workers Union officials of complaints and/or provided information concerning alleged violations of a specific contract(s), especially those that relate to vehicle schedules, wage rates, and safety violations will, in a business-like manner, acknowledge to the interested American Postal Workers Union official, receipt of said information and the action taken in response to the situation identified. Background information concerning scheduled routes will not be unreasonably denied.
2. The Postal Service recognizes the requirement to accurately reflect vehicle equipment needs when developing transportation service requirements. Reasonable efforts will continue to be made at the appropriate management level to reconcile vehicle requirements to existing postal vehicle sizes. In those situations where it is determined that the vehicle needed substantially differs from that which is

available in the U.S. Postal Service fleet, justification will be provided the responsible USPS management office for those routes that otherwise meet the criteria of Article 32.

3. The responsible USPS management office will continue to encourage all contractors to display clearly and conspicuously on all vehicles, while engaged in the transport of mail, their company name, address and the fact that they are contract vehicles.
4. When the National Union is advised of the decision to award and/or renew a highway contract(s), the U.S. Postal Service will provide a reasonable explanation of its decision.

Re: Training Committee

The Postal Service reaffirms its commitment to provide employees with training consistent with organizational needs. Additionally, the Postal Service recognizes the desirability of affording employees opportunities for self-development and will make training programs available to meet such needs.

The Postal Service will afford the Union, at the national level, the opportunity to discuss concerns about specific training opportunities or programs. A Joint Committee on Training is hereby established at the national level which will consist of representatives of both parties. The Committee shall meet to discuss matters of mutual interest and benefit relating to training programs and opportunities. The appropriate USPS management official shall be the Employer's chief representative on such Committee. The Committee may consider and develop pilot programs, improved training methods and strategies, and other matters related to employee training and educational opportunities, including exploring the potential for developing job related training and noncompensable non job related programs through the use of advanced computer technology. Issues concerning local training and educational opportunities including the use of postal facilities for noncompensable training in college accredited courses, publicity of self-development training opportunities, and other training and educational matters of mutual interest and benefit are appropriate subjects for resolution at local labor-management committee meetings.

Consistent with established regulations and operational needs, the Postal Service will make every effort to grant requests for leave without pay by employees for training and educational opportunities. Customer Service District offices will maintain a record of employee requests for LWOP under these provisions and the resulting action taken (approved/disapproved). If the request is denied, supporting rationale must accompany all such denials. This documentation will be forwarded to the National Training Committee, with a copy to the area manager of Human Resources on a biannual basis for review. The Committee, through joint agreement, will take appropriate action if it deems necessary.

The parties agree to consult at the national level to define whether specific training courses and/or programs are job-related, self-developmental, or can be considered both. The National Joint Training Committee will review all training programs for the purpose of compiling a listing of training opportunities for postal employees. Further, the National Joint Training Committee will discuss the establishment of training programs to promote local joint labor-management cooperation.

Re: Use of Privately Owned Vehicles

The parties agree that the following represents the policy of the U.S. Postal Service and the American Postal Workers Union concerning the furnishing of privately owned vehicles (POV) by employees of the crafts represented by the APWU: No craft employee represented by the APWU may be coerced into furnishing a vehicle or carrying passengers without the employee's consent. The use of a personal vehicle is the decision of the employee and it is not the intent of the parties to discourage such use of personal vehicles when transportation is needed from one postal facility to another or in the completion of the employee's assignment. When an employee begins his/her work day at one postal unit and is provided transportation to another unit to complete his/her tour of duty, that employee will be provided transportation back to the unit where his/her tour began if transportation is needed. If the employee ends tour at the new location the return trip will not be on the clock but transportation will be provided promptly by management upon request.

The parties agree that the rewritten provisions of Article 37, Section 5, Conversion/Part-Time Flexible Preference, which include the Memorandum of Understanding (page 198-200 of the 1984 National Agreement), provide basically the same procedure with the following exceptions:

1. The employees' preferences will be honored except as limited by Sec. 5 of Article 37. Re: Bids With Required Computer Skills

The following procedure will be followed when senior bidders, meeting the minimum qualifications (qualification standard), are assigned to administrative clerk craft assignments, PS-5, which require running of or interaction with computer programs:

1. The senior bidder will assume the hours and days of the assignment and be provided with on-the-job training (OJT) for a period of five working days. No out-of-schedule premium will be paid as a result of this action.
2. By no later than the end of the five-day period the bidder must demonstrate the ability to successfully run those programs/procedures for which he/she will be responsible in the performance of the duties of the assignment. The specific programs/procedures will be identified at the beginning of the period, and instruction will be provided for each during the five days of OJT.
3. If the bidder is unable to successfully demonstrate the ability to run the programs, the employee will be returned to his/her previous assignment and the assignment will be awarded to the next senior currently qualified bidder who can immediately demonstrate the ability to run the programs.

4. In the event that the senior bidder is not successful, the employee may request a schedule change to attain a reasonable amount of time between the end of the temporary assignment and the beginning of the employee's next regularly scheduled reporting time. This request is subject to the prior approval of the employee's supervisor and Union steward. When an employee does not request a schedule change and the end of the assignment period provided for in item 1 above is within ten hours of the employee's regular scheduled tour, managers will (prior to the qualification period) identify the schedule of the qualification period as extending through the employee's first non-scheduled day following the end of the qualification period. This provision will not serve to extend the time allowed for qualification as provided for in item 2. The employee will not be eligible for out-of-schedule premium as a result of these schedule changes.
5. The parties recognize that the Employer may develop computer aptitude tests or other measures for use in determining minimum qualifications.
6. The provisions of this memorandum do not apply to operations assignments.

Re: Retail Training Task Force

The parties recognize the importance of customer service and product consulting skills in achieving customer satisfaction and retail sales growth and the important role played by clerks and managers with responsibilities in retail operations for assuring that growth.

With this in mind, the parties agree to establish a National Task Force on Retail Training. This Task Force will focus on the improvement of customer satisfaction and product consulting skills, as well as the enhancement of our public image.

The Task Force will develop and oversee the administration of a national, on-going program that emphasizes customer service and product consulting skills for clerks assigned flexible credits, as well as managers with responsibilities in retail operations.

The Task Force will consist of three members appointed by the APWU and three members appointed by the Postal Service. The charter of the Task Force will be to explore and evaluate previous programs conducted in the field, research alternative approaches, outline parameters for the program, conduct and measure a pilot program, and administer the national implementation of the program. The parties agree that the Task Force will approach its charter with a spirit of

The parties who have not previously met and reached agreement at the local level as provided below shall, during the term of the **2006** National Agreement, be afforded the opportunity to do so. **RE: COMPUTER FORWARDING SYSTEM – CFS
CLERK REASSIGNMENT**

The parties agree that whenever the Postal Service decides to reassign CFS clerks from a CFS unit, the appropriate provisions of Article 12 of the collective bargaining agreement will apply, with the following additional provisions:

A. CFS Reassignments:

1. If a determination is made to reassign CFS Clerks out of a section, to other crafts, and/or installations, the Area will begin withholding residual vacancies or PTF vacancies, as appropriate, in the same and lower levels within an Area, as determined by management, up to the number of career impacted CFS employees. In addition, the Area will also begin withholding residual vacancies or PTF vacancies in higher levels in APWU represented crafts, as appropriate, up to the number of career impacted CFS employees.
2. For the purposes of this agreement, the Test 470 (Battery Exam) requirement is waived for CFS clerks for reassignments or bidding/opting. Employees opting for an assignment must meet the other minimum requirements of the duty assignment.
3. Veteran's preference eligible CFS employees will be given priority placement into same and higher level duty assignments and will not be reassigned to a lower level. If there is no same or higher level duty

assignment(s) available, the veteran's preference eligible employee(s) will be bypassed and the next senior non-preference eligible employee will be excessed in lieu of the preference eligible.

4. Beginning with local notification that CFS employees will be excessed, if a non-preference eligible CFS employee opts or bids to a lower level duty assignment, he/she will receive saved grade protection in accordance with the following:
 - a. Employees who receive saved grade under this MOU will not be required to bid or apply for vacancies in their former wage level for a period of two years from the time they occupy the lower level duty assignment.
 - b. After the two-year period, employees will be expected to bid or apply to former level duty assignments for which they are qualified or may become qualified by entering a scheme deferment period.
 - c. If no employee in the saved grade status bids or applies to the former level duty assignments, the junior employee(s) in the saved grade status will have their saved grade taken away.
 - d. An employee in saved grade status who bids or applies for a former wage level duty assignment and is declared the senior bidder but fails to qualify, will lose saved grade protection. No more than one employee in the saved grade status group will have saved grade taken away for each former level duty assignment posted.

B. CFS EMPLOYEE UPGRADE

The Postal Service and the APWU agree that all remaining PS-4 CFS clerks will be upgraded to PS-5 effective on November 13, 2004. Generally, the parties' promotion rules apply with respect to upgrades; however, the parties have agreed on a non-precedential basis that the November 13, 2004, CFS upgrade will be based on a step-to-step upgrade mechanism, including credit for waiting period time already served, for the purpose of implementing this upgrade.

The “Team Lead” shall be qualified to perform duties within his/her operation.

Within ninety (90) days after the effective date of the 2006 National Agreement, the parties agree to establish at the national level a task force to explore and consider these opportunities.

At the discretion of the task force, it can authorize tests or trial programs to be conducted concerning these concepts at facilities designated by the parties.

In order to facilitate this process, the parties will accomplish certain tasks by the following dates:

1. Trial Programs on Team Lead in Retail Operations by September 30, 2007.

At the conclusion of these trial programs and tests, the parties will meet to decide whether the program should be expanded, remain at the status quo, or be terminated, and determine appropriate title if expanded.

**RE: EMPLOYEE DEVELOPMENTAL
OPPORTUNITIES**

The parties recognize that internal recruitment and development of current bargaining unit career employees for skilled positions is in the best interest of postal employees and the Postal Service. The parties agree to the establishment of a process and program to allow for development opportunities for placement of current APWU bargaining unit career employees in the Maintenance department.

In order to improve the opportunity for career APWU bargaining unit employees to qualify for and establish themselves on the appropriate in-craft and/or in-service register(s), the Postal Service will develop and implement a program in those locations where a need is identified. The program will include a process whereby APWU career employees will have an opportunity to express interest in entering a developmental program for future opportunities in the Maintenance Craft.

Once created and implemented, APWU bargaining unit career employees who express an interest will be given an opportunity to qualify for placement in the program and subsequent placement in a position in the Maintenance Craft.

Placement into the Maintenance Craft will follow the provisions of Article 38 of the current APWU-USPS collective bargaining agreement.

If the initial placement resulting from successful completion of the training program is to an Electronic Technician (ET) duty assignment, upon placement into the craft duty assignment, employees will commit to a three year lock-in for that craft from the date placed in the assignment. The employees will not be able to request transfer, in-craft downgrade or bid to a non-skilled position during the lock-in period, but same position designation transfers and in-craft promotions in the installation are permitted. If an employee leaves before the end of the lock-in period, the employee will be responsible for reimbursing the Postal Service for all training costs.

As skilled Maintenance and Motor Vehicle craft positions are identified, developmental programs will be established where needed. Non-skilled employees already assigned to the craft for which the developmental training opportunity assignment is intended will have first priority to qualify for the available training.

Re: Air Conditioning in 9 Ton Vehicles, Tractors, and Spotters

The Postal Service agrees that, on a prospective basis, contracts for the purchase of 9 ton vehicles, tractor and spotter vehicles will specify air conditioning for vehicles domiciled in specific areas of the country. A joint committee will be

established for the purpose of identifying the specific areas where air conditioning will be provided. The committee will be comprised of two members appointed by the APWU and two members appointed by the Postal Service. The committee will rely upon heat/humidity index information and industry norms in making their recommendations. The committee's recommendations will be submitted to the Postal Service's Vice President Labor Relations and the APWU's President for resolution.

The parties further agree that the committee will complete their analysis and recommendations no later than March 1999.

RE: Transfer Opportunities to Minimize Excessing

Pursuant to the Memorandum of Understanding (MOU) on Transfer Opportunities to Minimize Excessing dated September 12, 2005, the parties held a series of meetings to discuss the methods by which this understanding would be implemented. As a result of these meetings the parties agree to the following:

1. All APWU employees in the installation and affected craft experiencing excessing from the craft or installation may voluntarily submit a request for transfer through eReassign. These employees will be placed on a preferred listing within eReassign by date order. These volunteers will be allowed to transfer out of their impacted installation in accordance with the MOU on Transfer Opportunities to Minimize Excessing and the procedures described herein.
 - A. Affected employees requesting transfer must meet the minimum qualifications for the position being considered.
 - B. In accordance with applicable provisions of the EL-312 Handbook, nepotism rules are still in effect.
 - C. The following sections of the Transfer Memorandum of Understanding (page 305, of the 2000-2006 National Agreement) are modified in

order to accommodate transfer opportunities to minimize excessing. Specifically:

1. Section B & C (page 305-306) - Ratios contained in the Transfer MOU are not applicable to affected employees applying for transfer as a result of impending excessing.
 2. Section D (page 306) - Affected employees work, attendance and safety records will not be considered when applying for transfer as a result of impending excessing.
 3. Section D.1 (page 306-307) - Affected employees will not be required to have 18 or 12 months of service (as applicable) in their present installation prior to requesting a transfer to another installation. Additionally, any craft lock in period will also not apply to affected employees that qualify for priority consideration.
 4. Section E (page 307) - A minimum of 30 days notice to the losing installation will be afforded if possible. Neither the gaining nor losing installation can place a hold on the employee. The affected employee will be allowed to transfer prior to the excessing if they desire and choose their effective date of transfer will coincide with the start of a pay period at the gaining installation. The losing installation will coordinate between the employee and the gaining installation.
- D. The Postal Service will not provide affected employees copies of vacancies at postal facilities in advance of transfer requests. Installations with

hard-to-fill vacancies post them in eReassign as Reassignment Opportunities.

Employees can request reassignment to these specific positions. It is the responsibility of the affected employee to check on a regular basis in eReassign for Reassignment Opportunities. Employees may also request transfers to offices that do not have reassignment opportunities listed on eReassign.

2. Selections by installations accepting transfer requests will be on a seniority basis using craft installation seniority from the losing installation.
 - A. In the event of a seniority tie, the tie breaker method will be as follows: a). total career postal time, and b). entered on duty date.
 - B. An employee's seniority in the gaining installation is established by the respective gaining craft article in the collective bargaining agreement based on the employee being a voluntary transfer (not excessed) employee.
3. An employee accepting a transfer under the priority consideration will have their name removed from the priority eReassign pending request list at all locations. Affected employees requesting transfer can change their mind and decline a transfer opportunity. By doing so, the affected employee's name will be removed from the priority eReassign pending request list at the declined location and the affected employee becomes immediately available for involuntary Article 12 reassignment.
4. Employees may transfer across APWU craft lines. Transfers outside craft lines will be processed in

accordance with applicable provisions of the collective bargaining agreements and postal regulations. Affected employees requesting transfer must meet the minimum qualifications for the position being considered. The first selection will come from same craft to same craft prior to making cross craft selections. There is no priority consideration to non-APWU craft positions.

5. Simultaneous (duplicate) requests for transfer by the same employee to the same craft and installation in eReassign are not permitted.
6. Employee may receive a printed confirmation of their request through eReassign.
7. Impacted crafts or occupational groups in installations under Article 12 withholding are not available for transfer requests.
8. As a result of the MOU, there are no changes to the Article 12 time frames for notification to the union.
9. Disputes arising from the application of Transfer Opportunities to Minimize Excessing MOU will be processed at the Area level. If unable to resolve at Area level the dispute will be forwarded to the Headquarters level.
