

January 5, 2010

Mr. William Burrus
President
American Postal Workers
Union (APWU), AFL-CIO
1300 L Street, NW
Washington, DC 20005-4128

Sent by email and fax
rbailey@apwu.org

Fax: (202) 842-4285

Dear Bill:

This is to inform you of the Postal Service's decision to consolidate all destinating mail processing operations at the following Northeast Area location:

- Newark, New Jersey Processing and Distribution Center (P&DC) into Dominick V. Daniels, New Jersey Processing and Distribution Center (P&DC)

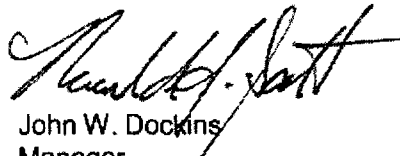

After review, it was decided that this consolidation was in the best interest of the Postal Service. Implementation of this AMP is expected to be completed by July 2010. Enclosed, per your request are copies of the completed studies.

The Postal Service must continually look to improve productivity and increase efficiency while maintaining excellent service. The decline in mail volume and revenues due to the economic downturn has only heightened the need for such improvements. These consolidations will allow us to accomplish this goal by making better use of excess space, staffing, and equipment, and to process mail more efficiently.

It is projected that this consolidation will result in significant savings for the Postal Service. Some affected career employees may be reassigned to the gaining facility or to other vacant positions. Reassignments will be made in accordance with the collective bargaining agreement.

If you have questions, or need additional information, please contact Ron Scott at (202) 268-7512.

Sincerely,

John W. Dockins
Manager
Contract Administration

Summary Narrative

Last Saved: December 2, 2009

Losing Facility Name and Type: Newark P&DC

Current 3D ZIP Code(s): 071 (dest)

Type of Distribution to Consolidate: Destinating

Gaining Facility Name and Type: Dominick V. Daniels P&DC

Current 3D ZIP Code(s): 070-073 (071 orig only)

Background:

The Newark Destinating Area Mail Processing (AMP) proposal examines moving the destinating operations from the Newark Processing and Distribution Center (P&DC) to the Dominick V. Daniels (DVD) P&DC, approximately five miles away.

Declining mail volumes have created excess capacity at both facilities and the AMP study was performed to determine if consolidation of these operations would provide cost savings and result in more efficient mail processing operations.

The originating mail operations from Newark were consolidated into the DVD facility as a result of an approved Area Mail Processing (AMP) proposal in 2006. The Newark facility was left with the responsibility of performing the destinating mail processing operations for zones in ZIP Code 071 and the processing of automated flat volumes for selected associate offices for ZIP Codes 070-073. In January 2008, delivery point sequence (DPS) volumes for Elizabeth, NJ (ZIP Code 072) were moved to the Newark facility and then permanently moved to DVD in July 2009. A series of recent Corporate Complement Management (CCM) events removed the volumes along with the associated craft positions back to DVD, leaving Newark once again with just the destinating 071 volume. This study examines relocating the destinating 071 volume to DVD.

If this proposal is approved, DVD will perform all originating and destinating mail processing operations for zones with ZIP Codes 070-073. Currently DVD processes originating volumes for ZIP Codes 070-073 and 078-079 and destinating volumes for ZIP Codes 070, 072-073. There is another AMP proposal for Kilmer P&DC which examines moving the originating volume for ZIP Codes 088-089 to DVD and originating ZIP Code 077 to Trenton, while moving DVD's originating ZIP Codes 078-079 to NNJ Metro.

The existing Registry and Express Mail operations will remain in Newark. There are no changes to any of the affected facilities operating plan that will impact the 24-Hour Clock.

Financial Summary:

Financial savings proposed for the consolidation of originating operations into these facilities are:

Total First Year Savings	\$3,412,874
Total Annual Savings	\$3,481,649

Customer Service Considerations:

Newark P&DC is located in the downtown section of Newark, New Jersey adjacent to the Federal Court House, City Hall and City Police Headquarters. The 600,000 sq. ft. facility is listed as an historic landmark and in addition to the Postal Service operations the facility also houses US Federal Courts, US District Courts, US Pre-Trial (US Attorney), US Marshals, USPS Inspection Service and East Coast Fugitive Task Force (Homeland Security).

There is a retail unit at the Newark facility and no changes are expected to services. The drop shipments are currently entered at DVD. A local management initiative consolidated the Newark Business Mail Entry Unit (BMEU) into the DVD BMEU in November 2009. Local customers were notified prior to the change.

Transportation Changes:

Newark is served utilizing PVS transportation. The transportation plan results in the net reduction of 14 PVS trips, resulting in a yearly savings of \$225,134.

rev 06/10/2009

Summary Narrative (continued)

Staffing Impacts:

The Postal Service ensures that its standard practices comply with the Worker Adjustment and Retraining Notification (WARN) Act. Projections from the AMP study indicate a net decrease of 30 craft positions and 10 management positions. The proposal includes the conversion of the Mgr. Mail Processing Operations to Mgr. Customer Service Operations. Upon approval of the AMP, the Office of Organizational Effectiveness will work with the Northeast Area to determine the grade for the new manager position.

Management and Craft Staffing Impacts							
	Newark			DVD			Net Diff
	Current On-Rolls	Proposed	Diff	Current On-Rolls	Proposed	Diff	
Craft ¹	497	420	(77)	1,610	1,657	47	(30)
Management	43	25	(18)	113	121	8	(10)

¹ Craft = FTR+PTR+PTF+Casuals

Mail Processing Management to Craft Ratio				
Management to Craft ² Ratios	Current		Proposed	
	SDOs to Craft ₁ (1:25 target)	MDOs+SDOs to Craft ₁ (1:22 target)	SDOs to Craft ₁ (1:25 target)	MDOs+SDOs to Craft ₁ (1:22 target)
Newark	1 : 17	1 : 16	1 : 24	1 : 24
DVD	1 : 24	1 : 21	1 : 24	1 : 21

¹ Craft = FTR+PTR+PTF+Casuals
² Craft = F1 + F4 at Losing; F1 only at Gaining

Staffing changes are currently occurring in both the Newark and DVD facilities as a result of tour compression and other CCM events. Reductions in Newark equate to an additional reduction of 160 craft and one EAS position.

Equipment Relocation and Maintenance Impacts:

Newark has 12 DBCSs, 1 AFSM and 1 LIPS. Seven DBCSs will be relocated to DVD at a cost of \$68,775. The AFSM is slotted to go to the NJ NDC and the LIPS is excess.

Space Impacts:

The total interior footage of the Newark P&DC is 600,000 sq. ft. The disposition of the additional space has not yet been determined. The Northern NJ District is evaluating the options available to reduce other facility operating expenses. The Newark facility has very limited parking within the facility property and the immediate surrounding area.

Other Concurrent Initiatives:

Four Flats Sequencing System (FSS) machines are scheduled to be deployed to the NDC in early 2010, which will impact all flat processing for the Northern NJ District.

PVS Transportation Savings (Losing Facility):

PVS Transportation Savings (Gaining Facility):

Total PVS Transportation Savings: \$225,134 <<== (This number is summed with Total from 'Trans-HCR' and carried forward to the Executive Summary as Transportation Savings)

Only affected trips are shown.

Changes reflect the extension of current PVS direct Newark to Stations/Branches DPS transportation to DVD

Increase of transport of Registry & Express mail from Newark to DVD, elimination of Newark to 070-073 offices of Registry & Express mail

The changes result in a net reduction of \$225,134. No other transportation impacted at this time.
