Dear Omar,

This is in further reference to the Postal Service's ongoing correspondences on establishment of Sorting and Delivery Centers (S&DCs). The purpose of establishing S&DCs is to reduce transportation and mail handling costs as well as provide postal customers with additional services. S&DCs will allow for easier standardization and management of operations will have improved building and operating conditions for employees.

This notice is to provide updated information on previously identified sites and also inform of future sites for conversion to S&DCs during 2025-2028. While the Postal Service does not intend to relocate operations from other spoke sites to these S&DCs, future studies may result in changes.

The list immediately below includes the S&DC sites and locations planned to launch January 24, 2026:
