Dear Mr. Lingberg:

On May 7, 1985, we met to discuss the above-captioned grievance at the fourth step of our contractual grievance procedure.

The question raised in this grievance is whether medical documentation containing diagnosis and prognosis are considered restricted medical information.

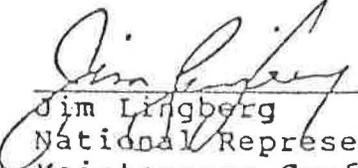

After further review of this matter, we mutually agreed that no national interpretive issue is fairly presented in the particulars evidenced in this case. The subject medical records are to be maintained as provided by Part 214.3 of Handbook EL-806. The parties at Step 3 are to apply the above understanding to this specific case in order to resolve the issue.

Accordingly, as we further agreed, this case is hereby remanded to the parties at Step 3 for further processing, if necessary.

Please sign and return the enclosed copy of this letter as your acknowledgment of agreement to remand this case.

Sincerely,

  
Thomas J. Lang  
Labor Relations Department
