Re: Class Action  
Dallas BMC, TX 75398  
H4C-3A-C 15991

Dear Mr. Freeman:

On several occasions, the most recent being November 6, 1986, we met to discuss the above-captioned grievance at the fourth step of our contractual grievance procedure.

The issue in this grievance is whether or not the language contained in Part 513.364 of the ELM means the document itself must be generated by the doctor.

During our discussion, we mutually agreed that the following constitutes full settlement of this grievance:

The Employee and Labor Relations Manual contains no prohibition against the submission of a pre-printed form; however, it is understood that any medical documentation or other acceptable evidence submitted must meet the requirements set forth in Part 513.364 of the ELM.

Please sign and return the enclosed copy of this letter as your acknowledgment of agreement to settle this case.

Mr. Thomas Freeman, Jr.
