Re: Class Action

Dear Mr. Anderson:

On February 5, 1985, we met to discuss the above-captioned grievance at the fourth step of our contractual grievance procedure.

The issue in this grievance is whether the union was timely notified regarding a regional safety review.

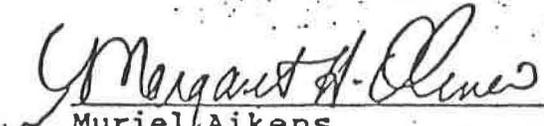

After further review of this matter, we agreed that there was no national interpretive issue fairly presented as to the meaning and intent of Article 14 of the National Agreement. Whether or not the union was timely notified concerning subject safety review is an issue suitable for regional determination based on the specific fact circumstances.

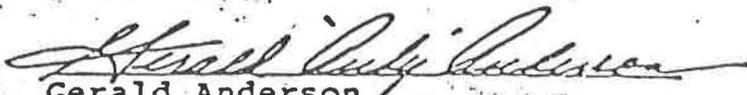

Accordingly, we agreed to remand this case to Step 3 for further consideration by the parties.

Please sign and return the enclosed copy of this decision as acknowledgment of our agreement to remand this grievance.

Time limits were extended by mutual consent.

Sincerely,

Muriel Aikens
