Dear Mr. Wilson:

On February 5, 1985, we met to discuss the above-captioned case at the fourth step of the contractual grievance procedure set forth in the 1981 National Agreement.

The question raised in this grievance involved whether management properly denied the grievant an SF-46.

After further review of this matter, we mutually agreed that no national interpretive issue is fairly presented in the particulars evidenced in this case. The withholding of an SF-46 is a matter for Regional determination.

Accordingly, as we further agreed, this case is hereby remanded to the parties at Step 3 for further processing if necessary.

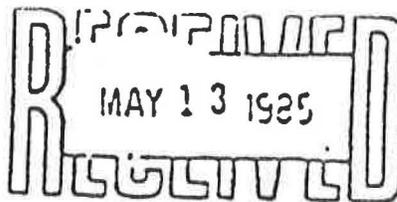

Please sign and return a copy of this letter as your acknowledgment of agreement to remand this case.

The time limits were extended in this instance by mutual consent.

Sincerely,

Barbara J. Lenth

Dear Mr. Ross:

This replaces the decision issued on April 23, 1985.

On April 1, 1985, we met to discuss the above-captioned grievance at the fourth step of our contractual grievance procedure.

The question in this grievance is whether management violated Article 19 of the National Agreement by checking the continuing validity of state drivers' licenses of employees upon reissuance of SF-46.

It is our position that the USPS may require a driver to produce his/her state license at anytime, and may verify the license's continuing validity with state authorities at anytime. The grievance file in this case disclosed nothing which conflicts with our position. Accordingly, the grievance is denied.

Time limits were extended by mutual consent.

Sincerely,

Margaret H. Oliver
