Dear Mr. Wilson:

On February 5, 1985, we met to discuss the above-captioned grievance at the fourth step of our contractual grievance procedure.

The question raised in this grievance is whether or not the wording for the one year experience requirement in the EL-303 for Window Service Technician is clear.

The fact circumstances in this case are that the senior bidder had one year of service at the window and met the qualification standards and, thus, was awarded the job.

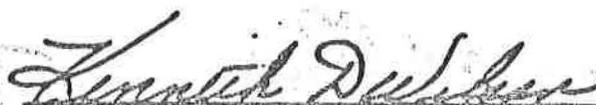

Based on our discussion, we agreed to administratively close this case. We further agreed that this action is without precedent and without prejudice to the position of either party, and may not be cited by either party in any future grievance, hearing, arbitration or for any other purpose whatsoever.

Please sign and return the enclosed copy of this letter as your acknowledgment of the agreement to consider this case closed.

The time limits were extended in this instance by mutual consent.

Sincerely,

  
Barbara J. Lorch
