

# TOGETHER, WE ARE UNION STRONG

## A Credit Union Built for the Labor Movement

Since 1952, the AFL-CIO Employees Federal Credit Union has served as a dedicated financial partner to the labor movement, operating as a member-owned, non-profit institution built exclusively for union employees and their families. Unlike traditional banks, we prioritize people over profits, ensuring that your hard-earned money stays within the union family to provide low interest rates for personal and auto loans, competitive mortgages, money market accounts, and CDs.

When you join, you aren't just a customer — you are an owner with a voice in a credit union that understands the unique needs and values of the workforce. We offer versatile free checking solutions, as well as a Fresh Start Checking program for those looking to rebuild. For members in need of immediate assistance, we even provide no-credit-check personal loans, ensuring financial support is accessible when it matters most.

Membership is a powerful benefit reserved exclusively for union members, and we are proud to extend these benefits to your immediate family, including spouses, children, parents, and siblings. It takes just \$5 to begin, and you remain a member for life regardless of your employment or where your retirement takes you. Join today and ensure your family has access to the same financial solidarity and security you deserve.
