	Ghent , 25843 (Safety & Health 1-24-2024)

Where you see an (*) next to the office the USPS says they have re-opened, please check to make sure they did and have some communication with the employees there to make sure they are ok and remind them where to call, to get in touch with the Union, if another suspension should happen for the protection of the workers and the community. Let the employees know that Safety and Health concerns are always our issue and to protect our work, enforce the USPS to follow the law, and the contract. The USPS must follow the steps required to protect the workers and communities.

This is the latest list as of 2-13-2026 based on USPS Lists to PRC

Dashboard Lists can also be found on the Executive Vice President's webpage at apwu.org
